CURRENT SERIAL RECORDS

CRIMSON STAR CLEMATIS

A rare, new large-flowering RED Clematis! The same type as the popular Jackmani, except the flowers are a rich red without any purplish tones, and are often 4 to 6 inches across. Robust and free blossoming . . . it blooms over a long period and is very beautiful. Adds charm and distinction to any garden . . . on bare walls, posts, tree stumps, trellis, arbor. The plants are nice potted stock, out of 2 1/4 inch pots.

Each \$1.75 — 2 for \$3.25

CYCLONE STRAWBERRY

A brand new early, Junebearing variety introduced in 1960 by Iowa State University, of Ames. This unusually large berry has a fine flavor and produces heavily. Berries are cone-shaped and have tapered necks which allow easy stem removal. Size of berries remain large through the season. Berries are of an attractive red color with a fresh, sweet flavor . . . they retain this color and flavor even after being frozen for 6 months or longer. Freezing quality of this new berry is excellent . . . also ideal for desserts and jams. Plants are vigorous, with large crowns and sturdy root systems, making an excellent fruiting row. In yield tests conducted by Iowa State, Cyclone surpassed the other early and most mid-season varieties in both berry size and yield. Has done well on both heavy and light soils.

PRICE: 25 for \$2.65; 50 for \$4.45; 100 for \$6.95; 200 for \$9.95; 500 for \$20.00.

BURGUNDY RASPBERRY

(Plant Pat. 1567.) New, and finest purple raspberry to date. A chance seedling discovered in western New York. During six years of testing, it showed itself far superior to all other purple raspberries. It is extremely vigorous and resistant to disease, hardier, and yields more. Burgundy has a strong, upright growth. Fruit is large and sweet, firm, attractive. When canned, retains its fine flavor and remains firm. We believe Burgundy is destined to be the most popular of all purple raspberries.

1-Yr. No. 1 plants, 3 for \$1.25; 6 for \$1.95; 12 for \$3.65; 25 for \$6.75; 100 for \$23.95. Net, no discount.

ACKERMAN NURSERIES

ASSURED QUALITY NURSERY STOCK

The Result of 71 Years Experience and 3 Generations of Nurserymen

You PAY NO AGENT'S COMMISSION, for we are not jobbers... We grow a tremendous amount of stock, which is handled only once — direct from the nursery to you. Over 100,000 SATISFIED CUSTOMERS are proof that our endeavor to fill our orders with the finest Nursery that Mother Earth produces at the lowest possible cost to our customer is the one and only policy. "Customer Satisfaction" is our Guarantee!

★ IT IS SO EASY TO SHOP BY MAIL

Every year more and more people are getting this habit. Why, for the simple reason you can make your selections from this 64-page book in the comfort of your home, at your leisure... no need to wrestle with crowds and wait for service. When ordering in your home, you have time to plan wisely, to be sure you buy the things you really want... your entire family can share in the pleasure and excitement that comes in shopping from your mail order nursery catalog... just like a store in your own Living Room, but you have a choice of a much larger selection because stores can handle profitably only the most popular, and fastest moving varieties.

★ YOU TAKE ABSOLUTELY NO RISK

Simply list the nursery stock you wish on the convenient order-velope included in this book... we will then reserve this stock until such time as you are ready to have it shipped. All stock will be just as represented in this catalog, up to grade in every respect, and guaranteed to be true-to-name and to reach you in good growing condition. *All stock is fresh-dug for your order.*

★ YOU SAVE MONEY

You save money because we grow large quantities of stock offered... our 70 years of testing and developing of the newer horticulture methods is your assurance of newer and better varieties of top quality nursery stock at bargain prices... you avoid all risk when you order-by-mail from Ackerman's for you are fully protected by our written Guarantee... we work in close cooperation with the State Department of Agriculture, and all of our stock is certified apparently free from disease.

★ PLACE YOUR ORDER EARLY

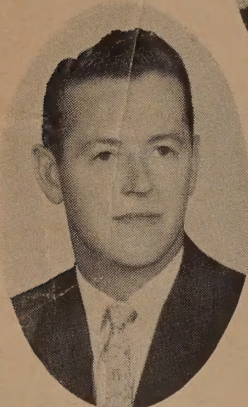

We are offering special 10% discount for all cash with orders placed early in the season, for we can take care of this work much easier before our shipping season opens up. Our shipping continues through March, April, May and June. However, dormant trees and shrubs can be shipped to the southern states earlier. If a special date is given as to time of shipment, we will try to ship as near that time as possible; if not, we will ship at proper planting time for your locality. We feel sure your cooperation in placing your order early, so it may be booked before our rush season is on, will enable us to accommodate all of our customers in a very satisfactory manner.

**Order Early and
SAVE 10%**

ON CASH ORDERS

Received before February 5th, 1962. (Except on Bargain Offers and Special Quotations).

To those who wish to send all cash with order, we offer these special cash discounts from our regular printed prices (except on Bargain Offers and special quotations). Your order will be reserved for you and shipped at proper planting time for your locality. Order early and Save!

POSTAGE and SHIPPING INFORMATION

PLEASE ADD POSTAGE. We have dropped our old familiar (POSTAGE DUE CARD), and are now asking you to include postage WITH YOUR ORDER. On orders under \$5.00, add 50c minimum for Postage and Handling, (West of Rocky Mountains add 60c), and on orders of \$5.00 or over (unless too large for parcel post), add 10% for Postage and Handling (EXAMPLE: for a \$6.95 order send 69c)... WEST OF THE ROCKY MOUNTAINS add 20% additional for Postage and Handling (EXAMPLE: for a \$6.95 order send \$1.38)... should transportation exceed 10% or you do not include postage, we will bill you for same on your acknowledgment or at time of shipment. Packages exceeding Parcel Post maximum size must be shipped by express (5 to 10 fruit or shade trees usually deliver as cheaply as one)... trees or packages exceeding 5 feet long must be shipped express. If order is too large for mail and must go express, we will apply the amount you have remitted for postage towards the express charge... you pay balance to your express agent upon arrival.

As the minimum c.o.d. fee is 40c plus a money-order fee of 30c, we do not accept C.O.D. orders for less than \$5.00, for these fees, over which we have no control, and do not receive one cent, usually take care of the necessary postage... advise sending cash in full where possible and thereby saving these excessive C.O.D. fees. Cash in full must accompany orders amounting to less than \$5.00, or those calling for shipment later than April 25th.

No Cash Payment Before Shipment

You examine stock before you pay. This offer applies only on orders amounting to \$5.00 or more for shipment on or before April 25, 1962. Make out your order at full prices listed in catalog, and instruct us to ship C.O.D., express or parcel post, subject to your examination by express only, as the postal authorities do not permit examination of parcel post shipments.

Look over the shipment and see for yourself whether the stock is in good condition. If shipment is satisfactory, pay your express agent the amount due and the plants are yours — still covered by our guarantee.

WE GUARANTEE SAFE ARRIVAL OF ALL SHIPMENTS MADE ON OR BEFORE MAY 25th, 1962.

We reserve the right to cancel all printed prices without notice.

REMEMBER — WE SAVE YOU MONEY — We Sell Direct from the Nursery To You — by Mail

You Are Always Welcome to Stop, Look, and Shop at

ACKERMAN'S NEW "DRIVE-IN" GARDEN CENTER

We invite you to visit our New Garden Center, where you may select any and all of your gardening needs . . . this new Garden Center is filled with many items not listed in our catalog, such as garden tools, fertilizers, sprays, trellises, and many items too numerous to mention . . . in fact, everything to make gardening easier.

WE ARE LOCATED ON US-12, 25 miles north of

We operate over 300 acres of Michigan's finest land, to grow high quality Nursery Stock for Your requirements . . . our stock is grown in the "Hardy Climate" of Michigan, where temperatures get down to 15° below zero. A BIG SAVING when you buy your plants direct from the grower!

Michigan City, Indiana, 12 miles south of St. Joseph, Mich., and less than a 2 hour's drive from Chicago or Grand Rapids. Drive to the nursery, pick up your order, and save shipping charges. Bring the family and spend an enjoyable day. During the planting season, we are open 7 days a week. Stock packed especially for your car, while you wait!

OUR GUARANTEE

We guarantee all of our Nursery Stock to be just as represented in this catalog; fully up to grade, of good quality, free from disease, and absolutely true to name; also to reach customer alive, and in perfect condition.

Furthermore, we will at our option, either replace free of charge, or refund purchase price on any stock that arrives in bad condition; providing claim is made within 10 days after arrival. Ackerman's guarantee all stock to live and grow. However, we are not responsible for losses caused by unfavorable weather, careless, or improper planting. If anything fails, report such loss to us not later than April 20th, following date of shipment, and same will be replaced for cost of transportation only. Losses reported after April 20th will be replaced at one-half catalog price plus transportation and handling costs. No replacements made on losses reported after May 20th.

It is mutually agreed between the customer and ourselves that the purchaser's order and our acknowledgment of its receipt, shall constitute a mutual acceptance of the above terms and conditions. Further, in any event we will not be liable for more than the purchase price of the stock.

"PAY AS YOU GROW!"

With Ackerman's Easy Payment Plan, we are making it possible for you to complete your home planting NOW . . . and pay for it with an "Easy Budget Plan". No need to wait . . . Pay as You Grow.

If your order amounts to \$25.00 or more, send in your order as usual, and indicate how you wish to handle payment. Sign the "Easy Payment Agreement" as supplied on back of the order blank. The minimum down payment would be \$5.00 . . . 10% additional for "Easy Payments", and then only 10% of total balance each month (or you can pay as much as you desire over this amount) . . . payments due on the 10th of each month. Be sure to sign Agreement on back of order blank. Send payments each month . . . you will not be notified.

Free Gifts

for Early Cash Orders

This Offer Good on Orders Received on or Before April 15, 1962. (This does not apply to bargains, or special quotations.)

As a special inducement to send us your order early, we offer the following FREE premiums to every customer who sends us an order before April 15th, 1962, accompanied by cash in full at regular catalog rate, and who in addition sends us the names and addresses of three fruit growers, or purchasers of nursery stock, we will include without charge, additional Premium Stock, as follows:

With each order of \$5.00 (excluding Bargains), you may select one of the Premiums listed below.

With every order of \$10.00, you may select any two premiums, alike or different.

With each additional \$5.00, you may select one more premium.

The Premiums you select MUST BE WRITTEN ON THE ORDER, or none will be sent, even if you notify us later. Remember this Gift Offer of FREE STOCK applies only on CASH ORDERS of \$5.00 or more, and your order must be postmarked April 15th, or before. ALL BARGAINS or stock purchased at a Special Quotation do not entitle you to the free gift stock.

IMPORTANT — If we run short on some items, we reserve the privilege of changing premiums, sending you stock of equal or greater value.

The Most Exciting New Discovery of the Strawberry World!

YES...IT'S TRUE...IT'S REAL

(Plant Patent 1691)

Sonjana

The Strawberry That Climbs

**PRICE: Well Established Plants, from 3 inch pots,
3 Plants for \$6.95, Postpaid.**

It's a real Strawberry that Climbs! You can pick delicious fruit at eye level from this sensational plant that grows up to 6 feet tall and produces berries all the way up! Imagine picking berries right off the vine this summer without stooping and without need to wash off the dirt! It's an Everbearing type for it blooms and fruits at the nodes on the runners of the current season's growth . . . produces unusually long (up to 6 to 8 ft.) runners each year that may be tied to canes, fences, etc. Produces bright red Strawberries of firm texture, tempting fragrances and delightful taste.

Our plants are all from the ORIGINATOR'S Strain! You may be able to buy so-called "climbing" strawberry plants for far less money . . . we do not care to compete this merchandise for all of our plants are from the originators parent stock . . . your assurance they are the real thing.

SONJANA is far more than a strawberry . . . it's a beautiful ornamental plant that bears DELICIOUS FRUIT. You do not need a lot of space to grow them in . . . only a couple of square feet of ground per plant! Sonjana is very versatile; not only can you grow it upward on a trellis or poles, but the runners can be trained in criss-cross fashion, or diagonally so you will have a wall of beautiful greenery decked generously with bright (and delicious) berries. Any way you use it, it is bound to be the year's "Conversation

Piece" in your garden.

Sonjana Climbing Strawberry is an origination of the German plant "wizard" Reinhold Hummel, and is named for his daughter Sonja. It is a hardy vigorous growing perennial that will increase in beauty and productivity each succeeding year.

WILL BE SHIPPED SEPARATE from balance of your order. As this is a patented Strawberry we are having them shipped direct to you without any other merchandise so as to be sure you will not confuse them with some other plant you may have ordered. Therefore, do not become alarmed if these are not included with your order for other merchandise and vice versa.

**"New Variety" Garden
BARGAIN NO. 2
50 Red Glow
50 Surecrop
\$4.50
Net, no discount
A Saving of \$2.50**

New RED GLOW

A New June-bearing Strawberry which was released by the U. S. Dept. of Agriculture in 1956 . . . a seedling from the cross of Fairland and Tennessee Shipper. Ripens quite early, usually with Premier. Berries are large average size throughout the picking season; they are very glossy, vivid-red color, with a truly delicious outstanding Strawberry flavor. Berries are firm and have a good red inside color, making it an excellent variety for freezing. A good producer...tests in New York show yields of 8,410 pounds per acre. Very resistant to Redstele diseases, and is highly recommended to growers having trouble with same. Plants are vigorous, and produce a good fruiting row. We predict Red Glow will become an important commercial variety. **Price: 25 for \$1.95; 50 for \$3.50; 100 for \$5.25; 250 for \$9.25; 500 for \$14.50; 1,000 for \$25.00.**

4

New SURECROP

Developed by U. S. D. A. and Maryland Agriculture Experimental station. It ripens with Fairland. Is a vigorous plant with many runners. Produces an abundance of fruit over a long period of time. Berries average large in size throughout picking season, are light bright red color that becomes a rich red but does not turn dark. They are firm with a tough, glossy skin, flavor is tart and good. Excellent for freezing. It is most useful to grow in red-stele infested soils because of its resistance to more than one race of red-stele. In our opinion it is one of the best all-around Strawberry introductions. **PRICE: 25 for \$1.95; 50 for \$3.50; 100 for \$5.25; 250 for \$9.25; 500 for \$13.50; 1,000 for \$19.95.**

**A Word About ACKERMAN'S
QUALITY GUARANTEED PLANTS**

Many claim to be the largest growers of plants, many claim to grow the best plants. We have made tests with strawberry plants received from some that make extravagant claims, and we say this in all truthfulness . . . we have never received or tested any better plants than those we send our customers. Our plants are all grown on fumigated land, have been twice inspected by authorized State Inspectors, and have been certified to be apparently free from all disease. We guarantee the plants we grow and sell to be as large and as good quality as you get anywhere (no matter what you pay), and to reach you in good growing condition. Remember, Ackerman's are one of the largest growers of strawberries in the country!

BEGIN RIGHT with ACKERMAN'S Michigan-grown plants

New "EARLIDAWN"

The Earliest of All to Ripen!

A new introduction of the U.S.D.A. Tested for over 10 years before being released, and although just recently introduced, has already been acclaimed a "WINNER" in all strawberry sections. The variety originated as a seedling from the cross of Midland x Tennessee Shipper. The earliest of all to ripen — about 5 days before Blakemore. A nearly FROST-PROOF variety — its flower stems are short and the flowers are well covered by leaves to protect them from frost.

Berries are average large in size, which they maintain throughout the picking season. Berries are fairly uniform in shape; the color is a strong vivid red, a little deeper than the Blakemore; they are glossy, have a moderately tough skin — firmer than Sparkle — about as firm as Pocahontas. Flavor is tart and good.

Plants are vigorous, very productive; make an excellent fruiting row. Yields have been recorded in Maryland at the rate of 410 crates (24 quarts) per acre. On our Benton Harbor Fruit Market, which is the largest open air market in the United States, Earlidawn was in such demand, they held their price from \$7.00 to \$9.50 per 16-quart crate throughout the season . . . growers did not have enough berries to supply the demand for this variety this season!

EARLY RIPENING plus HEAVY PRODUCTION means EARLIER and LARGER PROFITS for the grower.

PRICE: 25 for \$1.95; 50 for \$3.50; 100 for \$5.25; 250 for \$9.25; 500 for \$13.50; 1,000 for \$19.95.

2 LEADERS in EVERBEARING STRAWBERRIES

✓ 20th century SHORTCAKE from YOUR OWN GARDEN!

4-513 — The Everbearer that has both "EYE" and "TASTE" appeal! PLUS being a "TOP PRODUCER". Bears fruit 60 days after planting. 3 Big Crops in 18 months. Berries are round; exceptionally large, from first picking to the last. Fruit is uniform in size and has rich red color all the way through; very firm, which makes it excellent for distant shipping. FLAVOR of the Best . . . real honey-sweet. One of the best for freezing, jams and jellies. **HEAVY PRODUCER.** Records indicate this variety has produced 750 pints of berries from 500 plants, from July through November. **GROWS ON ANY SOIL.**

PRICE: 25 for \$2.75; 50 for \$4.75; 100 for \$8.10; 250 for \$17.50; 500 for \$31.00; 1,000 for \$50.00.

✓ Superfection Bears from June to Frost!

4-508 — Berries are exceptionally large, roundish in shape; are dark red all the way through. Superfection has a zippy, sweet flavor, fairly melts in your mouth. Berries are of firm texture. **TWO CROPS in one Year** — Starts bearing in July and continues on until frost, and then following spring has a heavy crop in June, plus another crop that Fall. An excellent plant maker. A hundred plants in your garden will produce enough berries for an average family.

PRICE: 25 for \$2.15; 50 for \$3.60; 100 for \$6.10; 250 for \$10.00; 500 for \$18.00; 1,000 for \$31.00.

Large Profit

**FROM THESE
4 Varieties
OF STRAWBERRIES
ALL RED STELE RESISTANT**

Paymaster

PAYMASTER

A GREAT NEW STRAWBERRY

(Midseason). This variety will truly be the "PAYMASTER" on your farm! One Midwest grower reports he picked 800 sixteen-quart crates per acre. Paymaster is a cross of the Gem everbearer and the Premier. Berries are large, firm, sparkling red, sweet and high flavor. One of the best for freezing. As it originated in Michigan, is absolutely hardy. Is Red Stele resistant. Has an extremely long fruiting season. Produces an excellent fruiting row on most any soil. **Prices: 25 for \$1.45; 50 for \$2.60; 100 for \$3.85; 250 for \$7.50; 500 for \$9.95; 1,000 for \$17.50; 2,000 for \$33.00.**

SPARKLE **RED STELE RESISTANT**

4-512 — Exceptionally prolific plant maker with good healthy foliage. Especially adapted to northern climates. Its resistance to Red Stele root rot make this one of the most promising varieties. Heavy producer. Berries round, medium to large, uniform in shape, and as its name indicates, has a bright, rich-red color, with a shiny, sparkling skin which makes them very attractive. Quality of berry good. Ripens midseason, being a little later than Premier. All plants are grown on fumigated soil, under our strict Michigan State Inspection Program. **Price: 25 for \$1.45; 50 for \$2.60; 100 for \$3.85; 250 for \$7.50; 500 for \$9.95; 1,000 for \$16.50; 2,000 for \$30.00.**

MORTGAGE LIFTER **EXTRA LARGE**

A midseason June-bearing Strawberry which has everything to be desired in a good Strawberry for the home gardener or commercial grower. Exceptionally large, deep red in color, deliciously sweet berries; firm, a good shipper, and a good plant maker. As the berries are solid, and deep red all the way through, makes them a good variety for freezing purposes. Plants are vigorous and productive, making a good fruiting row, which means exceptionally heavy crops. Mortgage Lifter is hardy and very disease-resistant. With the heavy yields and large berries produced by this variety, your mortgage worries will be short-lived. Observations have proven this variety produces so heavy, 100 plants in your garden will provide enough fruit for an average family throughout the season, plus enough berries for your freezer. **Price: 25 for \$1.95; 50 for \$3.25; 100 for \$4.50; 250 for \$9.25; 500 for \$13.95; 1,000 for \$25.95.**

LATE GIANT **Best Late**

4-405 — This variety does not begin to blossom until other varieties are fruiting — so late, in fact, that there will be no waiting between strawberries and raspberries. Berries are dark red all the way through. Honey-sweet, with a flavor of a wild strawberry. Berries are giant in size and good quality. It is a vigorous, healthy grower and very productive. Make a good fruiting row on any soil. **Very Red Stele resistant**, a very important factor today in raising Strawberries successfully. **Price: 25 for \$1.45; 50 for \$2.60; 100 for \$3.85; 250 for \$7.50; 500 for \$9.95; 1,000 for \$16.50; 2,000 for \$30.00.**

JUNE-BEARING STRAWBERRIES

Robinson *BEST LATE*

30 Berries Will Fill a Quart

One of the best medium to late — 10 days to 2 weeks later than Premier. The largest berry we have ever seen . . . 30 berries will fill a quart. Berries are extremely large, and honey-sweet. Color is decidedly a cardinal-red. Berries have a firm, tough skin, making it an excellent shipper to distant markets. An excellent plant maker on most any kind of soil. Premier and Robinson, two of the best older varieties, will give you berries over the entire season.

PRICE: 25 for \$1.15; 50 for \$1.95; 100 for \$2.75; 250 for \$4.95; 500 for \$7.95; 1,000 for \$13.50; 2,000 for \$25.00.

(Write for special prices on quantity lots).

Premier

Still The Leading Early Berry

A standard of excellence with all growers. A great money maker, for it yields its fruit crop at a time when strawberries are in great demand and sell at fancy prices. Premier is as nearly frostproof as any strawberry can be. It is unusually healthy, being free from leaf-spot and other diseases. Its deep heavy roots enable it to withstand dry weather and mature a full crop of big berries when many varieties are a complete failure. Large, bright red, firm berries of fine texture and flavor.

PRICE: 25 for \$1.45; 50 for \$2.60; 100 for \$3.85; 250 for \$7.50; 500 for \$9.95; 1,000 for \$16.50; 2,000 for \$30.00.

(Write for special prices on large lots).

ARMORE The "BIG" late berry

4-516 — (Late midseason) Big is the word for ARMORE. BIG Producer, BIG berries. BIG harvests when the other June berries are through. Tests the past few years have proven Armore has produced more fruit of larger size and better color than any other of the new sorts. Unrivalled for flavor — unbeatable for sugar sweetness; is a perfect shipper and makes a fine picking row on light soil. Price: 25 for \$1.45; 50 for \$2.60; 100 for \$3.85; 250 for \$7.50; 500 for \$9.95; 1,000 for \$16.50; 2,000 for \$30.00.

EMPIRE Extra Large Berries Heavy Crops

A comparatively new variety which is proving to be a good money-maker for commercial growers. Introduced by the N.Y. Experiment Station at Geneva. Berries average larger and of better quality than Premier; are pointed, very glossy light red, and so attractive they command highest market prices. Excellent for freezer and market due to its firmness, color and flavor. Ripens 4 to 5 days after Premier. Plants are sturdy, heavy yielding, and produce many runners. Stands dry weather as well as the best. Price: 25 for \$1.45; 50 for \$2.60; 100 for \$3.85; 250 for \$7.50; 500 for \$9.95; 1,000 for \$16.50; 2,000 for \$30.00.

POCAHONTAS

(Midseason). A large, deep vivid red berry, which is very popular with the commercial grower, as well as home gardener. Berries are of good color, very firm, highly flavored . . . excellent for freezing. A leader due to its strong plants and productiveness. Price: 25 for \$1.45; 50 for \$2.60; 100 for \$3.85; 250 for \$7.50; 500 for \$9.95; 1,000 for \$16.50; 2,000 for \$30.00.

SENATOR DUNLAP

Tried and Tested for 60 Years

One of the oldest and best varieties — a variety your Grandmother canned when you were a child. Fruit is medium large, conical in form, regular in size, and never misshapen; dark glossy red in color. So sweet, it requires but very little sugar. Adapts itself to any soil or climate . . . a heavy plant maker, which means big crops. Price: 25 for \$1.25; 50 for \$1.95; 100 for \$3.15; 250 for \$4.85; 500 for \$7.50; 1,000 for \$12.95; 2,000 for \$23.50; 5,000 for \$55.00.

RED CROP

An early-midseason variety that yields so heavy, your first glimpse at your patch during the peak of the harvest, tends to make you think of a "red cover" — therefore, the name "Red Crop"; 8 to 10,000 quarts per acre have been reported. The berry is bright red, medium to large in size; quality of fruit compares with Premier — very sweet and delicious. Makes an excellent frozen product for it's red all the way through. Very resistant to Red Stele. Vigorous plant growth. Price: 25 for \$1.65; 50 for \$2.75; 100 for \$3.95; 250 for \$6.95; 500 for \$11.50; 1,000 for \$18.95; 2,000 for \$35.00.

Red
Crop

JUMBO

The Largest Strawberry Grown

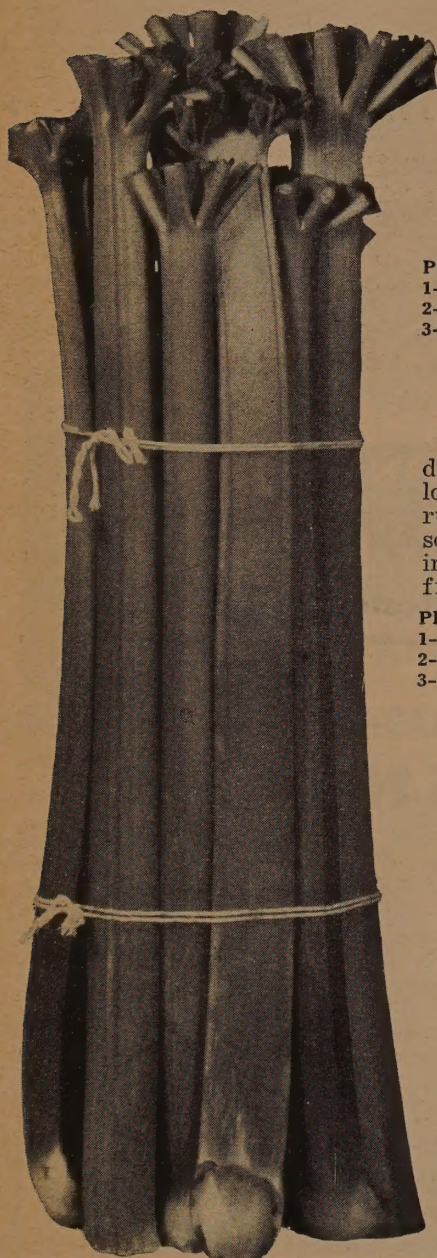

A heavy producer of extra large, bright red berries, with a mild and sweet flavor. Although berries attain a dark red color, they may be picked when they reach the color of Premier. Berries are solid. Plants are strong, vigorous, and very healthy; makes an excellent fruiting row, which means big crops. Proven to be one of the heaviest yielding strawberries known. Excellent shipper due to its firmness. Price: 25 for \$1.95; 50 for \$3.25; 100 for \$4.50; 250 for \$9.25; 500 for \$13.95; 1,000 for \$25.95.

ASPARAGUS

No Equal for Flavor!

PARADISE

4-520 — Save a Full Year — Plant This Spring — Harvest The Following Year! Very large stalks of exceptionally fine quality; unusually heavy producers. A better Asparagus that grows a larger crop a **FULL YEAR EARLIER** than other varieties. Tender, Crisp stalks are so large — 6 to 8 make a pound. Excellent variety for freezing. Highly resistant to rust. A small bed kept weed free, will supply an average table for six weeks or more. One planting of Asparagus lasts many years.

MARY WASHINGTON

4-521 — This variety was developed and introduced by the U. S. Dept. of Agriculture, and has long been the leading commercial Asparagus. It is rust-proof, early and productive; the heads are solid and compact; stalks often more than an inch in diameter; crisp and delicious. Excellent for freezing and canning.

Choice Rhubarb

CHIPMAN'S RED

4-525—This variety has giant size stalks that are red bottom to top, even the flesh is red. It does not lose this rich color in cooking. Skin is so tender you need not peel it. Juicy and sweetest of all, requiring less sugar. Very productive, you can pull the stalks all spring and summer. Seedless. Hardy.

PRICE: 95c each; 3 for \$2.45; 6 for \$3.95; 12 for \$6.95; 25 for \$11.95.

VICTORIA

4-523 — One of the older varieties of Rhubarb which is still popular as a commercial crop. Produces large stalks which are tender without being in the least tough or stringy, with a mild sub-acid flavor.

PRICE: 2-Yr. Whole roots, 6 for \$1.10; 12 for \$1.85; 25 for \$3.50; 50 for \$6.00; 100 for \$10.95. 4-Yr. Clumps, 55c each; 3 for \$1.50; 6 for \$2.75; 12 for \$4.50; 25 for \$8.00.

HORSERADISH

This popular condiment is very easily produced in the home garden — no comparison between the fresh-dug article and that sold over the counter. Source of supply easily maintained, as it spreads quite rapidly. **Plant BIG CROWN Plants Now — Grind Horseradish This Fall!**

PRICE: Big Crown Plants, 3 for \$1.10; 6 for \$1.95; 12 for \$3.25; 25 for \$5.50.

COMMERCIAL GROWERS Write us for special quantity prices.

The Best in

BLACKBERRIES

EBONY KING

2-19. No more worry about sterility in Blackberries! Ebony King assures crops year after year. The fruit is a glossy-black and very large; has a tangy sweet flavor. It is an early ripening kind and bears very young, ripening 10 to 12 days before Eldorado. Heavy bearer — often 1 quart per plant on young bushes, and best of all — are guaranteed to bear. You can safely buy Ebony King and be assured that every plant will yield mature, full-sized fruit and not the “small dried berries” that are common in the older varieties. **Price:** 1-Yr. No. 1 plants, 6 for \$1.95; 12 for \$3.55; 25 for \$6.95; 50 for \$13.50; 100 for \$21.50; 250 for \$46.50; 500 for \$87.50. Net, no further discount. See bottom of page for Bearing-age Transplants.

New “MIDNITE”

This variety was introduced in 1958, but supply was too small for us to offer until last Spring. We unhesitatingly recommend this Blackberry for its fine fruiting performance and strong, thrifty canes in comparison to most other Blackberry varieties. The berries, as its name implies, are a “Midnite black” . . . glossy, jet black; berries are larger than Eldorado, with a very small core, of very high quality and delicious flavor. Ripens about the second or third week in July, here in Michigan. Very productive. **PRICE:** 1-Yr. No. 1 plants, 6 for \$1.85; 12 for \$3.25; 25 for \$5.95; 50 for \$11.00; 100 for \$19.95.

HEDRICK

A new Blackberry introduced by Dr. Geo. J. Slate at the New York Experiment Station. Bound to become the country's leading Blackberry. Intensive breeding work has been going on at the New York State Experiment Station to improve Blackberries. The berries are somewhat larger than Eldorado, without core and of good quality. Ripens about the third week in July in Michigan. Immune to the so-called “sterility” so prevalent in the Eldorado. Hedrick is hardy and a sure producer of jet black, good size berries, which have an outstanding tangy blackberry-flavor. **PRICE:** 1-Yr. #1 plants, 6 for \$1.65; 12 for \$3.10; 25 for \$5.50; 50 for \$10.00; 100 for \$17.00; 250 for \$37.25; 500 for \$70.00.

Thornless

BOYSENBERRY

1-12 — Entirely thornless! Think of picking real large berries without a chance of scratching your hands! These large, sweet, juicy berries are often 2 inches in length, and a dark maroon in color. Has a rich, tangy flavor of its own. They are just as easy to grow as Blackberries — plant 6 feet apart in rows 6 feet across; train on wires the same as Dewberries. Absolutely hardy — although we recommend mulching, after the ground is frozen solid, in colder climates. Excellent canner, ideal for freezing, and valuable for table use, jellies and pies.

PRICE: 1-Yr. No. 1 plants, 6 for \$1.35; 12 for \$2.15; 25 for \$3.25; 50 for \$5.75; 100 for \$10.50; 250 for \$23.95; 500 for \$39.95; 1,000 for \$69.95.

COLORFUL FRUITS from your own garden

Red Lake CURRANT

1-5 — Originated at the Minnesota State Fruit Breeding Farm — finest of all Red Currants. The berry is unusually large in size and of a superior quality; the clusters are long and filled out to the top, with stems sufficiently long to make picking easy. Berries are a clear light red and quality excellent. The bush is vigorous, upright, and productive. Ripens early midseason, but holds on over a long period so it can be used or marketed, as desired.

PRICE:	Each	6	12	25	50	100	500
1-Yr. -----	\$0.40	\$2.25	\$3.25	\$5.45	\$ 8.95	\$16.50	\$55.00

3-Yr., Heavy bearing age, 85c each; 3 for \$2.25; 6 for \$4.25; 12 for \$7.75.							

IMPORTANT. We ship Currant and Gooseberry bushes only to Michigan, Illinois, Indiana, Kansas, Missouri, Iowa, Nebraska, Oklahoma, North Dakota, South Dakota, Kentucky, Texas and Colorado. Currant plants are permitted entry into some of the other states providing you do not live in an area where Pine are grown. Write to your State Entomologist, advise him where you wish to plant, the variety and amount; if you are in a non-control area, he will issue a special permit. If you can secure this permit, send this along when placing your order. Please do not order in control areas unless you secure this Permit.

PIXWELL

GOOSEBERRY

1-17 — A tremendous bearer of large, fine quality berries. They hang down on the underside of the branches so they are very easy to pick. They bear very young, the next year after planting. Berries average better than ½ inch; color is light green, turning pink when fully ripe. Not nearly as thorny as other kinds. Hardy. **GOOSEBERRIES CAN BE SHIPPED ONLY IN STATES WHERE CURRANTS ARE PERMITTED.** See under Currants. PRICE: 1-Yr., 90c each; 3 for \$2.35; 6 for \$3.95; 12 for \$6.65.

GOLDEN QUEEN RASPBERRY

1-8 — A beautiful large, golden yellow Raspberry. A very attractive dessert berry for it has a sugary sweetness and an unsurpassed flavor. The plant is hardy, vigorous grower, and produces heavy crops. Ripens about the same time as Latham Red Raspberry and culture the same. PRICE: 1-Yr. plants, 3 for \$1.10; 6 for \$1.95; \$12 for \$3.45; 25 for \$5.95.

BERRY SET

**A Hormone Spray for Bigger
Strawberries, Raspberries, Blackberries**

Berry Set is a Hormone Spray for Bigger Strawberries, Raspberries, and Blackberries. It boosts plant production—giving you **BIGGER YIELDS** and a longer harvest from the same plants.

EASY TO USE. Dissolve two level teaspoons in a gallon of water. Spray when about half the blossoms are open. **FOR GARDEN APPLICATION** use an ordinary clean hand sprayer. Direct spray at plants so blossoms will be enveloped in the mist. **FOR LARGE SCALE APPLICATION** apply 10 to 15 gallons per acre. (Complete directions on package.)

Michigan State Department of Agriculture
Orchard and Nursery Inspection

Certificate of Nursery Inspection No. 8562

This is to certify that the Nursery Stock of The Ackerman Nurseries, Bridgman, has been examined and found to apparently be free from dangerous insects and dangerously contagious tree and plant disease.

G. S. McINTYRE, Director

This certificate to be void after October 31, 1962. C. A. Boyer, Chief, Bureau of Plant Industry, Lansing, Michigan. September 6, 1961.

THESE UNUSUAL FRUITS CREATE INTEREST IN YOUR GARDEN

BLACK RASPBERRIES

BRISTOL: Almost Seedless

1-15 — This variety compares very favorably with the New Morrison, and in some localities has proven far superior. Bears heavy crops of large, glossy-black berries; seeds are so small as to make them appear seedless. Ripens about five to six days after Cumberland. It is strongly resistant to the usual raspberry diseases. A strong, vigorous grower. This is a top quality blackcap that is widely adapted in all raspberry sections . . . a variety we unhesitatingly recommend to all commercial growers. The bushes are very hardy.

PRICES: 1-Yr. No. 1 plants, 6 for \$1.60; 12 for \$2.35; 25 for \$3.75; 50 for \$5.95; 100 for \$10.35; 250 for \$22.95; 500 for \$38.50; 1,000 for \$72.00.

NEW MORRISON: Giant Size

1-6 — A giant of the Black Raspberry family. Jet black berries, nearly an inch in diameter. The first Blackcap ever introduced that is superior to the old variety, Cumberland. Originated in Northern Ohio by the late Fred Morris. Ripens midseason to late.

An outstanding rapid grower. Produces enormous crops. Very thrifty and disease resistant. Will grow on any soil.

PRICE: 1-Yr. No. 1 plants, 6 for \$1.60; 12 for \$2.35; 25 for \$3.75; 50 for \$5.95; 100 for \$10.35; 250 for \$22.95; 500 for \$38.50; 1,000 for \$72.00.

NEW LOGAN: Early Ripening

1-19 — Most Dependable Early Black Raspberry. The berry ripens one week earlier than Cumberland. It is an extra heavy yielder, with berries as large or larger than Cumberland. A good many growers prefer this variety inasmuch as it ripens its crop practically at one time, requiring only three or four pickings to complete harvest — a great saving in labor.

PRICE: 1-Yr. No. 1 plants, 12 for \$1.95; 25 for \$3.55; 50 for \$5.75; 100 for \$10.75; 250 for \$19.95; 500 for \$34.95; 1,000 for \$62.50.

CUMBERLAND

1-13 — The Very Best Midseason Kind. No Blackcap has ever been grown as extensively as Cumberland, nor attained its great popularity in all Raspberry producing sections of the country. A heavy yielder; berries large, rich, black color; fruit firm and of delicious flavor. Bush absolutely hardy, vigorous growing, producing plenty of fruiting wood.

PRICE: 1-Yr. No. 1 plants, 12 for \$1.95; 25 for \$3.55; 50 for \$5.75; 100 for \$10.75; 250 for \$19.95; 500 for \$34.95; 1,000 for \$62.50.

IMPROVED CUMBERLAND

1-16 — Ripens 10 days to 2 weeks earlier than Cumberland — this early ripening means processors will accept your full crop of this variety for they will all be harvested before canners turn blackcaps down because of mold. Berries are large, jet black in color. Very firm and have a delicious, sweet flavor. Strong, thrifty grower, and very resistant to disease. See price for Bearing-Age Transplants to the left.

PRICE: 1-Yr., 6 for \$1.60; 12 for \$2.35; 25 for \$3.75; 50 for \$5.95; 100 for \$10.35; 250 for \$22.95; 500 for \$38.50; 1,000 for \$72.00.

Black
Hawk

New BLACK HAWK

We believe this to be the Finest Black Raspberry in America!

A new Hybrid black raspberry which was released by the Iowa State College, Ames, Iowa and introduced in 1955, after more than 20 years of careful testing. Tests made in Iowa show the Black Hawk outyielded all other varieties tested — favorable years it produced as much as 5,000 pints per acre. Berries are glossy black, large to very large, many being $\frac{3}{4}$ inch in diameter. Quality is rated very good and equal to the best of the blacks. Berries are firm, sweet, juicy and of richest flavor, pick easily, and do not crumble. Midseason ripening, usually about the first week in July. Excellent for freezing and, when canned, retains its shape. Plants are strong, vigorous growers. PRICE: 1-Yr. No. 1 plants, 6 for \$1.60; 12 for \$2.50; 25 for \$4.65; 50 for \$7.65; 100 for \$13.25; 500 for \$55.00; 1,000 for \$93.50.

BEARING-AGE TRANSPLANTS

Plant This Spring — Pick Berries This Summer!

PRICE:

Cumberland and New Logan: 6 for \$2.15; 12 for \$3.25; 25 for \$5.50; 50 for \$8.75; 100 for \$15.00.

Black Hawk. 3 for \$1.80; 6 for \$3.25; 12 for \$5.75; 25 for \$10.00; 50 for \$17.50; 100 for \$31.95.

WILLAMETTE RED RASPBERRY

1-14 — One of the Largest Red Raspberries Grown! A Heavy Producer of Large, Firm Berries. This splendid new variety is an Oregon origination. Berries are very large, conical in shape; very firm, dark red, medium acid. Fruit ripens mid-season. An excellent variety for freezing, canning, table use, and to eat fresh from your garden. Its large size and firmness also make this an excellent variety for shipping. This variety is very vigorous and productive and has proven entirely hardy.

Price: 6 for \$1.60; 12 for \$2.90; 25 for \$5.00; 50 for \$7.95; 100 for \$13.75; 250 for \$26.95; 500 for \$47.25; 1,000 for \$83.00. See Bearing-Age Transplants below.

New DURHAM EVERBEARING RASPBERRY

A new so-called Everbearing red raspberry that bears the usual crop in early summer on the old canes. Then in just a few weeks the new canes start bearing and continue for weeks until freezing. Large, plump, juicy berries, free from seediness and full of delicious flavor, are bright red in color and non-crumbling. Plants are hardy, vigorous growing and increase rapidly. The full-flavored berries are delicious to eat fresh, canned or frozen. Its large size, firm berries also make this an excellent shipping variety.

Price: 1-Yr. No. 1 plants, 3 for \$1.10; 6 for \$1.85; 12 for \$3.50; 25 for \$5.65; 50 for \$9.25; 100 for \$16.95. See bottom of page for Bearing-age Transplants.

Acherman's RED RASPBERRIES

CANBY RED RASPBERRY

A seedling of the cross of Viking and Lloyd George. Our trials with this wonderful variety have proven it to be the largest and best Red Raspberry we have ever grown. Canes are completely FREE OF THORNS making it easy to pick the fruit. Berries are a bright, medium-light red, exceptionally LARGE in size and very thick meated with small core; distinct raspberry flavor, with far less acid than most red raspberries. Ideal for dessert and freezing purposes. Ripens here the last week in June. Price: 1-Yr. No. 1 plants, 6 for \$1.95; 12 for \$3.65; 25 for \$6.45; 50 for \$9.95; 100 for \$18.00; 250 for \$42.00. GRAPE VINES

A Lifetime Investment

INTERLAKEN, The Great Seedless GRAPE. A California Seedless type that is Hardy in the North. Interlaken was originated at the Experiment Sta. in Geneva, New York, by crossing the Thompson Seedless with the Ontario. It was proven hardy in temperatures to 15 degrees below zero. The fruit is very sweet and of excellent flavor. The flesh is meaty and crisp and of excellent texture. The cluster of berries is of medium size, golden amber color. It ripens 2 weeks ahead of Concord. **PRICE: 1-Yr., \$1.25 each; 2 for \$2.00. 2-Yr., \$1.50 each; 2 for \$2.75.**

1E-25 — GOLDEN MUSCAT. Possesses a rich color and the finest Muscat aroma of the European Muscat. For home use and roadside market, it is one of the best. The vine is vigorous, productive; the clusters are very large, tapering, single-shouldered and compact. The berries are large, oval, juicy, tender, sweet, vinous and aromatic. Ripens 10 days earlier than Concord. **PRICE: 1-Yr. vines, 55c each; 6 for \$2.75; 12 for \$4.45. 2-Yr. vines, 90c each; 3 for \$2.50; 6 for \$4.45.**

1E-36 — SENECA. A variety that is entirely different, not just another variety. Ripens early; bunches are of good size, tapering and compact. The berries are oval in shape, and golden yellow. Texture firm, like the California grape, and the skin can be eaten with the berry. Flavor is sweet and aromatic; texture is melting and tender. Moreover, it keeps well on the vine or off, in storage until Thanksgiving. **PRICE: 1-Yr., Vines, 55c each; 6 for \$2.75; 12 for \$4.45. 2-Yr. Vines, 90c each; 3 for \$2.50; 6 for \$4.45.**

STEUBEN. Never have we tasted a Grape of such exquisite flavor . . . melting, tender, sweet with a delicate perfume-like consistency. Fruit is of outstanding quality, and the vine very hardy; grows huge, perfectly formed, long slender clusters. Ripens a few days before Concord, but keeps well until Christmas. Very resistant to rot and mildew. **Price: \$1.15 each; 2 for \$2.15.**

1E-24 — NIAGARA. The standard white Grape. Ripens with Concord. Bunch and berries large. Very hardy and productive. Excellent wine grape. **See Price below:**

1E-22 — CONCORD. Most popular grape of them all. Large, purplish-black Grape. Large shouldered, compact bunch. Flesh is juicy, sweet and tender, excellent flavor. Vine a strong grower, very healthy, hardy and productive. Ripens in October. Farmers in this area have not been able to buy enough plants the past few years to set as large a vineyard as they had planned on for planting stock was not available . . . supply is again very small this year . . .

we know we are going to be sold out long before our shipping season gets started for the Juice Companies are paying the growers \$105.00 per ton this Fall (written Sept. 1961), bringing in a nice profit for the processors supply the containers . . . no packing costs to be paid. **See price below:**

1E-23 — FREDONIA. "The biggest money-maker of all times." Has produced as high as 2800 four-quart baskets per acre. Fredonia is one of the best early ripening 15 days earlier than Concord. The vine is very disease resistant, vigorous and productive — makes new wood so fast it bears the second year. Of finest quality; the clusters are large size, cylindrical and very compact, berries large, round, and hang well to the bunch. The skin is thick and tough, the flesh is juicy, solid, but tender. **See price below:**

WRITE FOR QUANTITY PRICES. We are one of the largest growers of grapes in the United States . . . we can quote some very attractive prices on large quantities to the commercial grower.

PRICE of CONCORD, FREDONIA and NIAGARA GRAPE VINES

3-Yr. -----	.70	3.25	5.95	10.45	16.25	28.50	64.25	70.00

Jumbo Red Grape

Large as a Quarter

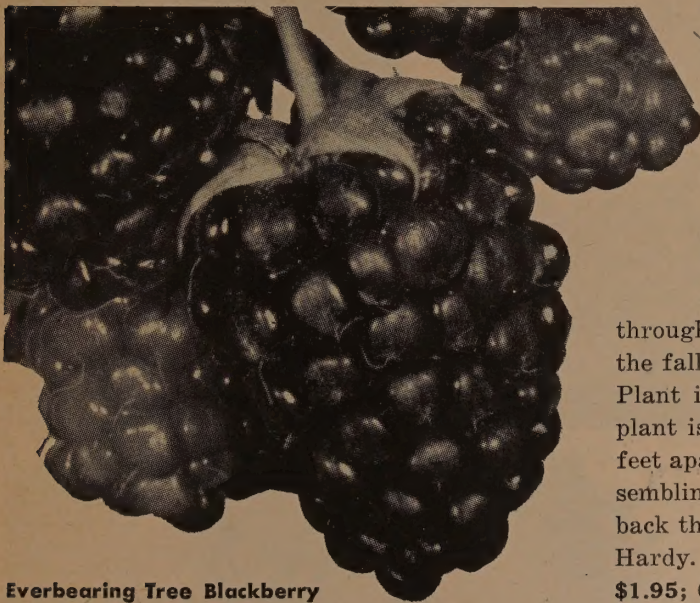

The Giant of all Grapes — Individual Kernels Size of a Plum. We introduced this variety in 1946. We believe it came from a sport or seedling as one vine was found in a vineyard of Concord some twenty years ago; the fruit is entirely different than any variety we have ever seen. An amber-red when ripe, with individual kernels the size of a plum, in many cases. Bunches are compact, weighing one to two pounds. Very hardy. Will grow on most any soil. Makes one of the prettiest and tastiest jellies we know of — a bright sparkling red, with a flavor all its own — not like the common grape jelly. Due to small supply, are again limiting each customer to twelve plants. **PRICE:** 1-Yr. vines, 70c each; 6 for \$3.50; 12 for \$5.75. 2-Yr. vines, \$1.25 each; 3 for \$3.25; 6 for \$5.75.

Adams Elderberry

ADAMS ELDERBERRY

(*Sambucus Nigra*). Special strain, attractive, tall growing shrubs for your yard or garden. Heavy fruiting with tremendous clusters of large, juicy berries. Usually larger and heavier fruiting than the wild and common varieties. Makes splendid sauces, pies, jelly, juices and wines, etc. **PRICE:** Strong, 18 to 24 inch plants, \$1.25 each; 2 for \$2.35. 2-3 ft. \$1.65 each; 2 for \$3.00.

Everbearing Tree Blackberry

EVERBEARING TREE BLACKBERRY

This sensational Tree type Everbearing Blackberry produces a full crop of large, jet-black berries early in the summer, with quite a number of berries throughout the summer and then more berries in the fall. Fruit is juicy, melting in your mouth. Plant is a very vigorous grower, and mature plant is such that it should be planted about 8 feet apart. Canes are husky, standing erect, resembling small trees. It is advisable to prune back the tips of the young growth each spring. Hardy. **Price:** 1-Yr. No. 1 plants, 75c each; 3 for \$1.95; 6 for \$3.65.

BARGAIN NO. 12

- 1 Adams Elderberry, 18-24 in.
- 1 Tree Blackberry, 1-Yr.
- 1 Downing Mulberry, 3-4 ft.

\$2.95 Net, no discount
A 80c saving!

Downing Everbearing MULBERRY

This unusual Tree is fine for fruit and shade. Bears an abundance of jet-black, enormous fruits all summer. We consider this variety one of the most prolific of all Mulberries. Berries have a delicious rich flavor, and are wonderful for fresh desserts, jams and jellies . . . try them in pies . . . you'll make them often! Trees are hardy and long-lived; grow rapidly and make a large, wide-spreading, graceful shade tree. Another thing of interest . . . birds of all species prefer Mulberries to other types of berries and cherries . . . a great boon to fruit growers in keeping the birds out of their Cherries, Berries, etc. For shade, beauty, and luscious, sweet fruit, we believe you will agree the Mulberry tree is outstanding.

PRICE: 3-4 ft. trees, \$1.75 ea.; 2 for \$3.25. 5-6 ft. \$2.50 ea.; 2 for \$4.50.

Dwarf **QUINTUPLET APPLE**

A Complete Orchard on one Tree

Ideal for Small Gardens

A Whole Orchard at Your Doorstep on one DWARF Tree — Trees very seldom grow taller than you can reach! Produces the same large fruit as standard apple trees, but on a dwarf tree! Remember, 5 kinds of apples on one tree. The varieties are **Anoka, Red and Yellow Delicious, Yellow Transparent, Jonathan and Red McIntosh**. Really there are 6 varieties but we offer them as 5 just in case one bud may not have grown. No yard too small for one or two of these unique trees. Supply is very limited . . . order early and avoid being disappointed.

PRICE:

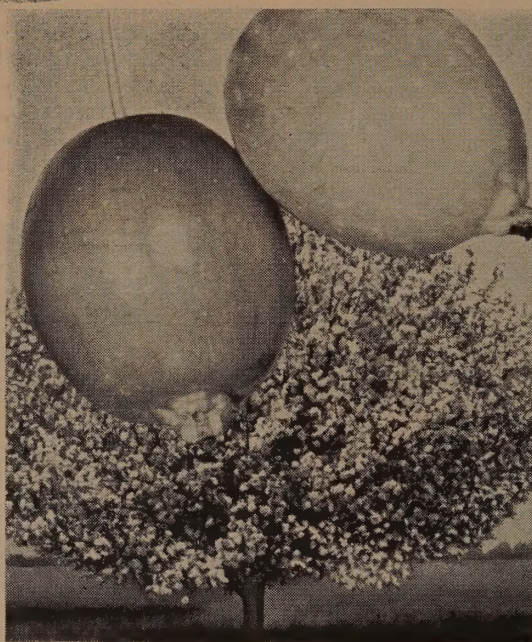

2-Yr., 4-6 ft. trees, \$4.50 each; 2 for \$8.50. 3-Yr., select specimens, \$5.75 each; 2 for \$10.95.

RED DOLGO CRABAPPLE

3-327 — Know you will say "Dolgo is the Best Tree on the Place", when it starts to bear. A fruit tree that is attractive enough to plant in your lawn as a flowering crab. Clouds of dainty blooms in early spring, followed by unbelievable "red" fruit. Tree is dwarf in size, but grows fast. Bears very young, often the second year. Apples are bright red in summer, deepens to blood-red in autumn. Fruit clings to tree until long after frost. Very hardy. Good for pickles and jellies; sauce has lots of zip.

PRICE:	Each	2	10
3-4 ft. trees----	\$1.35	\$2.50	\$ 9.95
4-5 ft. trees----	1.75	3.25	13.50
5-6 ft. trees----	2.25	3.95	

KING SIZE APPLE TREES

Save 2 to 3 years with this Jumbo Tree. We can supply these in all varieties listed except the **Fenton** and **5-N-1** types, at the following price:

\$3.25 each

2 for \$5.75

5-in-1 APPLE TREE

A Whole Orchard At Your Doorstep!

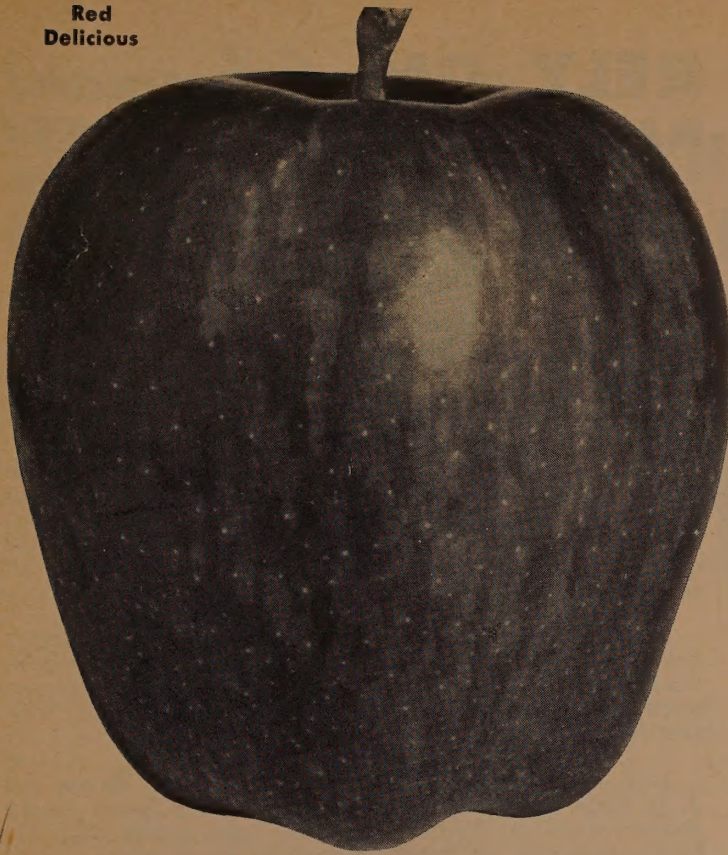

5 Kinds of Apples On One Tree!

The only Apple tree for the small home owner. No yard too small; can be planted in the front yard as well as the back. Will furnish plenty of shade, be highly ornamental, and also will produce a bountiful supply of five different kinds of Apples. The varieties are: Red and Yellow Delicious, Jonathan, McIntosh, and Yellow Transparent. These are five of the best standard varieties . . . all described on page 17 — apples entire season.

PRICE: 3-Yr., branched, 4 to 6 ft. trees, \$3.35 each; 2 for \$5.95. King Size specimens, \$4.95 each; 2 for \$8.75. King size trees must be shipped by express.

Red
Delicious

Northern Grown

APPLE TREES

3-300 — ANOKA. The Old Folks' Apple! The second year, big full-sized crops; earliest and heaviest bearing Apple. Hardy in all climates; never winter-kills. Can be grown anywhere in the United States. Ripens in August, but can be used a month earlier. Apples are good sized, well formed, beautifully colored. Excellent for sauce and pies.

3-301 — CORTLAND. An offspring of the McIntosh, but fruit larger, more uniform in size, more highly colored, richer in flavor, firmer but fully as juicy. Clings to tree more tenaciously, and ripens 3 to 4 weeks later. Fine for cooking. A good shipper. Bears 2 to 3 years after planting.

3-302 — Red McINTOSH. Medium size, nearly covered with dark red. Flesh white, tender, juicy and crisp. Similar to common McIntosh but colors earlier. Tree hardy, vigorous and healthy. September ripening.

3-305 — RED ROME BEAUTY. An improved variety, which has a solid, deep red color. Large winter apple of good quality. Thick skinned, stands handling well and a good keeper. Bears young.

FIRESIDE. The hardy "Super Delicious" developed by the State Fruit Breeding Farm of Minn. It grows and fruits well in northern sections where the regular Delicious will not thrive. Large fruit, bright red over greenish yellow ground; crisp juicy flesh, flavor very rich. Splendid dessert apple, of higher quality even than Delicious, and keeps all winter. Annual bearer.

WELLINGTON. A comparatively new apple, which is the result of a cross between Cortland and Crimson Beauty. Produces large, handsome, red-streaked Apples, ripening shortly after Yellow Transparent. The fruit hangs to the tree well without the use of "stop-drop" sprays. Produces annually . . . early ripening . . . large fruit . . . attractive appearance . . . excellent flavor, all valuable points for early fresh fruit market. Hardy. Upright spreading type of tree with wide crotch angles. Price: 3-4 ft. trees, \$1.85 each; 3 for \$5.25; 10 for \$16.50.

3-306 — WILLIAMS RED. Easily ranks among the very best late summer apples. Ripens the first week in August. Fruit is very large, and has the appearance of Delicious, but is darker red, with faint red stripings. Flesh is pure white, juicy and delicious. Good producer. Tree is spreading in growth. Hardy. This summer, apples brought from \$2 to \$2.50 more per bushel than other kinds, on our local market.

3-307 — YELLOW DELICIOUS. Waxy golden color. Luscious flavor, finest in the world. Bears very early, in 2nd and 3rd year. Keeps until late spring without becoming mealy. Very hardy.

3-309 — YELLOW TRANSPARENT. Ripens in July. One of the best early. Skin clear white, changing to pale yellow when ripe. Flesh white, tender, sub-acid. Excellent for pies and sauce.

3-304 — RED DELICIOUS. The superior Delicious. Fruit is red all over as early as August, when other Delicious are still green. Extra fine flavor. Brings highest prices.

3-303 — RED JONATHAN. Grand, good winter apple. Bright solid red. Flesh white, sometimes tinted with red; firm, fine, crisp and tender. A splendid family sort and highly profitable for market. Tree long-lived, productive and an early bearer. Will keep well without special care.

FENTON RED. New Extra-Early Red Apple. (Propagation rights reserved.) Ripens fully 2 weeks before McIntosh, and has all the good features of the late Apples . . . far superior to any early Apple. Attractive fruit is large, uniform in shape and has excellent keeping qualities. Delicious to eat fresh, for pies, sauce and canning. Bears young and heavily. Hardy. Price: 3-4 ft. trees, \$1.75 each; 2 for \$3.40; 5 for \$7.95; 10 for \$14.95; 25 for \$29.95.

YOU CAN RELY ON *Ackerman's* TRUE-TO-NAME • DISEASE FREE **PEACHES**

Perfect Hale

1-31 — RICHHAVEN. Attractive appearance and excellent shipping and handling ability should prove Richhaven a big money-maker for commercial growers. Ripens 15 days before Elberta, but because of its bright color, it might be picked 2 to 3 days before Halehaven. Attractive large, round fruits of golden yellow color with bright red blush. Flesh is clear yellow with moderate amount of red near the pit. Medium in texture and resistant to browning. Freestone. Considered one of the best for commercial canning. Trees are large, vigorous and productive. Exceptionally hardy.

SUNHAVEN. Very Early! 40 DAYS AHEAD OF ELBERTA. Sunhaven, like the Richhaven, was developed to meet the need of growers for ever-better varieties maturing in succession throughout the peach season. It ripens very early, 10 days before Redhaven and 40 days earlier than Elberta. The fruits are large, round, uniform in shape. Skin color is much like the Redhaven, largely bright red with enough bright golden color for pretty contrast. Flesh is clear yellow, fine-texture, firm, of good flavor and very resistant to browning. Sunhaven is a freestone when fully ripe. Its early ripening assures you of BIG PROFITS for your fruit.

There's a Difference. Northern Grown. Buds Especially Selected from Heavy Bearing Trees; Insures a Bumper Crop. Absolutely true-to-name, vigorous, well-grown, perfectly healthy, with well-ripened wood and splendid roots. Guaranteed to reach you in good growing condition.

1-32 — Amber Gem. Best for Canning. This grand variety is a semi-cling; shaped like an Elberta and ripens same time. Beautiful yellow flesh with deep red blush; delicious honey-sweet flavor. Will hang on the tree for 10 days to 2 weeks after it ripens. Used extensively by all canning factories. Hardy and very productive.

1-30 — Elberta. Standard market peach of the entire country. Very large; yellow with red blush; flesh is yellow, tender, and juicy; very highly flavored. Rank, vigorous grower. Ripens middle of September. Freestone and self-fertile.

1-36 — Hale-Haven. A cross between South Haven and J. H. Hale. Freestone. Strong grower, very hardy, heavy bearer; excellent flavor. Ripens 15 days earlier than Elberta. Delicious for fresh fruit or for canning.

1-23 — Kal-Haven. A standard market peach, resulting from the cross between J. H. Hale and Kalamazoo. It ripens before Elberta, although will overlap the season of the latter variety. Freestone. Yellow with beautiful coloring. Large in size, and an excellent shipper. Fine flavor. Tree vigorous, hardy and productive.

1-33 — Perfect Hale. A Profit Producer. This variety will produce full crops of beautiful large peaches, entirely free from all so-called "buttons" so prevalent in J. H. Hale, for it is self-fertile. Season little later than Elberta. Fruit very large; flesh yellow, with deep carmine blush. Very hardy freestone. Splendid market variety.

1-34 — Red Haven. An excellent early maturing peach. **RIPENS 30 DAYS EARLIER THAN ELBERTA.** Yellow freestone, almost completely covered with a brilliant red color; sweet in flavor. Firm flesh and tough skin. Heavy producer. Fruit buds much hardier than Elberta.

Red Haven

New Hardy

"GOLDRAY" Peach

A New and Better Freestone

— Bears in Canada

A comparatively new Peach introduced a few years ago. It is identical with the Golden Jubilee in size, shape, quality and tree growth, but it is more hardy in bud . . . ripens about July 10th. Goldray peach has found excellent growing conditions in the Canada provinces and the canning industries there use it almost entirely. Peach is somewhat oblong in shape, beautiful bright red blush on a golden yellow background. Trees are vigorous, making a heavy set of buds.

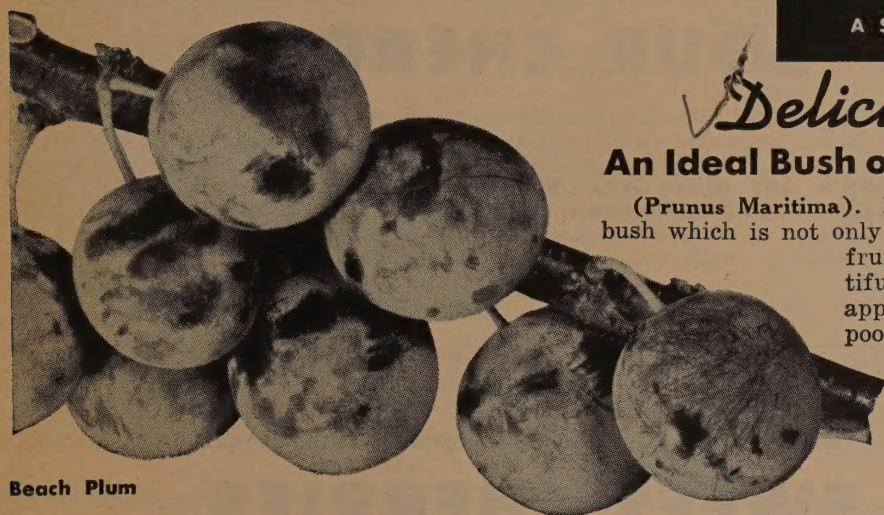

Price: 1-Yr., 3 to 4 ft. trees, \$1.75 each; 3 for \$4.75; 10 for \$15.00.

Goldray

RED SKIN PEACH

Hardy — Productive, Large, Beautiful and Delicious! All five characteristics wrapped up in this one wonderful Peach. Redskin is a cross between the well known J. H. Hale and Elberta. It is a freestone, ripening with Elberta; has beautiful red color. The fruit of Red Skin has yellow flesh, with little or no red color near the pit. Develops good size, round peaches even with a heavy load; has a firm flesh of excellent keeping qualities; well colored with deep red blush covering fruit. Delicious flavor. Trees bear well, are vigorous and hardy, and bear young. **PRICE: See page 18.**

Beach Plum

BARGAIN NO. 15

1 Nectarine 1 Goldray Peach All 7/16 inch trees,
1 Hardy Apricot 1 Red Skin Peach 3 to 4 ft.

A Saving of \$1.80 **\$5.25** Net, no discount

Delicious BEACH PLUM

An Ideal Bush or Hedge that Bears Delicious Fruit

(*Prunus Maritima*). In full bloom, is a thing of great beauty. A unique bush which is not only a beautiful ornamental shrub, but valuable for its fruit. Bears first or second year after planting. Beautiful white flowers late in the spring before the leaves appear. Hardy and a vigorous grower, even on the poorest soil. Excellent for jams and jellies. Fruit is about size of a Damson Plum or exceptionally large Black Sweet Cherry; bright, deep blue in color, which is deliciously sweet and quite juicy. Ripens in August. Very hardy. Medium to large, tree-like shrub. **PRICE: 1-Yr., 3-4 ft. shrub, \$3.15 each; 2 for \$5.95.**

NECTARINE

1-39. Resembles a Peach in shape, size and flavor. Smooth skin, similar to that of a Plum; many fruit lovers call it the "Fuzzless Peach". Fruit is large, with striking red color, very juicy and delicious. It is a freestone and ripens with the Elberta peach. Habits similar to Peach; therefore culture the same. Plant two or more trees for proper pollination.

Price: 3-4 ft. branched trees, \$1.75 each; 2 for \$3.25. 4-5 ft., \$2.25 each; 2 for \$3.95.

HARDY APRICOTS

This is the Hardy Northern Variety

1-41 — Produces very large, orange-yellow-colored fruit with red cheek. Fruit is sweet, juicy and delicious. Freestone and very productive. As hardy as a Peach and as easy to grow. Ripens in August. Plant two or more trees for proper pollination. Price: 3-4 ft. branched trees, \$1.95 each; 2 for \$3.35; 5 for \$7.95. 4-5 ft. \$2.25 each; 2 for \$3.95; 5 for \$9.25.

Hardy Northern Grown

CHERRY TREES

Virus-Free Understock and Budwood

MONTMAMMOTH SOUR CHERRY

Bears Young — Easy to Pick

3-312 — This variety is a sport of the Montmorency. Bears second year — no waiting for fruit. High quality cherries are large, often caliper an inch in diameter. As the tree is dwarf and spreading in growth, it is much easier to pick than other varieties, as the bulk of the crop can be harvested from the ground. Heavy producer — 3 to 5 fruits per spur. Records show the parent tree produced 6-gallon crate of fruit the third year.

PRICE:		Each	3	10	25
2 to 3 ft. trees	-----	\$1.75	\$4.80	\$14.95	\$33.95
3 to 4 ft. trees	-----	1.95	5.40	15.50	35.75
4 to 5 ft. trees	-----	2.25	6.30	18.75	43.95

LARGE MONTMORENCY SOUR CHERRY

3-311 — The leader of all Sour Cherries. Ripens mid-summer. One of the finest flavored Sour Cherries. Bears enormous crops regularly. Best all-around Cherry grown. Tree bears two or three years from planting. The best Sour Cherry for pies and home use. **OUR UNDERSTOCK AND BUDWOOD USED IN PROPAGATING THESE TREES HAS BEEN CERTIFIED BY THE MICHIGAN DEPARTMENT OF AGRICULTURE TO BE VIRUS-FREE.** No more worry about losing trees due to the dreaded disease, "Yellows". This special certification costs you nothing extra — your guarantee as to receiving disease-free stock.

(Commercial Orchardists write for special quantity prices)

SWEET CHERRIES

3-322 — Black Tartarian

Very large, purplish black, heart-shaped; flesh mild and sweet, and quality considered one of the best. Tree is vigorous, upright grower and immense bearer. Ripens in July. We recommend this as one of the best Sweets for home use.

3-315 — Napoleon (Royal Ann)

Of fine appearance and very large size. Color yellow and amber, with bright red blush; flesh firm, juicy and delicious. Bears enormous crops ripening in July.

3-313 — Schmidt's Bigarreau

The Giant of the Black Sweet Cherries. Especially noted for coming into bearing at an early age. Bears heavily, is very hardy and a sure cropper. Immense size, deep black; flesh dark, tender, very juicy, fine flavor. Ripens in July.

3-314 — Windsor

Fruit large, dull red; flesh remarkably firm, of fine quality, an excellent shipper and a good bearer. Ripens middle of July.

PRICE: Sweet Cherries (All Varieties listed):

Cherries

KROEKER

A new super-hardy dwarf sour cherry . . . thrives in even the severest climates. Fruit large, bright red, and juicy. Excellent pie Cherry. Grow 8-10 ft. tall, and heavy bearers. Price: 3 to 4 ft. trees, \$3.25 each, 2 for \$6.00. King size, specimen trees, \$4.25 each.

Dwarf Pear

Dwarf Pear Trees

Trees bear full-sized, delicious fruit, the same as standard varieties . . . usually the second year after planting. Beautiful ornamental . . . creamy white flowers in spring, followed by pretty pears, and then red leaves when the frost hits them. Seldom grow more than 8 to 10 ft. at maturity. We offer 3 varieties (see description on page 21), specify variety wanted. Bartlett and Flemish Beauty and Clapp's Favorite (like Bartlett, but earlier). Price: 3-4 ft. trees, \$3.15 each; 2 for \$5.95; 4 for \$10.95. 2-3 ft. trees, \$2.35 each; 2 for \$4.50; 4 for \$8.50. KING SIZE, \$4.15 each; 2 for \$7.95.

Dwarf Stanley
Prune

Dwarf Plum

We offer but one variety, the STANLEY PRUNE. The Leader of all Plums or Prunes offered today. Seldom grow more than 6 to 8 feet tall but bear as heavily. Very hardy. Price: 3 to 4 ft. trees, \$3.50 each; 2 for \$6.50; 4 for \$11.00.

Now a new dwarf Hardy Hall's Almond

This wonderful nut tree, producing the same large, delicious Almonds as the standard type, but on a DWARF tree! No need for ladders to pick their delicious nuts. Rarely ever will exceed 6 to 8 feet in height. Early in the spring, tree is covered with beautiful light pink flowers, which are soon covered by colorful fruits which encase these delicious nuts.

Makes an attractive ornamental, small enough to be planted in your flowering border, as well as being valuable for the nuts it produces. Plant two trees for best results.

PRICE: 3 to 4 ft. trees, \$3.95 each; 2 for \$7.35; 4 for \$13.00.

HYBRID BUSH CHERRIES

Make an Ideal Bush or Hedge that Bears Delicious Fruit

Now we are in a position to supply a Hybrid Bush Cherry which will provide Cherries for those of you who are out of the regular Cherry country — plant these hybrid bush cherries and enjoy the fruit just as much as you would regular cherries. Cherries produced on these bushes are much larger and tastier than those produced by the old Hansen Bush Cherries and are better growers. These are budded on American plums, and should be hardy anywhere. Should a wild plum stalk with large, dull leaves come shooting up through the shiny leaf Bush Cherry, be sure and trim it out. Not only do they produce delicious Cherries, but they provide an ideal hedge or screen. Foliage on these hybrid bushes is so heavy, it hides the fruit from the birds. **We are offering six varieties in this wonderful Hybrid Bush Cherry.** Be sure and specify the variety you wish.

Black Beauty

BLACK BEAUTY. This is the newest selection of the bush cherry. The fruits are a very dark, glossy, black maroon-red; almost as large as tree cherries. Fruit is dark red from the skin right to the pit. Fine eating and fine for canning and pies.

Price: 2-3 ft. \$1.95 each; 2 for \$3.75.

1 each variety
(except
Nanking)

BROOKS. Dark red fruit, almost as large as regular cherries. Bear heavily the second year from planting. Bush is compact and shapely.

Price: 2-3 ft. \$1.95 each; 2 for \$3.75.

White Gold

BUSH CHERRY

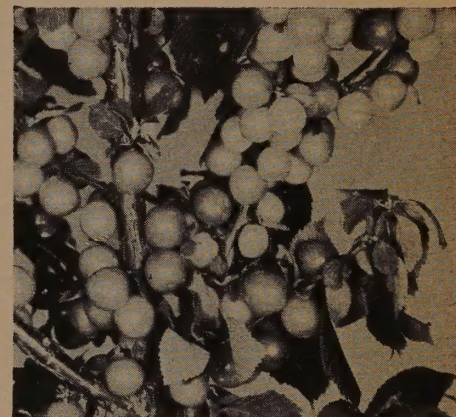

SIOUX. Extremely large cherries — $\frac{5}{8}$ " or better across. Purplish black, shiny with greenish flesh. Juicy and sweet. Fruits the last week in July. Price: 2-3 ft., \$1.95 each; 2 for \$3.75.

WHITE GOLD. A most unusual one. The large cherries are limpid amber, and are delicious eaten fresh or cooked. A sister to Golden Boy. Price 2-3 ft., \$1.95 each; 2 for \$3.75.

GOLDEN BOY. The cherries are large and a bright, golden yellow. Mild and tasty on clean growing bush. You will enjoy them. Price: 2-3 ft., \$1.95 each; 2 for \$3.75.

Sioux Bush Cherry

Nanking Cherry

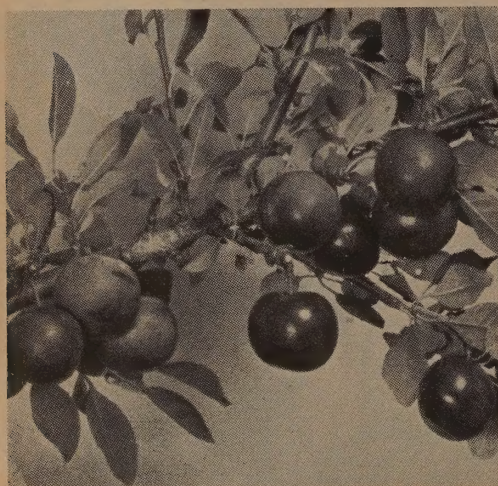

NANKING CHERRY

2-130 — A most ornamental upright spreading shrub. Pink in bud, the tiny flowers open a pure white with striking contrast between the white flower petals and the bright red and orange calyx. Late June, the branches are studded with large red fruit. Good to eat and make beautiful rich jellies and wine. Price: 18-24 in. shrubs, \$1.15 each; 2 for \$2.00.

DWARF OKA CHERRY

Makes an Ideal Bush or Hedge That Bears Delicious Fruit

One of Prof. Hansen's Best Cherry-Plum introductions. Early bearing — very hardy — delicious flavor — prolific. Dwarf bush habit; bears from the ground up. Showy blooms followed by full crop of fruit. Fruit is about one inch in diameter, purplish black skin and flesh. Very sweet. Ripens late July - early Aug. Delicious to eat, for jelly and jam. Plant near your plum trees. Beautiful ornamental shrub. **2-Year, 3-4 ft. trees, \$1.85 each; 2 for \$3.35.**

Oka Cherry

Giant Cultivated BLUEBERRIES

Biggest money-makers as a commercial proposition — 500 crates per acre. More profits per acre than any other small fruit if your ground is suitable. Also an attractive ornamental from early spring until late fall — full of pink buds, which open into bellshaped, white flowers starting in June. Heavy producer — 4 bushes in your yard will provide enough berries for Blueberry pie throughout the season. Blueberries require an acid or semi-acid soil, good drainage and moderate supply of moisture; plant 5 x 8 feet apart.

We offer 5 new varieties this year, as well as the 2 old standbys! (The 5 new varieties are priced and described to the left). We offer **Jersey** and **Rubel** (midseason to late) at prices listed below. **Rubel** in 3, 4, and 5-Yr.; **Jersey** in all 4 grades. **Specify varieties wanted.** The 4-, 5-, and 8-year-old bushes will produce this summer. Remember, the older the bush, the more berries and profit you will receive. Cultural instructions on the planting of Blueberries included with every order.

(Write for Additional Information and Special Price on Large Lots)

New, Recent Introductions in BLUEBERRIES. We have selected five varieties of the "Big Seven" recently recommended for preference, and are listing them in sequence for ripening:

EARLIBLUE. One of the **EARLIEST** to ripen! Fruit is a light blue in color, large in size and unusually delicious flavor.

BLUERAY. The fruit is large with a medium light blue color; high flavored, and resists cracking. The bush is hardy and very productive. Early to midseason.

BLUECROP. Fruit clusters are large; berries are also large and of good tart flavor; color very light blue; very firm, sub-acid. Ripens midseason; very consistent producer. Hardy.

BERKELEY. New and Choice. Berries as large as any variety grown. A midseason type, ripening just ahead of Jersey. Fruit light blue, with strong skin and firm flesh.

COVILLE. Latest Ripening variety to date . . . week later than Jersey in Michigan. Extends fruiting season from 10 days to 2 weeks. Fruit large, good blue color, good quality, hangs well to cluster even when ripe. Thrifty plant.

PRICE: Above 5 varieties: 3-Yr., 12 to 18 inch, \$2.25 each; 3 for \$6.00; 10 for \$17.50. Coville 8-Yr. (this variety only): \$4.50 each.

8-year-old — no waiting for fruit. Actual photo of 8-Yr. Blueberry bush in full bearing, above, which is the peak of production. Remember, more fruit and larger profits the first year from this jumbo bush. Price: 8-Yr., 2-3 ft., extra heavy branched Jersey Blueberry, \$3.95 each; 2 for \$7.25; 4 for \$13.00; 8 for \$23.50.

Kings of the NUT TREE FAMILY

ENGLISH WALNUT

3-209 — Hardy Carpathian strain. Tree valuable for its fruit and shade. Nuts are thin-shelled just like those from the West Coast, but hardier; nuts are filled with full-meated kernels of delicious flavor. They develop into quite large specimen trees, magnificent in the lawn or back yard. They generally start bearing young. Grow quite rapidly. Plant 2 or more trees for perfect pollination.

Price: Fine, 2-3 ft. trees, \$3.85 each; 2 for \$7.25
Specimen, 4-5 ft. trees; \$5.75 each; 2 for \$10.95.

English Walnut

BARCELONA FILBERT

The champion Filbert of the market. Round, thin-shelled golden-brown nut, which are full-kernelled and have a rich, delicious flavor. Start producing in two or three years. Trees are hardy, make a rather shrubby growth, and will thrive in any location. Grow from 6 to 8 feet tall. Plant 2 trees or more for perfect pollination.

Price: 2-3 ft. trees, \$2.15 each; 2 for \$3.85.

Barcelona Filbert

ROYAL FILBERT

This fine new filbert bears large, glossy, well filled nuts in profusion. It needs pollination from either Barcelona or Du Chilly for best results. Delicious flavor. Start producing at an early age. Hardy, and grows under the most trying conditions.

Price: 2-3 ft. trees, \$2.35 each; 2 for \$4.25.

DU CHILLY FILBERTS

A very fine commercial variety; nuts are long and golden brown, full kernelled with a delicious sweet flavor. Excellent pollinator for Barcelona or Royal. Hardy and vigorous grower. **ALWAYS PLANT TWO VARIETIES OF FILBERT FOR BEST RESULTS!**
PRICE: 2 to 3 ft. trees, \$2.15 each; 2 for \$3.85.

NOTE: Due to State Quarantine Regulations, cannot ship nut trees of any kind into the following states: Arizona, California, Florida, Georgia, New Mexico, Oregon, Texas, Utah, and Washington.

HARDY HALL'S ALMOND

For Shade — FOR BEAUTY — PLUS PROFIT

Although we offered this two-purpose tree for the first time two years ago, our sales have been so great, we have been unable to fill all orders. Supply is again limited, and would advise ordering early. A tree which not only provides you with breath-taking pretty pink flowers, but also bears a fine crop of delicious Almonds. These trees are hardy, and can be grown wherever it is possible to grow peach trees. They produce abundant crops of top quality, nutritious nuts, which are used extensively by commercial bakers, and housewives everywhere. Hall's Almond is a rapid growing, young bearing nut tree. The nuts are large and of fine quality. Makes an attractive ornamental for your lawn, as well as valuable for its nuts. Foliage is a deep green. Plant two trees for best results.

PRICES	Each	2	4
3-4 ft. trees	\$1.95	\$3.60	\$ 6.50
5-6 ft. trees	2.95	5.75	11.00
Jumbo, 6-7 ft. trees	3.95	7.45	13.50

Hall's Almond

ALWAYS PLANT 2 NUT TREES OF A VARIETY FOR BEST RESULTS

Hardy NUT TREES

CHINESE CHESTNUT

3-229 — This wonderful strain of Chestnut has proven highly blight resistant in this country. Trees are rapid growing, quick to bear and very heavy yielders; extremely hardy and vigorous. Is a rather dwarf grower, attaining about the size of an apple tree. Productive usually when two or three years old. Nuts of immense size, larger than American Chestnut, and equally as sweet and good. Plant 2 trees for best results. 2-Yr., 2-3 ft. \$2.15 each; 2 for \$3.95.

3-332 — "BEARING-AGE" Chinese Chestnut. These are all certified trees that are bearing nuts in the nursery row this summer. Supply limited. Price: Bearing-age, branched, 4-5 ft. trees, \$4.95 each; 2 for \$9.50.

Thin-Shelled HICKORY NUT

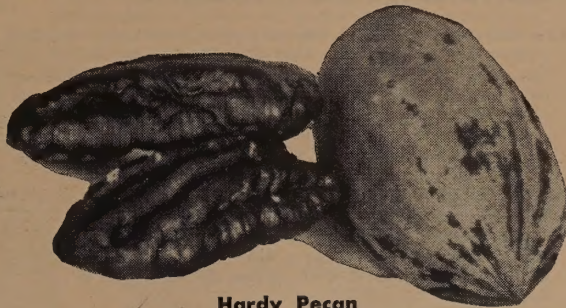

Some six years ago, one of our customers in Illinois called on us, showing us a sample of Hickorynut he had gathered from a tree which had been growing on his place for many years . . . each year this tree produced Hickory nuts with thin shells! Stated no hammer necessary to crack the nuts. We observed this tree for a number of years, and found this to be true. We, therefore, purchased all the nuts we could secure and have propagated from them for the past-six years. Tree grows the same as the Shagbark Hickory, but produces large nuts with comparatively thin shell. Very hardy. Supply is very limited. Price: 18-24 in. trees, \$3.45 each; 2 for \$6.50.

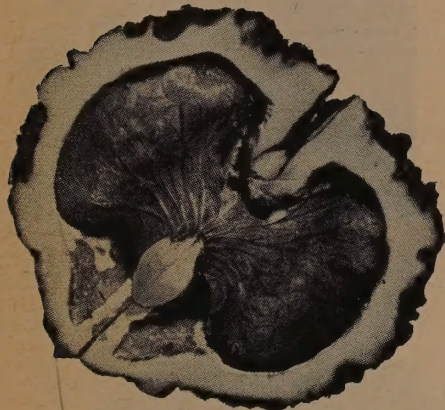

Hickorynut

HARDY PECANS

3-231 — Of all the varieties of the luscious and valuable nut family, the Pecan stands at the head of the list. Hardy and strong grower; nuts of good size and well filled. The trees are long-lived and prolific bearers. This variety can be grown successfully in Northern climates. Nuts are large, thin-shelled and well filled with delicious kernels. Plant 2 trees for best results. Price: 2-3 ft. trees, \$2.25 each; 2 for \$4.25. 3-4 ft. trees, \$2.95 each; 2 for \$5.35.

Hardy Pecan

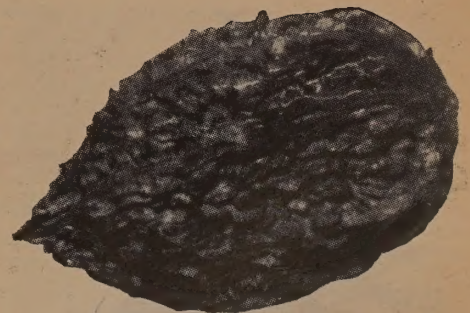

THOMAS Thin-Shelled BLACK WALNUT

An improved Black Walnut, which has been claimed to be the world's heaviest producer, and which will bear at an early age. Starts bearing at a very early age, often the second year. Nuts are giant in size with kernels much larger, better flavor and much easier to get out, usually come out in halves and quarters. 2-Yr., 3-4 ft. trees, \$3.95 each; 2 for \$7.50.

BLACK WALNUT

3-232 — The common Black Walnut is very productive in nuts which are liked by many. A valuable tree for its lumber. Hardy. Fine, 2-3 ft. trees, \$1.15 each; 2 for \$2.00.

BUTTERNUT

3-205 — Native tree, producing long, large nut; has a sweet, oily, nutritious kernel. Attains large size at maturity. Hardy. Fine, 2-3 ft. trees, \$1.15 each; 2 for \$2.00.

Chinese Chestnut

NOTE QUARANTINE: Due to State Quarantine Regulations, we are not permitted to ship nut trees into the following states:

Arizona, California, New Mexico and Washington: Hicans, Hickorynut, Pecans, Almonds, and all Walnuts. Idaho and Louisiana: Chestnut, and Almond. Oregon and Washington: Filberts, Chestnut, and Almond.

SHADE TREES

Clump Birch

Tree of Heaven

Pin Oak

3-214 — BIRCH, Cut-Leaf Weeping. A tall slender type of tree of vigorous growth, with graceful, drooping branches, silvery white bark and delicately cut foliage. 2-Yr., 4-5 ft. trees, \$3.35 each; 2 for \$6.45.

3-213 — BIRCH, American White. A large, vigorous, upright tree with broad, handsome leaves and brilliant white bark. (Note the bark of young trees has a reddish cast, which disappears within a year or two from planting.) 2-Yr., 3-4 ft. trees, \$1.95 each; 2 for \$3.50; 4-6 ft. trees, \$2.95 each; 2 for \$5.35.

4-227 — BIRCH, Clump Form. Same strain as American White, but produce two or more trunks from one root. Bark white on mature trees. An outstanding tree for your yard. 2-Yr., 4-5 ft. trees, \$4.75 each; 2 for \$8.50.

AILANTHUS Tree of Heaven. A quick growing, smooth-barked, medium-sized tree, with long, compound foliage and bright red fruit which creates a tropical effect. No other tree will stand smoke and city conditions so well. Attains a height of 25 to 30 ft. at maturity. Price: 2-Yr., 4-5 ft. trees, \$1.50 each; 2 for \$2.75.

3-228 — LOCUST, Moraine. (Plant Pat. No. 836). America's Great New Shade Tree that is Thornless, Seedless, Fast Growing, Long Lived, and one which will grow anywhere. It is a round headed tree when young but tall and vase-shaped when older. Mature trees are 80 to 100 feet in height with lower branches high enough to clear any ranch-type house. The finely cut foliage allows enough light to filter through to promote excellent growth of lawns, yet provides shade dense enough to discourage growth of crabgrass. Very little pruning is needed as the lower limbs self prune as the tree grows. As it is sterile, there are no unsightly seed pods to clutter up the lawn. Tests show this new tree to grow more rapidly than either Silver Maple or Chinese Elm. It withstands drought, heat and cold. Excellent for either lawn or street planting. Fine, 5 to 6 ft., BRANCHED TREES, \$5.50 each; 2 for \$10.00. Net, not subject to a discount.

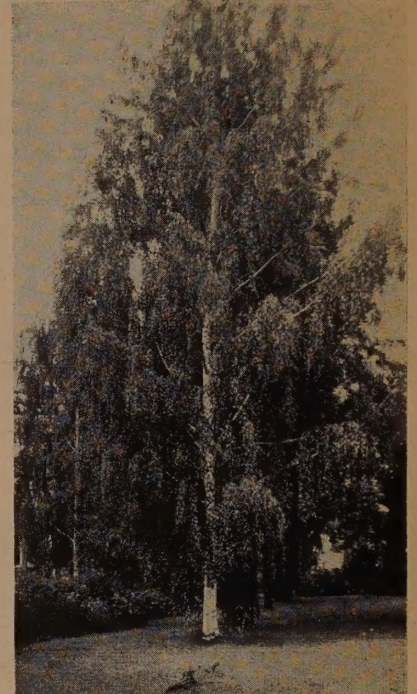

3-223 — MAPLE, SILVER. Very hardy, rapid growing tree. Their irregular growing leaves are a silvery green, turning to yellow and bronze in the fall. 2-Yr., 5-6 ft. trees, \$1.95 each; 2 for \$3.75; 4 for \$6.95; 10 for \$15.95.

Fast Growing PIN OAK. One of the best of all Oaks—a noble and attractive shade tree. One of the fastest growing of the Oak family. Develops into a handsome, tall, branching pyramid with drooping branches as it matures. Has beautiful, rich green, carved foliage turning into gay orange and red coloring in fall. Very long lived and hardy. 40 to 50 feet at maturity. Price: 4 to 5 ft. trees, \$4.25 each; 2 for \$7.95.

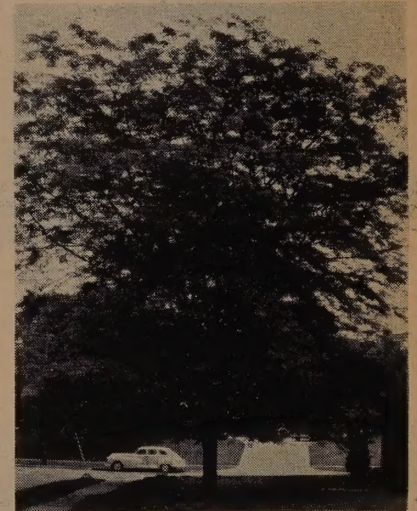

3-203 — WILLOW, WISCONSIN WEEPING. (Salix blanda). A graceful tree of large size. Its long, fine leaves on slender branches are a fresh, bright green tint. Rapid growers. 2-Yr., 4-5 ft. trees, \$1.50 each; 2 for \$2.75. 5-6 ft. trees, \$2.25 each; 2 for \$3.95.

A Saving of \$1.50

RIVER'S PURPLE BEECH

One of the most beautiful and colorful of all trees. Easily grown, long-lived. Leaves come out a deep maroon in spring, turn gradually to a dark maroon-purple in summer, and in fall a rich purple-brown. Shapely in growth . . . symmetrical, reaching a height of 60-70 ft. at maturity. One of the most colorful and beautiful of all trees. Hardy. Price: 3-4 ft. trees, \$6.50 each; 2 for \$12.00.

RED LEAF PEACH

"Royal Red". An ornamental tree with RED FOLIAGE — bright red early in the spring, gradually dulling to a deep maroon towards fall. Its deep rose blossoms against the red foliage create a most pleasing contrast. Produces full crops of perfectly round, inch and a half diameter peaches — just right for pickling. Fruit has all over red coloring; flesh is white with delicious flavor. Ripe late, with Gold Drop.

Price: 18-24 inch trees, \$1.25 each; 2 for \$2.00. King size, \$2.95 each.

Red Leaf Peach

HYBRID ELM

3-201 — An exceptionally hardy, fast-growing Elm, which is very disease-resistant. A selection from South Dakota which was hybridized with Chinese Elm and with Red Elm. Grows 8 to 14 feet per year! Has a larger leaf than American Elm, is more of an upright grower, and is not susceptible to limb breakage. In the 8 years of testing, has proven immune to the disease "Phloem necrosis" . . . no worry on this score! Beautiful tree for immediate shade. 2-Yr., 5-6 ft. trees, \$3.75 each; 2 for \$6.50.

River's Purple Beech

DAWN REDWOOD

(Metasequoia Glyptostroboides). A most unusual tree. Although fossils in Nevada show that this tree existed in No. America a great many years ago, it was just recently re-introduced in America. The tree grows in open or half shaded locations, but seems to thrive when planted along streams or close to abundant water supply. Hardy . . . seems to have no preference as to soil. Foliage is deciduous, bright apple-green, and about one-half inch long. It is a cone-bearing tree, resembling Bald Cypress. Cones are freely produced on 8 or 10 year-old trees, globose, mostly about one inch across. Tree is more or less Pyramidal in shape. Not evergreen. Rapid growing. Price: 18-24 in. tree, \$4.50 each; 2 for \$8.50.

Dawn Redwood

SHADEMASTER LOCUST

(Plant patent 1515). The name is perfect for this new Thornless Honeylocust of superior qualities. Lovely dark green, fern-like leaves let the sunlight filter through in dancing shadows of restful shade, without unsightly seed pods or raking in the fall. Ascending branches form a symmetrical top. Quick shade . . . 5 feet a year, attaining a height of 25 to 40 feet at maturity. Perfectly hardy, apparently disease-resistant. A beautiful new tree by any standards. Price: 4 to 5 ft. trees, \$4.95 each; 2 for \$9.50. Net, no further discount allowed.

Shademaster Locust

CORK TREE

3-225 — (Phellodendron Amurense). The bark is a thick, spongy layer that you may actually cut and float in a pan of water. The foliage is distinctive, too, having a pleasing aromatic scent. Trees are hardy, thriving under conditions where others would fail. Rapid grower, with perfect rounded form; 30-40 ft. at maturity. Free of insects and disease. Price: 4-5 ft. trees, \$3.50 each; 2 for \$6.50.

Ornamental TREES

3-208 — PURPLE TREE WISTERIA.

A tree of sheer beauty when in full bloom — gorgeous, long purple clusters of flowers hang from this dainty tree in May and early June. Grafted form stays small. We are including a stake with each tree for they should be staked the first year. Price: 2-3 ft. trees, \$4.15 each; 2 for \$7.95.

3-351 — RED AMYGDALUS. Persica

Double-Flowering Peach. One of the most beautiful ornamental trees. At its blooming time in May, every twig and branch is completely covered with beautifully formed double flowers, followed by green, glossy foliage. In fact, so attractive your neighbors will not rest until they inquire as to what it is. Is a rapid grower, attaining a height of 12 ft. at maturity. Price: 2-Yr., branched, 4-5 ft. trees, \$1.85 each; 2 for \$3.35.

3-204 — "THUNDER CLOUD" (The

Purple-Leaf Plum). This dwarf tree comes out red in the spring, stays red all summer and bronze-red in the fall. Beautiful, single-pink flowers in May. Hardy. 2-Yr., 4-5 ft. trees, \$2.15 each; 2 for \$3.95.

3-226 — PAUL'S DOUBLE-SCARLET

THORN (Crataegus oxyacantha paali). A handsome dwarf tree with shiny leaves of attractive shape and color; blooming in profusion late in spring with compact clusters of deep crimson-scarlet flowers, red fruits of vivid autumnal colorings. Very hardy. 2-Yr., 3-4 ft. trees, 2.95 each; 2 for \$5.50.

3-212 — ASH, European Mountain.

(Sorbus Aucuparia). A hardy, medium size tree; head dense and regular. Covered from July until winter with large clusters of bright red berries. Plant two trees for best results. Price: 2-Yr., 3-4 ft. trees, \$1.95 each; 2 for \$3.75. 5-6 ft. \$3.75 each; 2 for \$6.95. 3-Yr., 6-8 ft. (by express only), \$4.45 each; 2 for \$8.50.

3-207 — JUDAS TREE. (Red Bud).

(Cercis Canadensis). One of the handsomest of the low-growing trees. Attains a height of 15 ft. Extremely hardy. Tree is irregular in shape, with numerous side spreading branches, and heart-shaped leaves. Beautiful bright lavender-pink to deep rose blossoms completely cover the tree early in the spring, before leaves appear. 2-Yr., 3-4 ft. trees, \$1.95 each; 2 for \$3.25. 5-6 ft. trees, \$3.25 each; 2 for \$5.95.

Tree Wisteria

Mountain Ash

Paul's Double-Scarlet Thorn

ORNAMENTAL TREES

CRIMSON KING MAPLE

A REAL NOVELTY

(Pat. No. 735). The red form of Schwedler Maple. Originated in Europe. Foliage is a very dark crimson, which color it retains all through the summer months, both in the East and on the Pacific Coast. Is very hardy. Habits and growth similar to Norway; attains a height of 50 feet at maturity. Fine for city planting, not harmed by smoke, gases, dust. Ideal for single specimens, street plantings, etc. Price: 2-Yr., 4-5 ft. trees, \$4.50 each; 2 for \$8.50. 6-8 ft. trees, \$6.95 each; 2 for \$13.45. Net, no discount.

DWARF RED LEAF MAPLE

2-153 — Hardy, dwarf-growing tree, seldom maturing over 10 feet. Their indented leaves are vivid blood-red in spring, which dulls to bronzy purple red or bronze-green in fall. This grafted form is unexcelled for the bright spot of color on the open lawn or mixed with other shrubs. 18-24 inch trees, \$4.50 each.

KWANZAN DOUBLE FLOWERING CHERRY

2-115 — (Sacred Gate). Flowers are fully double, deep pink or old rose, varying in tone according to weather conditions. This variety is found around the famous Tidal Basin at Washington, D. C. Fine 3-4 ft. trees, \$3.50 each; 2 for \$6.75.

A 90c saving

Flowering Crabs

RED SILVER FLOWERING CRAB

3-227 — In our opinion, the most colorful Flowering Crab ever introduced! Completely red in flower, leaf, bark, and fruit — rich maroon-red from top to bottom. Most flowering Crabs are preferred due to the mass of blooms which they produce for a short time, but the Red Silver is beautiful from spring until late fall because of its all-over red color. The leaves are somewhat cut-leaf, the under side of which are somewhat tinseled with silver — the blend of maroon and silver is a unique combination throughout the season. The wonderfully fragrant red flowers are large, partially double and altogether lovely. Delightful red fruits in the fall. Price: 2-Yr., 3-4 ft. trees, \$2.35 each; 2 for \$4.45. 5-6 ft. branched trees, \$3.50 each; 2 for \$6.75. 6-8 ft. king size, \$4.75 each; 2 for \$8.95.

Bechtel's Dbl. Flw. Crab

BECHTEL'S DBL. FLOWERING CRAB

Truly a Rose in Disguise!

3-216 — The only genuine Double Flowered Crab. Makes a medium-sized tree; perfectly hardy. When in bloom, is covered with delicate pink, perfectly double, small, rose-like flowers of delicious fragrance. Blooms very young. 2-Yr., 2-3 ft. trees, \$2.15 each; 2 for \$3.95. 3-4 ft. trees, \$2.75 each; 2 for \$4.95.

ROSE GLORY CRAB

A low-growing tree of unusual beauty. Blooms profusely early spring; branches being completely covered with lovely fragrant flowers of a deep rosy pink. Pretty ornamental fruits in the Fall. Hardy. Grows about 10-12 ft. tall. Price: 5-6 ft., \$3.50 each; 2 for \$6.25.

JAPANESE WEeping CRAB

A chorus of "Ohs and Ahs" will be heard when your friends first view this tree . . . it is altogether breathtaking with its blood-red buds and open lovely pink flowers, on its branches which hang clear to the ground! The main stem or trunk of the tree is upright, but its branches are weeping. Flowers are followed by delightful tiny fruits in the Fall, which prolong its attractiveness late into autumn. Hardy tree. Price: 2-3 ft. trees, \$3.75 each; 2 for \$6.95.

Red Silver Flowering Crab

HYBRID TEA ROSES

Ackerman's Hardy Field-Grown Roses Insure Better Blooms

The Roses offered on these pages will bloom continuously this summer and every year following AND ARE AN INVESTMENT IN PLEASURE THAT WILL PAY BIG DIVIDENDS IN COLORFUL, FRAGRANT FLOWERS. Remember, our Roses are all strong 2-year, field-grown bushes, guaranteed to bloom this summer.

Prices: All varieties of Roses Listed on this Page, all 2-Year bushes, \$1.00 each; 3 for \$2.85.

2-37 — **Betty Uprichard**. Carmine and coppery-orange outside, inside salmon-pink.

2-31 — **Cecile Brunner**. (True Sweetheart Rose.) Many stalks break from the base of the rugged plants, each stalk providing numerous sprays. The dainty-peach-pink buds change to salmon in open flower. At the height of the season the entire plant is a bank of soft pink and salmon. Excellent for bouquets.

2-43 — **Charlotte Armstrong**. Noted for its exceptionally long, slender buds and well-formed open blooms of fascinating rose-red. One of the earlier AARS winners.

2-44 — **Condesa de Sagato**. Double flowers of coppery-red and yellow; rich raspberry perfume.

2-182 — **Countess Vandal**. Lovely, long tapered buds of salmon-pink shaded with copper and gold which open to big, long-lasting, richly fragrant flowers on fine stems.

2-33 — **Crimson Glory**. Beautiful, flaring, urn-shaped buds open into magnificent flowers of velvety crimson with black and maroon shadings. Richly perfumed.

2-48 — **Eclipse**. Spicily fragrant, slender, urn-shaped buds of chrome yellow, often more than 2 inches long.

2-32-Editor Mc Farland. Perfectly formed flowers of clear, brilliant pink. Very fragrant.

2-50-**Etoile de Hollande**. Large, velvety crimson flowers. Long stems. Richly perfumed.

2-39-**Frau Karl Druschki**. (Perpetual). Pure white; perfect in form.

2-51-**Good News**. A 60-petalled peach-toned beauty. This big rose comes in clusters on erect stems. Shell-pink on outer petals.

2-28-**K. A. Victoria**. Large double, very fragrant white flowers; long stiff stems.

2-77-**Night**. Beautiful, shapely buds and flowers of deep crimson touched with shadings of black and maroon. Spicily fragrant.

2-64-**Paul Neyron**. (Perpetual). Largest rose in cultivation. Bright rose-pink.

2-20 — **Poinsettia**. A shapely rose of true Poinsettia-red in color. Buds are ideal in form, long and pointed, which open to a full petaled Rose. An AARS winner.

2-69 — **Pres. Hoover**. Multi-colored. Large flowers of scarlet, yellow, cerise, pink and flame.

2-76 — **Rouge Mallerin**. Brilliant red, pointed buds open to 3 1/2 inch blooms of glowing scarlet, having the appearance of velvet. Rich old Damask perfume.

2-63 — **Signora**. Long-pointed, orange-red buds open into large, double, fragrant, orange-apricot, turning apricot suffused gold flowers. Large glossy foliage. Vigorous.

2-47 — **Talisman**. Its brilliant orange-red buds open to large, fragrant, high-pointed blooms of glowing golden yellow stained with copper-red and orange-rose on inside of petals. As petals unfold, they become bright apricot-gold, deep rose-pink, or old rose.

2-56 — **The Doctor**. Long-pointed buds of sparkling pink, open to large flowers 5 to 6 inches across, of satiny, silvery pink.

2-52 — **Yellow Condesa**. Buttercup yellow. This fragrant rose will be a joy to even the amateur gardener.

MINIATURE BUSH ROSES

Ideal for Borders and Rose Gardens —
Ideal for House Plants!

Truly these are miniature "FAIRY ROSES" — dainty, but Hardy. We believe these to be the smallest Roses in the World. Foliage, blooms and growth habits of these fairy size roses are just like the big hybrid teas in miniature. Plants grow 8 to 12 inches tall, are hardy and free blooming from spring to fall. Excellent for borders, rock gardens, flower beds, porch boxes, etc. All miniature roses are grown own root, in pots. We offer 5 varieties in heavy, well established pot plants, usually in bud or bloom when shipped. Specify variety.

See Page 57 for Climbing Miniature Rose.

Granadina. Most outstanding bloom of fully double velvety dark crimson.

Midget. Fascinating little, deep-rose red buds and perfectly formed, double blooms have a light fragrance.

Josephine Wheatcroft. Rich, buttercup yellow buds and blooms.

Polka Dot. The finest tiny, pure white rose we grow. A strong grower with lovely buds and blooms which are larger than most.

Presumida. A beautiful bi-color, producing tiny blooms of red and gold continuously. Very lovely and exciting.

PRICE: \$1.25 each; 3 for \$3.25.

EVERBLOOMING TREE ROSES

Tree Roses are grown by budding the rose variety on a stem 40 inches above ground, forming a bushy head at the top of the stem. We have selected eight varieties of the leading AARS patented roses . . . all everblooming, giving a continuous display of lovely, fragrant blooms from June to frost. These Tree Roses are the finest grown, guaranteed to please you.

We offer 8 beautiful varieties, as follows:

Americana. (Pat. No. 2058). 1961 Rose of the Year. Most glorious red rose ever created . . . a fiery unfading red . . . with blooms well over 6 in. across.

Arlene Francis. (Pl. Pat. No. 1684). Best yellow. 20-25 petal blooms open to approx. 5-in. in diameter. A golden yellow rose with an unforgettable fragrance.

Was awarded the Gold Medal in 1956.

Kordes Perfecta. (Pl. Pat. No. 1604). 1959 Rose of the Year! Basically cream-white, lined with red as if the edges of its petals are dipped in light carmine. About 5-in. across . . . fully double, with 65 to 70 petals. So colorful and so fragrant.

Orchid Masterpiece. (Pl. Pat. No. 2039). This one is a lavender flooded pink, with interesting orchid variations. Long slender buds, open into large flowers, 5 to 5½ in. in dia. Blooms are drenched with sweet fragrance.

Pink Duchess. (Pl. Pat. No. 1834). A true Peace form, with 5 to 6-in. blooms. Large, oval pointed bud is golden, and this reverse tone softens and becomes suffused with clean, scintillating pink . . . almost a bi-color in early stages.

Peace. (Pl. Pat. No. 591). Ovoid buds are golden yellow etched with pink. As they open change to pale gold, to iridescent cream. Large 5 to 6-in. bloom, with 40 to 45 petals. One of the most popular roses of all time.

Tanya. (Pl. Pat. No. 1712). A glowing, radiant, true deep ORANGE! A giant, 5½-in. bloom, with graceful petals and classic high center. Very fragrant.

White Queen. (Pl. Pat. No. 1762). The best white! Really stark white flowers of about 4½ in. across. Slender in bud, with graceful high center; fragrant.

All Above Varieties are Jackson & Perkins Roses!

Four Outstanding Everblooming

HYBRID TEA ROSES

The "Elite" of the Rose Family!

The four varieties of Hybrid Tea Roses we are offering below were just recently removed from the "patent class" and we are now pleased to offer them at the special low price of: **\$1.35 each; 3 for \$3.75.**

2-32 — REX ANDERSON. A delicate ivory-white exhibition Rose. Exceptionally free and vigorous. Can be grown to enormous size by disbudding. The 2 to 2½ ft. plant is hardy and disease resistant. Abundant foliage. See price above.

2-36 — LOWELL THOMAS. Winner of the AARS Award! The finest pure, clear, non-fading yellow. Shapely buds, large, high-centered flowers of excellent form. A vigorous grower with strong stems and healthy attractive foliage.

2-40 — MARY MARGARET McBRIDE. Produces exceptionally large, 35 to 50-petaled blooms with shimmering gold at the base. The beautiful pointed buds open to fully double deep coral-pink. Excellent foliage . . . attains a height of 2 ft.

2-77 — PEACE. World wide favorite . . . the greatest rose ever created. The perfect buds open slowly into large, fragrant, fully double flowers. Buds are rich gold edged cerise, opening to ivory or alabaster white with pink flush along each petal . . . glorious 5 to 6 inch blooms when fully open.

Sub-Zero ROSES

Easy to Grow — Long to Live — Save REPLACEMENT EXPENSE

These are the famous Brownell Sub-Zero Roses — a New Race of hardiness previously unknown in Roses. They are more vigorous, can live many times longer, are easier to grow, bloom more abundantly and more consistently and their size, form and color compare with the best of the common Roses. Why? Because they are bred back to hardy species. They are super-hardy roses that absolutely won't kill out even in temperatures that dip 25 degrees below zero. The technical meaning of our "Sub-Zero" is wood safe to about 15 degrees below zero unprotected: hilled up with a little clean dirt 25 degrees below and colder; well hilled up about 95% safe at 50 degrees below. Because they are so hardy we guarantee them unconditionally to live through one year without winter killing. Best of all they are free blooming, and the flowers last a long time. We are offering this unique strain of roses in 4 varieties of Hybrid Tea Bush Roses, plus 1 climber, as follows:

Handsome Red. This new variety has its own wonderful velvety sheen of glowing, brilliant red. So many garden visitors have exclaimed: "That is the most beautiful red Rose I have ever seen." Probably the most brilliant fully double Red Rose.

Curley Pink. Matchless in size and form of bloom, beauty of cluster, vigor. Many large, two-toned pink blossoms, of over 50 gracefully recurved petals.

Shades of Autumn. A bi-colored beauty; gorgeous shades of red, yellow and bluish. Free bloomer.

V for Victory. Most beautiful, large, very double, yellow, fragrant Roses; constantly blooming.

CLIMBING Golden Pyramid. A very hardy climber, producing large blooms of cadmium-yellow. Most vigorous of all the climbing Sub-zero roses introduced to date.

PRICE: All varieties listed, \$1.85 each; 3 for \$5.00. Net, no further discount.

Multi-Purpose ROSE and Flower Garden Dust

The most effective plant protection known — Ackerman's ORTHO Rose Dust.
 • May be used as a dust or as a spray

Contains the most effective fungicide and insecticides to make the finest multi-purpose Rose and Flower garden dust or wettable powder on the market, for the control of most insects such as Aphids, Japanese Beetles, Thrips, certain Caterpillars, Lacebugs, Rose Weevils, Red Spider Mites; and plant diseases, such as Black Spot, Powdery Mildew, Leaf Spot and Rust. Talisman

New Dawn

ACKERMAN NURSERIES *Plant Climbing Roses* Have Hundreds of Blooms in a Limited Space

All Varieties of Climbing Roses Listed on this Page, All 2-Year bushes, \$1.10 each; 3 for \$2.95.

2-180 — BLAZE. This hardy scarlet climber is a cross between Paul's Scarlet and Gruss an Teplitz. Blaze is seldom out of bloom; a generous display of bloom in June; and each succeeding year, as the plants become firmly established, the sturdy canes of "old wood" bring the ever-blooming characteristics to the fore. Large clusters of blazing scarlet flowers.

2-58 — CORAL PILLAR. A Pillar Rose of outstanding beauty. Rich coral-apricot blooms are borne heavily in early summer followed by repeat blooms all through the summer. Plant is a hardy vigorous grower and for trellis work up to 15 ft. in height. Buds open slowly and may be cut for bouquets.

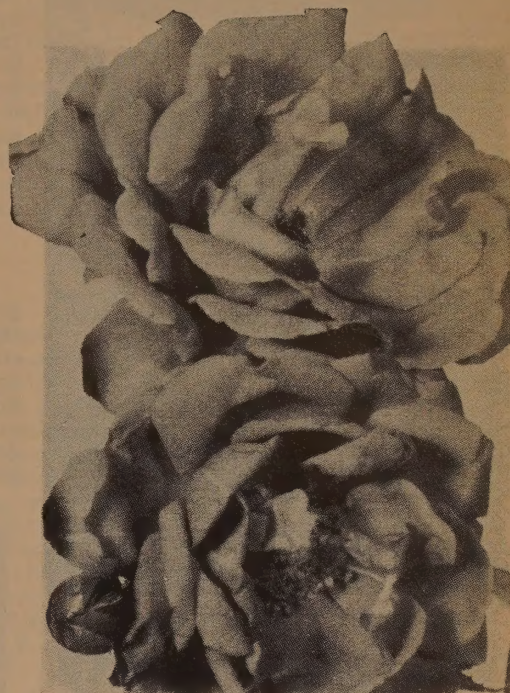

2-73 — NEW DAWN. This climber blooms almost constantly from early summer on through the fall. Silvery pink in color, the flowers are borne on long stems and are Tea Rose in size and form. Ideal for cutting. Hardy and sure to please.

2-169 — GOLD RUSH. Large golden blooms are produced almost constantly from spring until fall freezes. Buds are excellent for cutting and are freely borne.

2-65 — WHITE DAWN. The same as the New Dawn, but a magnificent pure white climber which is everblooming. Rapid growing and not stingy with blooms. Hardy.

2-59 — CRIMSON GLORY. Magnificent flowers of velvety crimson with black and maroon shadings produced in abundance in early summer followed by repeat blooms all through the season.

2-80 — Talisman. The climbing form of the well known variety described on page 32.

Everblooming Baby Polyanthas

These are especially fine for solid beds and for borders. Ideal for cemetery planting because they are so easy to grow and bloom so freely. Constantly in bloom from early summer until freezing. Very hardy, growing everywhere and requiring very little care. We are offering

3 varieties of Polyantha and 3 varieties of Floribunda, All 2-Yr. Bushes, \$1.10 each; 3 for \$2.95.

GOLDEN SALMON. Large clusters of bright salmon-orange. Grows 20 inches tall.

HOOSIER GLORY. Double, fragrant, brilliant carmine-red flowers as many as 100 non-fading blossoms in one cluster. Very showy.

FLORADORA. (A Floribunda) Brilliant cinnamon-red, carried in sprays of from 6 to 12. Double.

ORLEANS. Masses of rich pink blooms all summer long. Grows 20 inches tall.

PINOCCHIO. (A Floribunda). The buds perfect in form, richly colored deep salmon flushed with gold. Bloom in great clusters summer thru fall. 20 to 24 inches tall.

WORLD'S FAIR. (Floribunda). Winner of First Award. Bright, velvety-red. Double flowers are exceptionally hardy. Most outstanding.

PINK WEEPING CRAB

(*Malus Echtermeyer*)

An unusual flowering tree, of breathtaking appearance; blood-red buds open into lovely deep pink flowers early in May. The main stem or trunk of the tree is upright, but the branches are weeping and droop clear to the ground. Foliage bronze green, flesh of fruit is red. Perfectly hardy, medium-size tree. We know you will be glad you bought one of these trees. 2-Yr., 2-3 ft., \$1.85 each; 2 for \$3.50; 3-4 ft., \$2.45 each; 2 for \$5.50.

"SUNBURST" Locust

(Pat. 1313). The greatest new shade tree since the introduction of Crimson King Maple. Has brightest golden bronze foliage; its brilliant coloring is limited to tips of each branch, giving it the appearance of being in full bloom. Fast growing, clean and long lived. Tree is well formed, symmetrical and broadly pyramidal, with excellent spreading branching habit, completely free of thorns and is disease resistant. Withstands drought, heat and cold. Price: Strong, well rooted, 3-4 ft. trees, \$5.50 each; 2 for \$10.00. Net, no discount.

GOLDEN CHAIN TREE

(*Laburnum Vossi*). This beautiful low growing tree is completely covered early in the spring with graceful, 12- to 18-inch clusters of golden flowers. Not fussy about soils. Use as a specimen lawn tree, or would be excellent for planting against walls, corners — any place an unusual floral display is desired. 2-Yr., 6-8 ft. trees, \$5.45 each; 2 for \$9.95.

MIMOSA TREE

(*Albizia julibrissin*). Sometimes called Silk Tree or Sensitive Tree. Fern-like foliage with fragrant pink blossoms in round heads during June. Foliage resembles that of tropical plants. North of the Ohio river plant indoors only. 2-Yr., 2-3 ft. trees, \$1.65 each; 2 for \$2.95

TULIP TREE

(*Liriodendron tulipifera*). Tall growing, stately tree with smooth bark and large, irregularly shaped leaves of glossy green; ideal for quick shade. Blooms late May and early June, bearing numerous tulip-like flowers 2 to 3 inches long. Price: 2-Yr., 3-4 ft. branched trees, \$1.65 each; 2 for \$2.95.

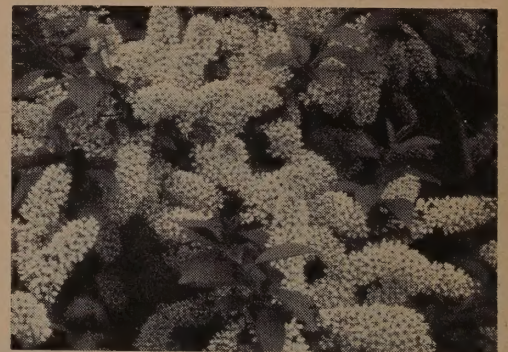

TREE HYDRANGEA

Beautiful, well developed trees of true P. G. type. Good roots and plenty of branches. They're beautiful anywhere. Very large clusters of white flowers, changing to pink. 2-Yr., 3-4 ft. trees, \$3.75 each; 2 for \$6.95.

PRUNUS TRILOBA

(The Rose Tree of China.) The double Flowering Plum. The flowers on this small-growing tree are like the Flowering Almond, double, rose-like, and hugging the naked branchlets so closely and so profusely it is impossible to see the branches; blooms are a bright shade of pink. Hardy and seldom grows taller than 8 ft. 2-Yr., 3-4 ft. trees, \$2.15 each; 2 for \$3.75.

MAY DAY TREE

(*Prunus padus commutata*). First tree to leaf out in spring, and first to bloom, providing masses of pure white flowers the first of May. Blooms followed by small edible fruits attractive to birds. Hardy, rapid growers. 2-Yr., 2-3 ft. trees, \$1.85 each; 2 for \$3.45.

UNUSUAL SHADE TREES

← SILVER QUEEN MAPLE

• SEEDLESS • VERY HARDY • GROWS ANYWHERE

A sensational New Hybrid Silver Maple which has everything and is fast growing! As you know, the Silver Maple has been an excellent fast growing shade tree for many years; its only fault was the production and shedding of seed pods that were such a nuisance. In this new Silver Queen Maple we are offering you a tree that has been hybridized and developed into a wonderful fast growing, seedless tree, that is hardy, and will grow anywhere. The Silver Queen is drought-resistant, and adaptable to a wide range of soils; it is a beautiful shade tree with interesting cut leaf type foliage and is pyramidal in growth habit. No need to wait years for shade — the rapid growth of Silver Queen will provide lots of shade in a short time.

PRICE	Each	2	4
2-Yr., 5 ft. branched trees	\$2.50	\$4.65	\$8.00

MORaine ASH

(Pat. No. 1768). Symmetrical Growth — Hardiness — Minimum Maintenance — Ideal Size. These are the many features combined in one tree to make the Moraine Ash the most popular choice for homes, parks and industrial landscaping. Symmetrical in growth; hardy in most sections of the country, and adaptable to a wide variety of soil conditions. Grow 35 to 40 feet tall. Beautiful olive-green foliage hangs onto tree later than on most Ash trees; lacy shade promotes luxuriant lawn growth. Price: 2-Yr., 6-8 ft. trees, \$4.50 each; 2 for \$8.25.

GINKGO TREE

(Maidenhair Tree). Known as the living fossil. It is one of the most satisfactory trees for planting under congested conditions as it is able to withstand smoke, gas and adverse growing conditions. A distinguished tree from the Orient, 40 to 50 feet, columnar growth when young, spreading with age into an odd sketchy outline. Its thick, leathery leaves are shaped like a fan. Robust and rapid grower. One of the few plants that has survived the ice age of ancient times. Price: 2-Yr., 4-5 ft. trees, \$4.50 each; 2 for \$8.50.

Harlequin Variegated Maple

In our opinion, Harlequin is the most beautiful shade tree in existence. It is a Norway Maple with a variegated leaf . . . leaves are green in the center with a beautiful ivory edging. The symmetrical, round top makes it a beauty, and it grows to 30 ft. Can be grown anywhere Norway Maple can. Price: 4-5 ft. trees, \$4.25 each; 2 for \$7.95.

Sweet Scented LINDEN

(Tilia Cordata). A compact, upright pyramidal growing tree, splendid for street planting. Foliage is very dark green above and lighter beneath, broad and heart shaped. Flowers are white, and are so sweet scented, their fragrance may be detected a block away. An excellent shade tree . . . 75-90 feet at maturity. Price: 2-Yr., 3-4 ft. trees, \$2.85 each; 2 for \$5.25.

STATELY SYCAMORE

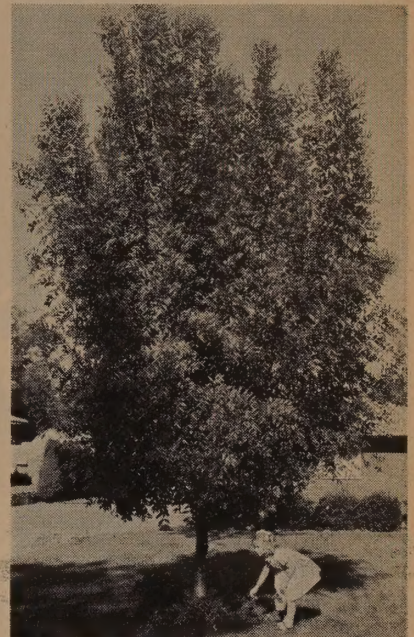

(Platanus occidentalis). American Plane Tree. The ruggedness of this stately tree make it particularly adapted to use as a street and park tree. Very picturesque with its smooth, almost white bark when developed, with its strong branches covered with large, glossy green leaves. Hardy and disease-resistant. Attains a height of 75-100 ft. PRICE: 2-Yr., 4-5 ft., \$2.50 each; 2 for \$4.50; 5-6 ft., \$3.50 each; 2 for \$6.50.

Plant **MAGNOLIAS** for *Early Spring Bloom*

Among the finest of all ornamentals are these hardy Magnolias. Their flowers are produced early in the spring before the leaves appear. Plants begin blooming when quite small, often flowering in the nursery row. We are offering these in three of the best hardy varieties:

3-335 — Soulangeana. Large, bell-shaped blooms measuring 4 to 6 inches across, delicate pink in color, and of beautiful waxy sheen. Mature 8 to 10 ft. tall.

3-336 — Soulangeana Nigra. Flowers are a beautiful purplish-red outside, while the inside is a delicate waxy white. Blooms measure 5-7-in. Trees mature 8 to 10 ft.

Price: Soulangeana and Nigra, 2-3 ft. trees, \$3.95 each; 2 for \$7.50.

Stellata. The very rare Star Magnolia gives possibly the greatest show of all Magnolias. Flowers open before the leaves, sometimes in April, are about 4 to 5 inches across, pure white and somewhat double, very fragrant. The long, narrow leaves are thick and dark green, turn distinct bronze in the fall. Tree is slow growing and spreading, matures to about 12 ft. Bloom at a young age. **Price: 2-3 ft., \$4.65 each; 2 for \$8.95.**

White Dogwood

FLOWERING DOGWOOD

New "CHEROKEE CHIEF"

Sensational Red Flowering Dogwood

A tree that is outstanding and exciting throughout the growing season — clean rich ruby red flowers early in the spring — foliage bright red late spring and early summer — fall coloring is bright scarlet shading to green. Bears clusters of bright red fruit in September and October, which they carry well into the winter. A strong, clean grower with dominant leader and uniform branching habits; grows 8 to 10 feet tall. Truly red red-flowering Dogwood, which is the "CHIEF" among all flowering Dogwoods. **Price: Branched, 3-4 ft. trees, \$6.00 each; 2 for \$11.00.**

PINK FLOWERING

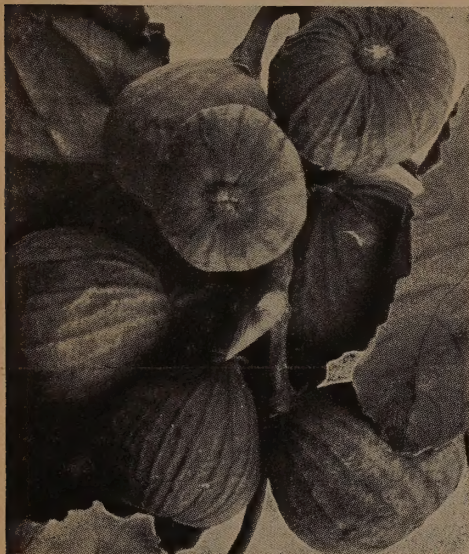

3-218 — Cornus Florida Rubra. This charming, brilliant spring-flowering tree possesses a large measure of attractiveness throughout the entire year. Truly a magnificent sight when in bloom. Showy pink blooms appear in early spring, followed by rich, dark green leaves, which change to gorgeous red in fall. Does well in shade. 12-15 ft. at maturity. **Price: 3-4 ft. trees, \$4.25 each; 2 for \$8.00.**

WHITE FLOWERING

3-217 — Cornus Florida. One of the most beautiful of all of our native trees. Early in the spring, the tree is literally covered with single flowers of creamy white which change to white; these are followed by red fruits. Deep green foliage changes to red in the fall. Dogwood thrives in any fertile soil; prefers a shaded location. 12 to 15 ft. at maturity. **Price: 3-4 ft. trees, \$2.75 each; 2 for \$4.95.**

FRUIT *Out of the Ordinary*

Bring The Delicious Taste Of Far-Away-Lands Into Your Own Home —

Everbearing Fig

✓ **EVERBEARING FIG**

3-220 — Our Dwarf Fig is particularly adapted to growing in the north as it does well in either tubs or in the open ground. The root is perfectly hardy. Should tops freeze, it can be cut to the ground, and when it begins growing again it will produce fruit on the new wood. We recommend tub culture north of Philadelphia. Plants bear the first year they are set out, and abundantly each year thereafter. The fruit is of good size, sweet and delicious with flesh that is firm and meaty. Is an excellent fruit for making preserves, jams, canning, drying or to eat fresh. **Price: 2-3 ft. trees, \$1.60 each; 2 for \$2.95.**

Hardy Chinese Dates

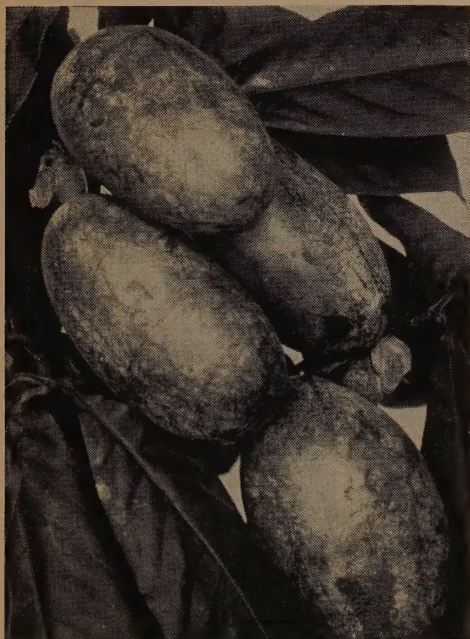

✓ **HARDY CHINESE DATES (Jujube)**

3-219 — Coming from the high interior of China, it is quite hardy, the U. S. Dept. of Agriculture bulletins reporting it has withstood 22 degrees below zero without injury. It is adapted to a wide range of territory and all kinds of soil.

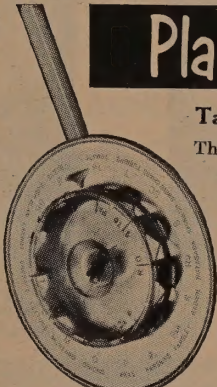

It blooms very late in the spring. The tree is a heavy and constant bearer, commences to bear at an early age; four-year-old trees having produced 150 pounds of fruit. The chocolate-colored fruit is one to two inches long. Delicious eaten fresh or cured like dates. **Price: 2-3 ft. trees, \$3.25 each; 2 for \$6.25.**

✓ **OLD-FASHIONED PAW PAW**

3-355 — (Michigan Banana Tree). A handsome tree attaining a height of about 20 feet. Has large purple flowers, which are very beautiful and fragrant. Makes a handsome tree for the park or lawn as the foliage is large and dark green. Produces good size yellow fruits which have the flavor of the banana and are very delicious. Although the fruit is somewhat shorter and thicker than the banana, the resemblance is very close. Trees are hardy and can be grown anywhere in the U. S. Prefers a shady location and somewhat rich humus soil. **Price: 3-4 ft. trees, \$2.25 each; 2 for \$4.25.**

Old-Fashioned Paw Paw

Plant-Rite

Takes the backache out of planting!

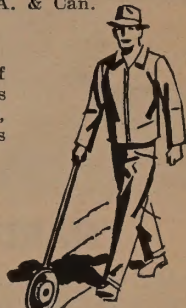

This unique planter takes the backache out of planting vegetable seeds. Simply load seeds into the container, dial the proper setting, and then push Plant-Rite along the row as you walk upright!

Made in attractive, bright outdoor colors . . . Tubular steel handle and molded rubber grip . . . nylon bearing, needs no oiling . . . die-cast seed container and row wheel.

PRICE: \$4.95 each.

ROW SEEDER

Pat. Pend. U.S.A. & Can.

✓ **HARDY AMERICAN PERSIMMON**

3-224 — Bright golden orange fruits with a rich, spicy and delicious flavor, which are highly prized when gathered after the frosts. Bear at an early age. Hardest variety grown. Highly ornamental. **Price: 2-3 ft. trees, \$1.35 each; 2 for \$2.45.**

BE THE FIRST TO HAVE THESE UNUSUAL FRUITS

BLUE HYDRANGEA

This hardy Nikko strain produces immense flower heads, 6 to 12 inches across, lasting for many weeks. The flowers are pink in ordinary soil, but in acid soil they are blue. The addition of aluminum sulphate to the soil will create an acid condition, resulting in blue flowers. Grows 3 to 4 ft. Hardy. Price: 2-Yr., 18-24 in. shrubs, \$1.50 each; 2 for \$2.85.

Acid Loving SHRUBS

OF GREAT BEAUTY

BROADLEAF EVERGREENS and ACID LOVING SHRUBS, such as Azalea, Daphne, Rhododendrons, Blue Hydrangea, Mountain Laurel, and Holly, grow best in an acid soil. This condition can be induced by application of aluminum sulphate, one-half to one pound, or sulphate of ammonia, one to three pounds, or Acid Peat, sprinkled evenly over a square yard of surface and spaded in.

American Holly

AMERICAN HOLLY

1.49 — (*Ilex Opaca*) An evergreen tree which has been acclimated to northern states. A moderate grower with spreading, short branches tapering upwards to a narrow head. Broad, oak-like shiny evergreen leaves with spiny teeth. Bush is covered with red berries in fall, which remain all winter. We offer these in both MALE and FEMALE . . . plant one of each for best results. Price: 4-Yr. shrubs, \$3.15 each; 2 for \$5.95.

HARDY AZALEA MOLLIS

2-171 — This is a hardy variety of Azalea that blooms well and lives through the northern winter. Low growing, beautifully shaped, fine foliage, color of bloom ranges from yellow to deep orange and rose; blooms in May and June. We cannot guarantee choice of colors as these are hybrids. Grows 3 feet high, and do well in both sunny and partially shaded locations. Nice 6-8 in. plants, \$1.50 each; 2 for \$2.65. 9-12 in. plants, WITH BUDS, \$2.25 each; 2 for \$4.25.

RHODODENDRON Hardy Hybrids for Beauty

One of our most elegant native plants. Always a thing of beauty. With their beautiful flowers and broad-leaved, leathery, evergreen foliage, are perfect anywhere . . . can be grown in full sun or shade. Loamy acid soil, rich in organic matter, is preferred. We offer these in HYBRID SEEDLINGS (no color guarantee in these), plus two named kinds, as follows: AMERICA, bright red; and ROSEUM ELEGANS, rose, tinted lilac. PRICE: Bushy, 10-15 inch plants, with peat ball:

Rhododendron Hybrids, \$2.95 each.

America and Roseum Elegans, \$4.75 each; 2 for \$9.00.

HOLLIES as House Plants

The Traditional Christmas green, is familiar to everybody, but Holly as a house plant is something new. Just imagine this unique little tree growing in your living room and producing bright red berries at Christmas time! No more trouble than growing ordinary house plants — simply repot in a fairly firm soil, being sure the space around and under the root ball is filled in snugly with garden loam, to which moisture-holding humus has been added. A mulch of peatmoss or compost is also desirable. Water should be applied often enough to keep foliage fresh and crisp, with occasional sprayings to wash off dirt. Do not fertilize during winter, but start in March, using a liquid house-plant fertilizer. Then, after all danger of freezing is past in the spring, like many other house plants, it can be given an outdoor vacation, by sinking the pot and plant in your garden bed. We are pleased to offer these in SEXED plants — Male and Female. One of each should be planted to insure proper pollination. Specify kind wanted. Price: Fine plants, 8-12 in., \$1.60 each; 2 for \$2.95. 4 for \$5.50.

Exquisite

BEAUTIES

CARDINAL SHRUB

(Weigela Vanicek). One of the most beautiful red Weigelas. Bloom is soft ruby-red shading to garnet-crimson. 6-7 ft. at maturity; requires little pruning for it flowers well from old wood. Hardier and more vigorous than most Weigelas. 2-Yr., 18-24 in. shrubs, \$1.55 each; 2 for \$2.65; 4 for \$4.95; King size shrubs, \$2.25 each.

KERRIA JAPONICA (Flora Plena)

1-50 — a slender branched shrub of great beauty. Flowers are orange-yellow, very double, having the appearance of little roses. Blooms in June, with enough flowers throughout the summer to make a pretty display. 8 ft. at maturity. Hardy, splendid for all landscape plantings. 2-Yr., 18-24 in. shrubs, \$1.25 each; 2 for \$2.25.

New "ROYAL-PURPLE" SMOKE TREE

(Rhus Cotinus rubrifolius). A rare grafted variety direct from Holland. Like the regular Smoke Tree in growth and form, except it has large, shiny metallic purplish-black foliage all season, with deeper rosy colored plumes. Hardy everywhere. 2-Yr., 18-24 in. shrubs, \$2.75 each; 2 for \$4.95. King size shrubs, \$3.95 each.

CLETHRA ALNIFOLIA

Summersweet — (Sweet Pepperbush). Their spicy, fragrant spikes of bloom are generally white, but often with a pinkish tinge; they start blooming in July and continue until Sept. Grow 3 to 6 ft. tall. Leaves are a shining green, 2 to 3 in. long, toothed, and resemble those of the Alder. Do best in moist, acid soils. Hardy. 2-Yr., 12-15 in. shrubs, \$1.65 each; 2 for \$2.95.

Kerria Japonica, Flora Plena

"Royal" Smoke Tree

Clethra Alnifolia

Hardy CRAPE MYRTLE

This plant, which is much a part of Southern Beauty, is now available in hardy form for those of us in more northern climates. Habits similar to Buddleia, as it dies down to the ground each winter in the North, but throws up new shoots each spring, and flowers in the summer. We offer these in 3 colors this year: Red, Pink and Purple. (Specify color wanted). 2-Yr., 18-24 inch, \$1.00 each; 2 for \$1.85.

MAHONIA AQUIFOLIUM

(Oregon Grapeholly.) An ornate little evergreen shrub. Fine for interior decorative purposes. Leaves are holly-like and bright green. Has long clusters of bright golden yellow flowers in the spring, followed by bunches of bright blue, grape-like berries. One of the hardiest of the broad-leaved evergreens. Attractive foliage, flower and fruit. 3-Yr. Transplants, \$1.25 each; 2 for \$2.25.

EUONYMUS MANHATTAN

New, Improved Winter-Green. Stays Green All Winter. One of the most attractive and versatile of all shrubs. The lustrous, glossy green leaves stay on all winter, especially when planted in part or full shade. Makes a shapely bush 5 to 7 feet tall, but can easily be trimmed to any desired height. Fine for foundations, specimens, and makes a wonderful hedge. Thrives in sun or part shade, or even on the north side of house. This fine shrub can be used instead of evergreens. Easier to grow, not as expensive, and grows faster. 18-24 in. shrubs, \$1.95 each; 2 for \$3.75.

Beautiful ORNAMENTAL SHRUBS

FOR LASTING BEAUTY

FRENCH LILACS

No garden should be without some of these gorgeous French Lilacs. Immense flower panicles 8 to 12" long, with single to double florets. They are perfectly hardy. Bloom quickest of all Lilacs, blooming very young—generally the next year after planting. Will not sucker. Carefully budded on hardy understocks. We offer 5 varieties, as follows:

2-163 — Pres. Grevy, blue. 2-162 — Marechal Lannes, pink.
2-161 — Alphonse La Valle, purple. 2-160 — Chas. Jolly, red.
2-164 — Ellen Willmot, white.

Price: 18 to 24 in. shrubs, \$1.55 each; 2 for \$2.90. King size, \$2.45 each.

French Lilac

3-N-1 ALTHEA

3 Colors on One Bush! Red, White and Blue — National Colors Offered In A Living Shrub! Patriotic Flags and Banners soon fade and are forgotten, but this "Patriotic Shrub" lives on for years and Years. Hardy. Bloom from early August on into September. 2-Yr., 2-3 ft. shrubs, ready to bloom, \$2.25 each; 2 for \$3.95.

3-N-1 Althea

ABELIA GRANDIFLORA (Glossy Arbutus)

2-111 — Dainty, bell-shaped, white and pink flowers from early spring until frost. Shiny, practically evergreen leaves look as though they had been waxed. In cold climates, suggest planting in protected area. About 5 feet at maturity. 2-Yr., 18-24 in. shrubs, \$1.35 each; 2 for \$2.50.

New Everblooming TAMARIX

(Summer Glow). 2-107 — A new variety, by far the best. Thrives in sun or shade and in any type soil. The silvery blue feathery foliage gives a charming lacy loveliness. The attractive wine-red flowers are produced all summer. Grows 10 to 12 feet tall, but can be pruned to a lower height. Hardy. Excellent for screen or background plantings. Price: 18-24 inch shrubs, \$1.00 each; 3 for \$2.75.

RED JAPAN QUINCE

2-123 — The Red Firebush! Very early in the spring, this fine, attractive shrub is completely covered with dazzling, scarlet flowers, followed by small, fragrant, quince-shaped fruits. Foliage dark, glossy green. Very desirable for single specimens, also for hedges. Grows 5 to 7 feet tall. 2-Yr., 18-24 in. shrubs, \$1.10 each; 3 for \$2.95. King size \$1.95 each.

BEAUTY BUSH

2.96 — (Kolkwitzia Amabilis). Covered early in May with the utmost profusion of small, bell-shaped, clear pink flowers with brownish spots and veins. The tiny rose-colored buds are fascinating, hooded with fuzzy jackets which remain to decorate the seed pods. Graceful the year round and perfectly hardy. 2-Yr., 18-24 in. shrubs, \$1.10 each; 3 for \$2.95.

Red Japan Quince

Rare & Colorful Shrubs

FERN LEAF EUONYMUS

2-86—(*Euonymus Turkestanica*). We believe this is one of the most rare yet beautiful shrub known. It has been growing in Morden, Manitoba Canada for many years, which means it is perfectly hardy. The foliage stays on all year, changing from rich green to bronze-purple in late fall. In late summer, the seed pods color bright pink which gradually open showing the bright orange red fruits. Grow 4 to 6 feet tall, and thrive in full sun or partial shade. Ideal for individual specimens or can be used in the shrub border or foundation plantings. 3-Yr., 15-18 in. shrubs, \$1.45 each; 2 for \$2.65.

Fern Leaf Euonymus

"CHARTREUSE" SHRUB

(*Ligustrum Vicari*). Just The Shrub for that Extra Bit of Color for your Landscape. Bright yellow foliage makes it a fine specimen alone or as a color accent in the shrub border. Sophisticated, beautifully different. Grows to a height of 4 to 6 feet, but can be trimmed to any desired height. Makes a handsome, luxuriant hedge, as well as a specimen shrub. Hardy. 2-Yr., 15-18 inch shrubs, \$1.50 each; 3 for \$3.75.

"Chartreuse" Shrub

"ROSE GOLD" PUSSY WILLOW

1-56—(*Salix gracilistyla*). Those of you who have enjoyed the common Pussy Willow, will more than thrill over this one! Breaks out in late February or early March with hundreds of the largest silvery catkins you can imagine, which progress through a fascinating series of color changes. At first silvery-gray, then turn silvery pink, then rosy pink dotted with hundreds of bright yellow stamens, finally becoming nearly solid gold. 5 to 6 ft. at maturity. Hardy. 2-Yr., 18-24 in. shrubs, \$1.35 each; 3 for \$3.75.

"Rose Gold" Pussy Willow

PINK FLOWERING ALMOND

2-119 — The shrub is a cloud of tiny rose-like blooms before leaves appear. Early spring-flowering shrub. Growth dwarf and bushy, compact with slender branches. Flowers are a rosy-pink, generally fully double, set close to the wandlike branches. Very hardy. 2-Yr., 18-24 in. shrubs, \$1.10 each; 3 for \$3.00.

Pink Flowering Almond

EUONYMUS (*Alatus Compactus*)

Burning Bush or Dwarf Corkbark Shrub

1-48 — A shrub of unusual bark formation — heavily ridged branches which resemble layers of cork. Yellow flowers in May-June followed by red fruits. Foliage is especially fine in autumn when it turns to brilliant coppery-crimson tinged rose. Thrives in partial shade or full sun. Perfectly hardy, makes a compact, bushy plant 4 to 5 feet tall and just as wide. Not particular as to soil. 2-Yr., 18-24 in. shrub, \$1.95 each; 2 for \$3.50.

← CHOICE BUDDLEIAS

For delicate coloring, for their long blooming period, for hardiness and general dependability, these beautiful Buddleias described below are unexcelled. Not only are the blooms exquisite, but they will attract the most colorful butterflies. Hardy, producing bushy plants of 4 to 5 ft.

2-109 — **Empire Blue.** Gorgeous sprays of very finest blue, from midsummer until late fall.

2-95 — **Pink Charming.** Elegant, long sprays of beautiful pink, often 12-15 inches long.

2-101 — **Burgundy.** Rich dark royal purple. Large sprays 2 feet in length. New variety of Merit.

2-118 — **White Profusion.** Huge spikes of fully rounded-out bloom of glistening white. Excellent for cutting.

PRICE: All Varieties of Buddleias, 2-Yr., No. 1 field-grown plants, \$1.00 each; 2 for \$1.80.

Euonymus Alatus

"SHARE Your Catalog with Your FRIENDS and NEIGHBORS!"

Items of Rare Beauty

that will be the envy of your neighbors

1-54 — SNOWFLAKE. (Double Flowering Philadelphus). A comparatively new Double Mock Orange which is hardier and more double than the Virginal. Large clusters of white flowers with golden stamens. Blooms freely in June and July, and occasionally thereafter. Attains a height of 5 to 6 ft. at maturity. Does well in sun or part shade. Single flowers on 1-year wood and double flowers on 2-year wood. Supply your own "Bridal bouquets" with these wonderful shrubs. **Price: 2-Yr., 18-24 in. shrubs, \$1.10 each; 3 for \$2.95. King Size \$1.45 each.**

Philadelphus Snowflake

Deutzia Lemoinei

SILVER-VARIEGATED DOGWOOD. (Cornus Alba Elegantissima). One of the finest Dogwoods grown, although one of the scarcest shrubs among Nurserymen today. Branches have beautiful purplish red bark, and foliage is most strikingly variegated. The color contrast in the shrub border creates a delightful effect. Reaches only 4 to 5 ft. in height, but may be easily held to any desired size by trimming. **Price: 18-24 in. shrub, \$1.10 each; 3 for \$2.95.**

1-45 — DEUTZIA LEMOINEI. This is one of the beautiful hybrid Deutzias and it is particularly desirable as a specimen shrub because of its graceful habit and its profusion of bloom. It blooms about the middle of May, and the masses of white flowers, which are borne in thickly clustered panicles, are very showy and attractive. Seldom attains a height of more than 3 to 4 feet. **2-Yr., 18-24 in. shrub, \$1.15 each; 3 for \$3.15.**

Silver Variegated Dogwood

Forsythia Spring Glory

1-55 — FORSYTHIA, "SPRING GLORY." When seen in bloom, it is a sight not easily forgotten. Its large, pale yellow flowers completely cover the branches in such masses that they literally bend with their weight—almost twice as many blooms as the common Forsythia. Very hardy. **18-24 in., \$1.00 each; 3 for \$2.90.**

2-139 — COTONEASTER DIVARICATA. The choicest of all varieties. Its deep, lustrous green foliage is nearly evergreen. Bush well formed and compact. Filled with dainty flowers in spring, followed later by bright red berries. Medium-tall, spreading habit. Produces pink blooms over a long period. Its bright green, waxy leaves turn a colorful red in the fall. **18-24 in. \$1.15 each; 3 for \$3.15.**

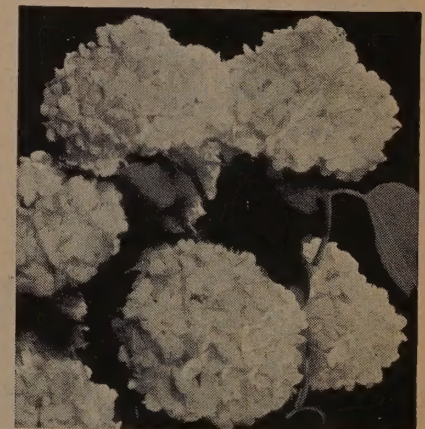

Cotoneaster

2-164 — JUNE BERRY (Amelanchier Grandiflora). Long, pendulous white sprays of bloom with the first flowers of spring, before leaves are fully expanded. The unusual blooms are followed by fruit which is maroon-purple, and at the first glance has appearance of a blueberry. Very hardy. A delicacy for your birds as well as jam for yourself. **Fine, 2-3 ft. shrubs, \$1.25 each; 3 for \$3.50.**

Juneberry

2-122 — SNOWBALL. Common (Viburnum Opulus sterile). This well-known favorite, prized by every gardener. It is really one of the prettiest grown. It has immense globular clusters of flowers in May and June; grows 9 to 11 feet high. **2-Yr., 18-24 in. shrub, \$1.10 each; 3 for \$2.95.**

Colorful-Inexpensive BEAUTIES

Calycanthus

Hydrangea A. G.

Oak-leaf Hydrangea

Spirea Anthony Waterer

2-100 — CALYCANTHUS. The sweet-scented Shrub or Strawberry Shrub; also called Chocolate Shrub and Carolina All-spice. Flowers very double, a brownish-purple in color, and deliciously fragrant. Blooms nearly all summer. Even the roots are very fragrant. Matures 8 to 10 ft. 18-24 in. shrubs, \$1.10 each; 3 for \$2.95.

2-103 — HYDRANGEA P. G. This lovely showy shrub produces in abundance during August and September, clusters of white flowers which gradually change to pink. Valuable for winter decoration if flowers are allowed to dry on bush. Useful for foundation planting or for massing in borders. Hardy, easy to grow and blooms first season planted. 18-24 in. shrubs, \$1.10 each; 3 for \$2.95. King size shrub, \$1.35 each.

2-97 — HYDRANGEA A. G. (Hills of Snow). Large, flat clusters of white bloom from June to September. The most hardy of the Hydrangeas and especially useful for shady places. Excellent for solid low border or in foundation planting. Very popular shrub. 2-Yr., 18-24 in. shrubs, \$1.10 each; 3 for \$2.95.

2-94 — WITCH HAZEL (Hamamelis Vernalis). Flowers in the winter. In January, February and March great masses of orange and yellow bloom. Rarely exceeds 6 feet in height. Hardy, sweetly fragrant. An excellent shrub for border planting or individual specimens. 2-Yr., 18-24 in. shrubs, \$1.10 each; 3 for \$2.95.

2-83 — SPIREA ANTHONY WATERER. A choice, low growing shrub, distinctive in style and form. A dwarf variety, growing 2 to 3 ft. tall. Produces large, flat clusters of reddish-pink flowers nearly all summer... don't be afraid to cut for colorful bouquets since pruning helps to continue the blossoming until frost. Handsome foliage. Hardy. 2-Yr., 18-24 in. shrubs, \$1.10 each; 3 for \$2.95.

2-87 — AMERICAN CRANBERRY. Selected by the U.S. Dept. of Agriculture for their especially fine fruit characters. They produce large, showy masses of white flowers in June, followed by clusters of large brilliant red, edible berries in late September. Highly ornamental and attractive. 2-Yr., 18-24 in. shrubs, \$1.10 each; 3 for \$2.95.

OAK-LEAF HYDRANGEA (Quercifolia). Handsome 3-lobed leaves measuring 4 inches across, color to bright purplish red in autumn. Pyramidal white flower panicles measure 8 to 12 inches long. Blooms in July. Grows 4 to 5 feet tall. 2-Yr., \$1.10 each; 3 for \$2.95.

New ALTHEAS. Two of the most choice kinds! Large, 4 to 5-in. flowers stand out like pert saucers. Stunning in shrub plantings or as a specimen.

"Blue Bird" . . . exceptionally large blue flowers. single.

"Morning Star". A beautiful double white with a deep red throat.

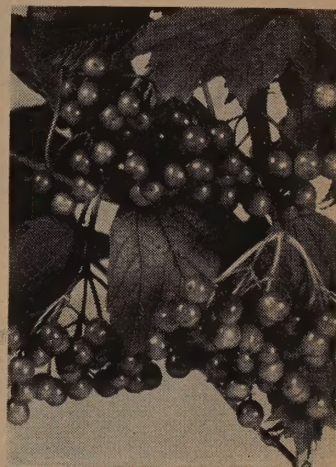

PRICE: (Specify kind wanted) "Blue Bird", 18-24 in. \$2.95 each. "Morning Star", 18-24 in., \$1.35 each; 2 for \$2.50. 2-3 ft., \$1.95 each; 2 for \$3.50.

2-Yr., 18-24 in. \$1.00 each; 3 for \$2.75.

King size Shrubs (in Honeysuckle, Red and White Snowberry, and Russian Olive):
\$1.35 each.

2-81 — TARTARIAN HONEYSUCKLE, Pink. Tiny trumpet-shaped flowers in late May, followed by red berries in late summer and fall. Bushy, upright. Grows 8 to 10 ft. high. Berries of these shrubs are known to be eaten by 118 kinds of birds.

AMERICAN BEAUTYBERRY. A native, large-leaved shrub, which blooms during August with small auxiliary clusters of pink flowers; these are followed by conspicuous violet-colored berries. If top should freeze, young shoots will come up and flower and fruit next season. Berries delight 36 varieties of birds.

2-138 — REDTWIG DOGWOOD. One of the best native shrubs; free flowering; very handsome when in bloom, and with its white berries on red stems in the fall. Grows compactly, 6 to 10 feet in height. 93 kinds of birds eat the fruit of this Dogwood.

2-129 — WHITE SNOWBERRY. A desirable shrub with small, pink flowers, followed by large, white, wax-like berries which hang on the plant through most of the winter. Is very showy and succeeds everywhere. Does well in shade. Grows 3 to 4 feet tall. Untold numbers of birds enjoy the berries of this shrub.

2-137 — RED SNOWBERRY. Often called Coralberry or Indian Currant. Similar to White Snowberry but with red berries. 53 species of birds feed on these berries.

2-120 — HANSEN'S BUSH CHERRY. An ornamental shrub producing delicious fruit! Snow-white flowers in early spring, followed by fruit as large as any sweet cherry, but plum-shaped; good flavor — delicious to eat from the bush, fine for sauce, jams and jellies. Very hardy — grows 4 to 5 feet tall. Enjoyed by 118 kinds of birds.

2-140 — RUSSIAN OLIVE. Rugged, tree-like shrub, growing 10 to 12 feet high. Foliage is a beautiful silver-gray, contrasting sharply with other shrubs. Flowers are deep golden and very fragrant, followed by ornamental yellowish-brown fruits with silver scales. Highly recommended for tall hedges to hide undesirable views.

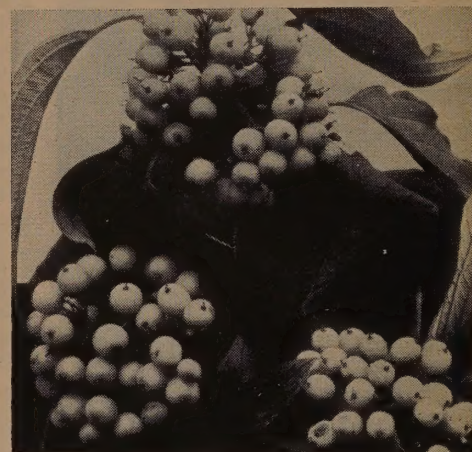

Russian Olive

The Department of Agriculture estimates that insects do over a billion dollars' damage a year to our crops, while the value of birds in combating these insects is over 300 million dollars. Besides their value in destroying insects, many species help in keeping down weeds. Offer the birds board and lodging by planting berry producing shrubs, and you will have a host of willing helpers, working tirelessly for you throughout the whole year.

Insect-eating birds flock to farms where a side dish of brilliant shrubs and tree berries has been planted.

ANY SHRUB ON THIS PAGE

(Except Spirea Van Houttei)

2-Yr., 18-24 in. \$1.00 each; 3 for \$2.75.

King Size Shrubs, (in Altheas, Smoke Tree, Forsythia Lynwood Gold, and Zabeli Honeysuckle), \$1.35 each.

ALTHEA (Rose of Sharon). Beautiful tree-like shrub, blooming late in August and September with a profusion of large and brightly colored flowers. Grows 10 to 12 feet high. Attractive as a specimen or for hedges. All Double-flowering. Your choice of following colors: 2-113 — Pink. 2-114 — Red.

2-85 SMOKE TREE (Rhus Cotinus). Purple Fringe. Unique spreading, tree-like shrub with large leaves. Overhung to midsummer by cloud-like masses of mist-like flowers having the appearance of smoke. Foliage changes to a brilliant red and yellow in fall. Good as a single specimen, or with tall shrubs. Matures 8-10 ft.

1-56 — HYPERICUM PROLIFICUM (Golden St. John's Wort). Beautifully formed, golden-yellow flowers with dozens and dozens of bright golden stamens in the center, appear from early summer until frost, covering the bush with a blanket of gold. Unusually bright, green foliage. Grows 3 to 4 ft. tall.

2-136 — PURPLE LILAC. It is hard to outclass this old-fashioned purple Lilac. Early prolific bloomer, very fragrant. Very fast growers.

LILAC, Persian Purple. A shrub with slender arching branches, attaining a height of 8 to 10 ft. The foliage is small, the flowers bright orchid-purple. Blooms in May and June. A much more profuse bloomer than the common, and does not sprout so much from the roots.

FORSYTHIA, Lynwood Gold. An erect growing, large-flowering type, producing golden yellow flowers from top to bottom, in much greater profusion than most Forsythia. The individual blooms are better and fuller in form. Mature to a height of 5 to 7 ft. Hardy. Blooms early April.

2-132 — MOCK ORANGE (Philadelphus Coronarius). Tall, Hardy and vigorous. Blooms in May, in graceful sprays of large white, fragrant flowers. Grows 8 to 10 feet tall.

2-91—SPIREA BILLARDI. A distinct variety of the Spirea family. Long, lacy conical spikes of rose-pink flowers from June to August. Hardy. Matures 4 to 5 ft. Covered with beautiful, bright rose-pink bloom during the entire summer.

2-93—YELLOW WEIGELA (Diervilla Lutea). A very attractive and desirable shrub. An uncommon Weigela with pure yellow flowers. Foliage has a decided reddish cast during the summer, becoming more pronounced in the fall.

ZABELI RED HONEYSUCKLE. Very compact, erect, well-formed bush maturing to 7 feet. Produces red small trumpet-shaped blooms, which are followed by brilliant red fruits in late summer. Hardy.

2-135 — SPIREA VAN HOUTTEI. The flowers are pure white, and borne in dense clusters along the whole length of the branches. Excellent as a hedge plant or for grouping. Well branched. 2-Yr., 18-24 in. shrubs, 75c each; 3 for \$1.95; 6 for \$3.35. 2-3 ft. shrubs, 95c each; 3 for \$2.50.

2-126 — ROSE-ACACIA (Moss Locust). Elegant shrub, with light green pinnate leaves, and long, graceful clusters of pea-shaped, rose-colored flowers in June and often later. An attractive addition to any planting. Grows to 5 feet at maturity.

Ackerman's EVERGREENS

Help Make Your House a Lovely Home
Our small and medium-size Evergreens are shipped packed in peat or moss

5-715 — COLORADO SPRUCE. One of the hardiest and most beautiful of all evergreens for specimen planting. Should have plenty of room to develop its branches and stately form. Should be planted where they have plenty of sunlight to get best color effect. Since Colorado Spruce are grown from seed there is some variation in the shading . . . color ranges from deep green to glaucous blue, depending upon the season. **15-18 inch Transplants, \$2.95 each; 2 for \$5.00.**

5-717—CANADIAN HEMLOCK. Most graceful of all Evergreens. Its long branches droop gracefully to the ground. The conical shaped tree, tapers evenly from a broad base to a long straight thrifty shoot. The needles are soft and delicate; color is dark green on top, glaucous or whitish beneath. Grows rapidly. **12-15 inch Transplants, \$2.85 each; 2 for \$5.50.**

5-716 — PYRAMIDAL ARBOR-VITAE. Densely columnar type, compact and erect. Foliage is deep green. Height matured is 12 to 15 feet. **15-18 inch Transplants, \$2.95 each; 2 for \$5.50.**

Pfitzer
Juniper

JUNIPERS

5-705 — PFITZER'S JUNIPER. Low spreading type, deep-green foliage with grayish cast. Excellent for foundation plantings and to plant in front of tall Evergreens, in full sun or part shade. Hardy. **15-18 inch Transplants, \$2.95 each; 2 for \$5.50.**

5-718 SAVIN'S JUNIPER. Rather upright, plume-like branches are densely covered with bright green, short-tufted foliage. Habits similar to Pfitzer's but does not spread quite as much. **Price: 15-18 inch, \$2.75 each; 2 for \$5.00.**

5-719 — ANDORRA JUNIPER. A prostrate creeping type. Silvery-green foliage in the spring and summer, turning at the first touch of frost to a beautiful mauve-pink. Very hardy. **18-24 inch Transplants, \$2.95 each; 2 for \$5.50.**

5-704 — IRISH JUNIPER. Erect and slender, formal and columnar in form; fine prickly needles. Excellent for corner or entrance plantings, and also ideal for specimen plantings in the lawn. Hardy. **18-24 inch Transplants, \$2.95 each; 2 for \$5.50.**

EVERGREENS for XMAS TREES

AND FOR SOIL EROSION CONTROL

Norway Spruce. Most extensively planted, outdoor living Christmas tree. Highly recommended for street and specimen plantings. Fast growing, tall, stately trees. Also, good for windbreaks. 6-8 in. trees.

Black Hills Spruce. This is the hardiest of all Spruce-symmetrical, compact and bushy habit of growth. Foliage varies from green to bluish tint, and all trees are remarkable for their bright, fresh color. When matured, reaches 25-30 ft. with a spread of 10-12 ft. 6-8 in. trees.

Austrian Pine. Few trees show such remarkable resistance to the trying conditions of city planting. Needles are such a rich, deep, green color that it is often called Black Pine; they are 2 in a sheath, straight and slender, and 4 to 5 inches long. 40 to 50 ft. at maturity. **6-8 in. trees.**

Scotch Pine. Staunch hardy, beautiful evergreens for windbreaks and specimen planting. Attains a height of 40-50 ft. Dark green, medium needles of about 3 inches in length. 6-8 in. trees.

PRICE: (4 varieties listed above; 10 for \$2.25; 25 for \$5.25; 50 for \$10.25.)

Colorado Spruce. The popular tree at Christmas time. One of the showiest and most impressive Evergreens. Color ranges from deep green to glaucous blue, depending upon the season. When matured reaches 25-30 ft. with a spread of 10-12 ft. **Price: 6-8 in. trees, 10 for \$2.90; 50 for \$12.65; 100 for \$22.00.**

HARDY JAPANESE YEW

Most Luxuriant Evergreens Grown!

★ Extremely Hardy.

★ Easy to Grow.

★ Do Well in Shade.

★ Landscape Favorites.

Without a doubt, the Yews are among the finest and most luxuriant Evergreens grown. They are extremely hardy, easy to grow, do well in shade, and are especially fine in landscaping the new type home being built today. All varieties offered below have the same type needle, which is a rich deep green in color, with waxy appearance. Will withstand complete shade, and can be sheared any shape or size.

Capitata Yew

CAPITATA (Upright) YEW. A tall, pyramidal form, broad at the base and tapering to the top of the tree. This variety has but one leader. At maturity, attains height of 10 to 12 ft. Price: 12 to 15 inch Transplants, \$3.25 each; 2 for \$6.25.

Dwarf Yew

BABY YEW

We offer these 4-Yr. 6-8 inch Transplants, in Capitata, Hicksi, and Spreading Yew, for the following price: 3 for \$1.95; 10 for \$5.50; 25 for \$12.50; or 50 for \$22.50.

BARGAIN NO. 48 "CORNER" PLANTING

- 1 Capitata Yew, 12-15 in.

A saving of \$2.40

Spreading

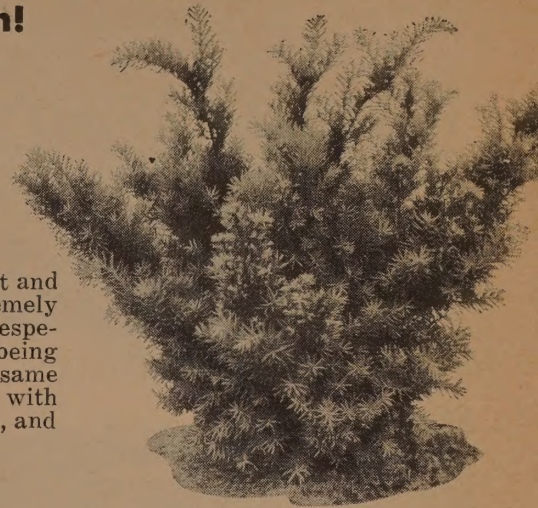

SPREADING (Cuspidata) YEW. Spreading type. Numerous red berries in Fall. May be sheared for low hedge; ideal for under windows. Size and shape of tree can easily be controlled by pruning; pruning several times during growing season will produce a compact tree. Price: 15-18 inch Transplants, \$3.25 each; 2 for \$6.25; 4 for \$12.00.

CUSPIDATA NANA (Dwarf) YEW. This is the oldest known form of the Japanese Yew, and is the darkest green of all Yews. It is of very slow growth, forming a low, irregular and picturesque outline. Older specimens bear a closer resemblance to Boxwood than any other evergreen. It has been planted for so many years that specimens are not uncommon up to 30 to 40 years old which may be 20 feet in diameter and perhaps four or five feet high. Is very slow growing. Price: 12-15 inch Transplants, \$3.25 each; 2 for \$6.25.

DENSIFORMIS YEW. (Compact Spreading Yew). An exceptionally compact form that does not get as broad as the Cuspidata Spreading. Light shearing keeps this plant in an excellent compact shape. This variety is still quite scarce and in great demand. Price: 12-15 inch Transplants, \$3.65 each; 2 for \$6.95.

BROWNI YEW. (Taxus Media Browni). One of the very popular spreading forms. Its normal development is quite compact, and has dark, heavy green foliage. Can be trimmed into globe form . . . therefore, often referred to as "The Globe Yew". Has many uses, for it lends itself to so many types of landscaping problems. Price: 5 yr., 9 to 12 inch Transplants, \$3.65 each; 2 for \$6.95.

HICKSI (Upright) YEW. Grows in columnar, erect form. Excellent for corners and entrance planting. Foliage will be extremely dense and compact from ground up by shearing tree lightly as it grows. This columnar form with branches ascending almost vertically, generally grows very many stems. Its normal growth is narrow because of its branching habit, but by trimming when small, it can be grown into extremely narrow form. This tree, as with all Yews, is very resistant to extreme heat and drought. Price: 15-18 inch Transplants, \$2.95 each; 2 for \$5.50; 4 for \$10.00.

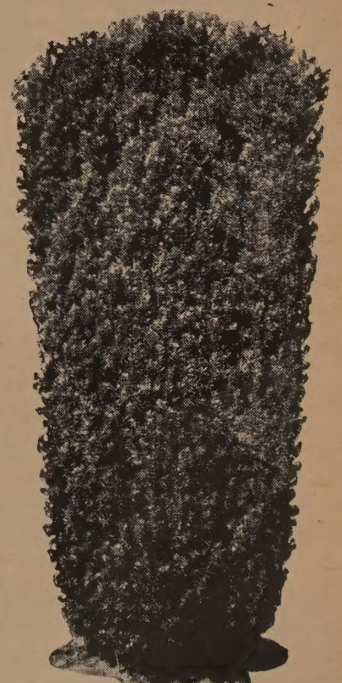

Intermedia Yew

INTERMEDIA YEW. Grows similar to the Hicksi, but is shorter and broader. Ideal for hedges or any use requiring trees of dwarf habit, such as under window planting, etc. Price: 15-18 in. Transplants, \$2.95 each; 2 for \$5.50; 4 for \$10.00.

Browni Yew

Hicksi Yew

A Living Farm Fence

ROSA MULTIFLORA

HARDY — STOCKPROOF — ATTRACTIVE

The Miracle Rose Hedge

2-79 — An all-purpose hedge for your lawn, for windbreaks, to hide that unsightly view, or for stock-tight fences. Is very hardy. Blooms late in the Spring. A medium-fast grower — on soil of average to good fertility, it will produce a hedge in three or four years that will turn any kind of live-stock except small pigs. The attractive plants grow 6 to 8 ft. tall and 5 to 7 ft. wide. Rosa Multiflora hedges do not need clipping, pruning, training or supports, although for lawn hedges it can be kept pruned to any height or size. Thrives under a wide range of soil types and conditions.

You will find the Multiflora hedging a natural for conservation farming — it's stock-proof, hardy and well-behaved. Recognized and developed by U. S. Soil Conservation Service. Trial fences have been planted in the East, South, Middle-west and Northwest and proven successful. You can have a cheap, stock-tight fence for 40% less cost of woven wire fence by planting Multiflora, and at the same time kiss your fence-maintenance problems goodbye. Note photographs at left which will give you some idea as to the adaptability of this unique hedge. Should you want to remove this hedge it is quickly destroyed with 2-4-D or by clipping.

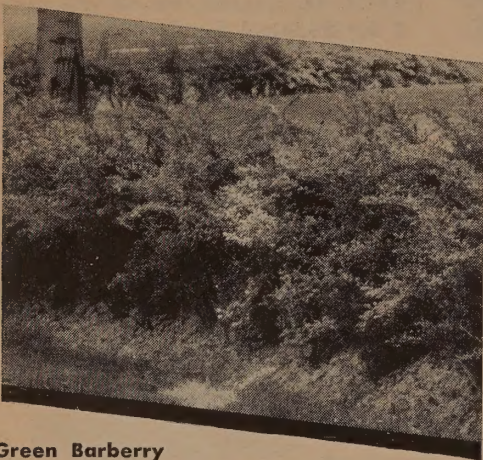

This easily grown hedge makes an excellent cover, nesting facilities, and provides winter food for wild life. The natural propagation and successful wintering of game assures a growing supply for sportsmen.

(40 Rosa Multiflora, 12-18 in.)

Green Barberry

Russian Mulberry

Amoor River Privet

HEDGE PLANTS

2-144 — GREEN BARBERRY. (*Berberis Thunbergi*). Immune from rust. Dwarf growing, uniformly bushy and rounded in form, numerous leaves covering thorny twigs. As a filler edging for shrubbery, as foundation screen in front of porches, as a hardy, low hedge, it is unsurpassed. **PRICE:** 2-Yr., 12-15 inch, 6 for \$2.30; 12 for \$3.95; 25 for \$6.95. 18-24 inch, 60c each; 12 for \$2.95; 12 for \$5.95; 25 for \$8.95. All field-grown transplants.

2-145 — RED BARBERRY. Similar to Green Barberry in all respects except color is a brilliant red. Early spring, assumes a deep bronzy-red color, which it retains until fall, when it changes to vivid orange, scarlet and red shades, far more brilliant than the ordinary Japanese Barberry. **PRICE:** 2-Yr., 12-18 inch, 6 for \$2.95; 12 for \$5.40; 25 for \$9.95; 50 for \$17.95. 18-24 inch, 6 for \$3.50; 12 for \$6.50; 25 for \$11.95; 50 for \$19.95. **REMEMBER,** Our Barberry are not seedlings out of beds, but are strong, field-grown **TRANSPLANTS.**

3-366—BLUE LEAF ARCTIC WILLOW (*Salix purpurea nana*). A dwarf bush that is distinctly different as a hedge plant. Foliage is of unusual blue-gray-green. Hardy enough to withstand Arctic Circle temperatures. Grows anywhere, even in wet or heavy soils where nothing else will thrive. Matures into a beautiful, thick hedge, up to 4 feet tall. **PRICE:** 3-Year, 18-24 inch, 6 for \$2.75; 12 for \$5.00; 25 for \$9.50; 50 for \$18.00; 100 for \$32.00.

2-99 — AMOOR RIVER NORTH PRIVET. One of the best hedge plants because of its extreme hardiness. It is of similar form and habit to the well-known California type, but much hardier. Of fine, upright growth with lustrous dark green foliage, nearly evergreen. Grows quickly, making a hedge the first year, and succeeds in practically all soils. Especially valuable for hedges and borders in cold, exposed locations. When planting, cut back to 4 inches above ground to make hedge bushy at bottom. **Price, 2-Yr.,** 12-18 in., 12 for \$2.95; 25 for \$4.95; 50 for \$7.65; 100 for \$11.95. 18-24 in., 6 for \$2.15; 12 for \$3.75; 25 for \$5.95; 50 for \$10.00; 100 for \$17.95. Heavy 2-3 ft., 6 for \$2.75; 12 for \$4.95; 25 for \$7.50; 50 for \$13.25.

RUSSIAN MULBERRY. Hardy in all states, never winterkills. Superior to most other kinds, as it makes a dense hedge from the ground up. Unlike most other hedge varieties as to growth and shape of leaves, and are a deep bright green; very attractive hedge, altogether different than old common varieties. Cannot be surpassed for tall hedge to hide unsightly views. Trim the same as Privet. When planting, cut back to 6 to 8 inches above ground to make hedge bushy at bottom. **Price:** 2-Yr., 18-24 in., 6 for \$1.35; 12 for \$2.35; 25 for \$4.25; 50 for \$7.50; 100 for \$11.95.

(Enough for a 50-foot hedge)

Specimen Size Plants of

Showy and Unusual HEDGING

**"ROBIN HOOD"
MUSK ROSE HEDGE**

A perfect hedge Rose; its habit of growth is densely compact, with deep green foliage. Like all Hybrid Musk Roses it is strongly resistant to common Rose ailments. In spring, blazing clusters of brilliant, cherry-red flowers completely cover the healthy, deep green foliage, and again sparingly during the summer and autumn. Not particular as to soil, can be cut to any desired height over 3 ft. Supply is limited. **Price: Strong flowering plants, 3-Yr., 6 for \$3.50; 10 for \$5.50; 25 for \$9.95; 50 for \$19.50.**

WELLERI BOXWOOD

(*Buxus Sempervirens Welleri*)

Very low-growing, evergreen hedging with shiny dark green convex leaves. As a small accent plant it is faultless . . . ideal for modern landscape plantings . . . perfect for hedging and formal plantings and planter boxes because it can be trimmed to any size or shape . . . a graceful, dwarf, hardy Boxwood. **Price: Heavy three-year plants, \$1.35 each; 2 for \$2.45; 4 for \$4.25.**

Welleri Boxwood

DWARF CRIMSON PYGMY BARBERRY

A recent introduction from Holland. Grows 6 to 8 inches high, 15 to 24 inches across. Slow growing. Its lustrous bronzy-red foliage is a sparkling contrast to evergreen and shrub plantings. Best color when grown in full sunlight. May be used along walks and for low borders. **We offer 3-year, field-grown plants, 95c each; 2 for \$1.75; 4 for \$4.25.**

VINCA MINOR MYRTLE

A trailing plant that spreads rapidly and makes a dense, compact growth. Attractive, glossy green leaves and lovely violet-blue flowers, tend to make this a showy and effective ground cover. Plants are hardy and trouble free; will thrive in sun or shade. Used extensively under shrubs and trees and on graves; also suitable for edgings to shrub borders, along wooded paths, etc. **Price: 6 for \$1.25; 12 for \$2.25; 25 for \$3.85; 50 for \$7.35.**

EVERGREEN GROUND COVERS

These ground cover plants are one of the most useful groups that we grow. Each home-owner has a spot in his yard where it is difficult to grow or mow grass. These ground covers make ideal substitutes for grass and are beautiful the year around. Make a luxuriant growth in shade as well as in full sunlight. Are hardy and rapid growing. Plant one of the varieties offered below and you need not worry about how you are going to mow that hillside or slope.

POLYGONUM REYNOUTRIA

A dwarf-growing ground cover, which is completely covered with airy pink sprays of flowers in the Fall. Buds are deep red, adding to its charm. Foliage is pale green, which turns to a brilliant red in autumn. Very hardy, easy culture; does best in full sun — in fact, one of the best ground covers for sunny places where Vinca and Pachysandra would not grow. **Price: 6 for \$1.75; 12 for \$3.25; 25 for \$5.75.**

PACHYSANDRA TERMINALIS

A ground cover, which will grow in all shady situations and the only plant which will thrive under pine trees. A trailing plant with beautiful waxy green leaves that stay green all winter. Plants make a dense growth, spread out rapidly and should be set 1 to 2 feet apart. Its main uses are for planting under evergreens, under all shrub plantings, or for shrub and flower bed borders, for bordering walks and drives, etc. **Price: 6 for \$1.35; 12 for \$2.50; 25 for \$4.15; 50 for \$7.75.**

PACHISTIMA CANBYI

A most attractive and valuable low-growing evergreen shrub with miniature Holly-like leaves. Spreads to about 2 feet in diameter and rarely grows more than 6 to 8 inches in height. Superb as an evergreen edging to flower beds or borders. Perfect in front of evergreens, as an informal edging to walks, base of pedestals or fountains. Hardy as an Oak . . . transplants without difficulty . . . space about 10 inches apart. Does well in sun and light shade. **Price: 2-Yr. plants, 85c each; 6 for \$4.25; 12 for \$7.95; 25 for \$15.00.**

CLIMBING VINES

CLEMATIS →

In planting Clematis, be sure the collar of the plant is set 2 to 3 inches below the surface of the soil. We offer 5 of the best varieties in the large-flowering type, as follows:

2-150 — PURPLE JACKMANI. Immense flowers of an intense violet-purple color continuously throughout the summer.

2-151 — COUNTESS de BOUCHARD. Gracefully curved petals range from satiny rose to rich pink. The nearest to clear pink; a profuse bloomer from July to September.

2-152 — DUCHESS OF EDINBURGH (Double). Double, pure white, and not unlike a Gardenia. Blooms on year-old wood. Very outstanding.

2-153 — LANGUINOSA. Large, glistening white flowers of waxy texture. Great profusions of blooms are produced throughout summer and fall.

2-154 — RAMONA. Large flowers, of intense lavender-blue, are accentuated by a disc of darker anthers. Excellent bloomer.

Price: All varieties listed. Fine plants out of 4-in. pots, \$1.55 each; 2 for \$2.95.

SILVER LACE VINE

BOSTON IVY

2-60 — One of the finest hardy climbers for covering walls and trunks of trees, as it clings firmly to any surface. Deep green in summer, bright red in autumn. **2-Yr. vines,** \$1.00 each; 2 for \$1.85.

Boston Ivy

Purple Wisteria

2-75 — Unusually charming. Climbs gracefully anywhere. Grows very rapidly, averaging 25 feet in a season. A well grown specimen is a cloud of lacy, misty white shot with tints of cream and pale rose, of exquisite effect. Blooms late summer and fall. **2-Yr. vines,** \$1.00 each; 2 for \$1.85.

HALL'S JAPAN HONEYSUCKLE

2-68 — Strong, vigorous vine, with pure white flowers changing to yellow. Fragrant blooms all summer. **2-Year vines,** 75c each; 2 for \$1.35.

CHINESE PURPLE WISTERIA

2-61 — Elegant and very rapid growing. Has long, pendulous clusters of pale blue flowers in May and June, and in autumn. **2-Year, choice specimens,** from blooming wood, \$1.25 each; 2 for \$2.25.

KUDZU VINE

2-74 — Hardy. Large foliage and dense shade. Runs 30 to 40 feet in one season. Blooms in Aug. Rosy purple, pea-shaped flowers in small racemes, **2-Yr. vines,** 75c each; 2 for \$1.35.

Hall's Japan Honeysuckle

Kudzu Vine

Silver Lace Vine

Sure to Fruit Bittersweet

SURE TO FRUIT BITTERSWEET

2-105—(Celastrus Orbiculatus). Oriental Bittersweet. The most prolific fruiting variety known. The ordinary Bittersweet often fails to fruit. In this variety we offer you a Bittersweet that always fruits. Even one vine if planted alone will fruit, but we recommend that you plant two close together and take advantage of the resulting cross pollination. It's worth it. This rare species was imported from Central and Western China. The leaves are a glaucous green and somewhat larger than those of the common Bittersweet. It grows rapidly in any kind of soil, in sun or partial shade. In autumn yellow and orange-scarlet berries cover the vine all over instead of an occasional small cluster as in the common kind. Excellent for late fall and winter bouquets. **Strong vines,** \$1.15 each; 2 for \$1.95.

Unusual Climbing Vines

CLIMBING HYDRANGEA

(*Hydrangea Petiolaris*). The Choicest of All Climbing Vines. Par excellence for growing on shady walls. It is woody but clings to brick or wooden walls without support, and also does fine on old trees or stumps. Its foliage is bold, clean and shrub-like, and a rich dark green color. Short spur branches projecting from the wall are topped with white, fragrant, Hydrangea-like blooms throughout the summer. The effect created is most artistic as well as amazing. Does equally well in shade or sun. In fact, we recommend the Climbing Hydrangea for north, west walls or such places where shade is dense in summer. The height can be easily controlled from 10 to 20 feet as desired. If you own one of these vines, you will have something you will admire all of your life. Strong plants, \$3.00 each; 2 for \$5.75.

Climbing Hydrangea

YELLOW CLEMATIS

(*Tangutica*). An easily grown variety from Western China. Soft jade green leaves studded with hundreds of nodding bell shaped flowers are transformed into attractive eye-catching, silvery-gray, feathery seed clusters. Perfectly hardy; these should be pruned in early Spring, all thin and soft growths being cut back to firm, well-ripened wood. Very free growing . . . will attain a height of 10 to 15 feet. Price: \$1.25 each; 2 for \$2.35.

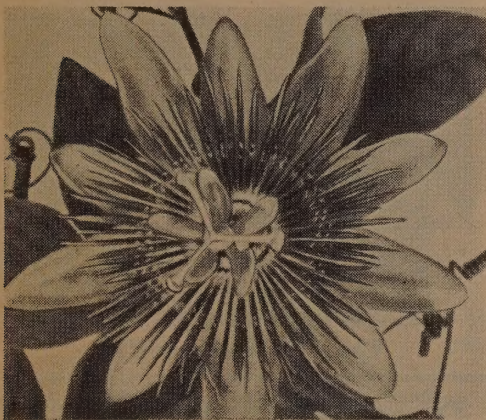

Yellow Clematis

 A saving of 45c!

FLAMING BEAUTY HONEYSUCKLE

(*Heckrottii*). 2-67 — The Wonder plant of the Century. Everblooming. A Lonicera that will fill that long-felt need of a variety that will produce continuous bloom. Blooms all summer with beautiful red flowers. Very highly scented. Wonderful foliage. We feel sure you will not regret placing several of these in your order. 2-Yr. vines, 90c each; 3 for \$2.50.

PASSION FLOWER

(*Passiflora Caerulea*). A fascinating flower, so beautiful it seems unreal! An intricate arrangement of floral parts giving it religious significance. According to ancient legend the stamens represent 5 wounds suffered by the Savior; the 3 pistils, nails in His hands and crossed feet; the filaments, crown of thorns; and petals 10 apostles at the crucifixion. Bushy, vine-like plants bloom throughout the summer and fall, attain height of 10-20 ft. on trellis in summer; can be potted for overwintering indoors. Not hardy outdoors in north. Blooming-size pot plants, 95c each; 3 for \$2.25.

BALTIC IVY

(*The Hardy English Ivy*). Beautiful, hardy, fast growing variety. Holds its attractive green leaves winter and summer. Climbs brick, concrete, trees, etc., without support. Recommended for covering concrete walls, foundations, etc., and also as a good ground cover for lawns. Especially good for slopes or shaded areas where grass grows poorly. 2-Yr. pot plants, 50c each; 3 for \$1.35; 10 for \$3.60.

EVERGREEN BITTERSWEET

(*Euonymus Radicans*). Dark green waxy leaves last through the winter and form an excellent background for large clusters of large orange-red berries, which make lovely winter bouquets when dried. Adaptable as a climber or shrub; also as ground cover for steep banks. 2-Yr. plants, \$1.35 each; 2 for \$2.45.

For Year-Around Beauty Plant These **HOUSE PLANTS**

AMERICAN WONDER LEMON

(Grows Lemons Indoors on Small Plants.) Sometimes offered as Ponderosa Lemon. The most unique plants ever offered for indoor culture. Covered with waxy white flowers several times each year, nearly as large as Tuberoses and as fragrant as Orange Blossoms. Flowers are followed by large lemons of high quality. Fruit often weighs more than 2 pounds. **Strong plants, \$1.15 each; 2 for \$2.10.**

THE ROSE GARDENIA

(Gardenia Veitchi.) The Gardenia is the most popular and fashionable flower — the flower of romance! It makes a grand house plant. Blooms from early spring until fall. Flowers are waxy white; foliage rich glaucous green. Plants prefer living room temperatures. Culture same as Geraniums. **Price: Strong plants, \$1.15 each; 2 for \$2.10.**

NEW DWARF ORANGE

(Otaheite Orange.) A grand pot plant of great beauty and novelty. Its glossy green leaves, fragrant waxy white, faintly tinted with pink, blossoms create a most pleasing sight. Fruit is about one-fourth the size of an ordinary Orange. A 5-inch pot has been known to carry 10 to 12 oranges at one time. **Price: Strong plants, \$1.15 each; 2 for \$2.10.**

DWARF TANGERINE

We are proud to offer something unusual in the way of House Plants. A real Tangerine which is easy to grow. Has beautiful glossy-green leaves, delightful fragrant flowers, followed by brilliant colored fruit, which is very good to eat, too. So unusual you will probably be the only one in your neighborhood that has one. **Price: Strong plants, \$1.15 each; 2 for \$2.10.**

PIGMY DATE PALM
Fruit for Your Living Room

The Pigmy Date Palm is a close relative of the larger commercial variety. While in warm climates it will reach a height of ten feet, it seldom grows over two or three feet high indoors. From an ornamental standpoint, the Pigmy Date Palm is just as attractive and desirable as other varieties of Palms, and in addition it will produce edible fruit in your own living room, under pot culture, as well as outside in the South. **Price: Strong plants, \$1.15 each; 2 for \$2.10.**

CHINESE HIBISCUS
From the South Pacific Tropics

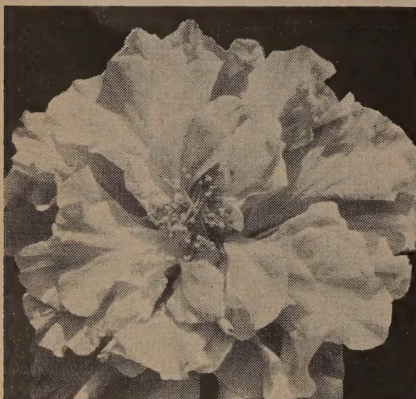

Everyone has enjoyed these while on their vacation in Florida, during the winter . . . now we are pleased to offer them as a House Plant! This type of plant is one of the showiest tropical plants in existence. It makes an excellent house plant in the North (can be put outdoors after all danger of freezing is past in late spring), and has proven to be one of the most popular shrubs in the South and West. We offer 3 varieties, as follows:
American Beauty. Double pink.
Celia. Double carmine. Everglades. Dbl. bright yellow.
PRICE: \$1.25 each; 2 for \$2.25.

BIRD OF PARADISE

**"Jungle Magic" for
Your Indoor Garden**

Strelitzia Reginae. Festooned with reds, yellows, blues and oranges rivaling the jungle bird of the same name and exotic nature, this amazing plant speaks for attention from everyone. It is easy to grow and requires very little care and attention. Is sun-loving, and prefers a fairly rich, well-drained sandy loam soil. Deep planting should be avoided. The juncture of the roots and plant should be about level with the soil surface. Fertilize about once a year with well balanced plant food. Water moderately. **Price: 3-Yr. plants, \$2.50 each; 2 for \$4.75.**

Giant Olympic

Estate Lilies

Regal Lily

HARDY LILY BULBS

GIANT OLYMPIC HYBRIDS. America's Finest Hardy Garden Lily. The huge trumpet-shaped flowers are 7 to 9 inches long and 5 to 6 inches across, blooming in great clusters on husky stems 4 to 6 feet tall. A pleasing variation of colors from cool icy green, shades of yellow, pink to white with a golden throat and shades of pink on outside. Fragrant and free blooming. Plant 7 inches deep. **Price:** 6-7 in. bulbs, 75c each; 3 for \$2.15; 6 for \$3.95.

ESTATE LILY. (The Hardy Easter Lily). A true, long-trumpet white one like you'd pay \$3 to \$4 at the florists. Amazingly beautiful and perfectly hardy. You'll have blooms this summer and for years and years to come. Grows 2½ to 3 ft. tall. **Price:** 6-7 in. bulbs, 70c each; 3 for \$2.00; 6 for \$3.75.

FIREFLAME. Outward facing, with large, widely-expanded, crimson-red flowers. Planted in the full sun, plants will stand approximately 30 inches tall. Yet, when planted in semi-shade in a rich garden soil, easily reaches to 5 feet. As many as 8 flowers can be open at one time. Exceptional value as a border plant, pot plant and cut-flower. Hardy. **Price:** 6-7 in. bulbs, \$1.20 each; 3 for \$3.25.

LIMELIGHT. This new clone received the coveted First Class Certificate in 1959. Limelight is a soft, greenish-yellow, bowl-shaped lily that might almost be called a true chartreuse. It is a tall Lily, vigorous and prolific. Supply is very limited! **Price:** 6-7 in. bulbs, \$1.45 each; 3 for \$3.95.

MID-CENTURY HYBRIDS. A Hybrid Lily of distinction. Blooms are produced in a range of color that is altogether breathtaking! Superb shades of yellow, apricot, pink, salmon, and many shades of red. Blooms come in clusters on strong, upright stems 3 to 4 feet tall. They grow everywhere. Very hardy. **Price:** 5-6 in. bulbs, 65c each; 3 for \$1.80; 6 for \$3.25; 12 for \$5.95.

REGAL LILY. Tall spikes of white flowers, slightly suffused with pink, with a beautiful glow of canary-yellow at center. Starts blooming end of June. **Price:** 5-6 in. bulbs, 50c each; 3 for \$1.30; 12 for \$4.25.

QUEEN OF THE NIGHT (Epiphyllum Oxpetalum)

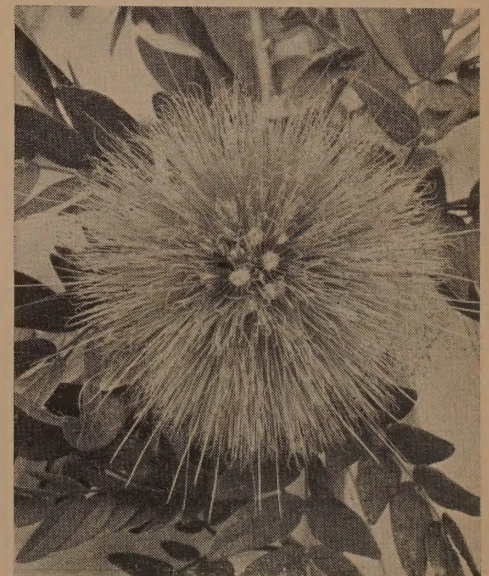

From Tropical America and Mexico . . . comes this exotic member of the Cactus family. Also known as "Night Blooming Cereus". Of all types offered in this unusual plant, we prefer this one as it has **no thorns** and, unlike the others, it **blooms 4 times each year**. You can actually see the petals move as the enormous, waxy, white flowers unfold . . . flowers are 8 to 10 inches across and nearly a foot long; they open only in black of night, when their fragrance completely fills the room. Easy to grow. An unusual House Plant. **Price:** Strong plants, out of 2¼ inch pots, \$1.25 each; 2 for \$2.25.

RED POWDER PUFF (Calliandra)

Another new and unusual House Plant! A beautiful, tropical plant producing large, fluffy, bright red balls 2 to 3 inches across in February and March. Soft as down, the most delicate and unusual flower you have ever seen. Even when not in bloom the fernlike foliage makes an attractive plant for indoor decoration. **Price:** Strong, plants, out of 2¼ inch pots, \$1.25 each; 2 for \$2.25.

Queen of the Night

Red Powder Puff

For That Shady Spot Plant *Double Camellia* **BEGONIAS**

(Tuberous-rooted). No flower grown can equal these for sheer exquisite beauty. They are widely used for pot plants for winter blooming and also for summer beds outdoors. For a shady spot outdoors nothing else will bring such a magnificent display of color. A bed of these will provide a continuous supply of flowers from early summer until frost. These are the double, Camellia type blooms. We furnish the **EXHIBITION SIZE** . . . large 2 to 2½ inch (diameter) bulbs. When grown outdoors, take up before cold weather. We offer these in 6 lovely colors: Red, Orange, Pink, Salmon, Yellow or White. Price: 3 for \$1.10; 6 for \$2.00; 12 for \$3.75.

Colorful **CANNAS**

City of Portland. Pink, green foliage.
Orange Bedder. Large orange, green foliage.
President. Large, glowing scarlet; green foliage.
Wintzers Colossal. Very tall, enormous red flowers; green foliage.
Yellow Humbert. Yellow flecked with red; green foliage.
PRICE: All varieties listed, 5 for \$1.20; 10 for \$2.15; 20 for \$3.75.

"Out-of-the-Ordinary" Plants

Pink Lily-of-the-Valley

PINK LILY-OF-THE-VALLEY

Everyone loves the common white variety, and now this new shade of orchid-pink, which is exceedingly fragrant, is in such great demand, it has been impossible to fill all orders. This little beauty is so lovely, and fragrant, it is hard to put it into words. **Price: 3 for \$1.95; 6 for \$3.75.**

BLUE LILY OF THE NILE

(*Agapanthus africanus*.) Attractive, rather thick, 20-inch long leaves. Beautiful blue, fragrant flowers in huge clusters, consisting of about 20 flowers . . . flower stalk taller than leaves. For pots, porch boxes, tubs or garden. Bring indoors before freezing, not winter hardy. Feed liberally with liquid manure. Flowers in the summer, after which the plant should be rested over the winter. **Price: 75c per bulb; 2 for \$1.35.**

Blue Lily-of-the-Nile

ROSA HUGONIS

(The "Golden Rose of China"). The first rose to bloom in the Spring — real early in May! Early in May, these 4 to 5 foot bushes are a mound of gold with their single, bright yellow blossoms. A splendid Rose for the shrubbery border, good for hedging, and also a colorful protective Shrub. Perfectly hardy. **Price: 2-Year, Field-grown bushes, \$1.50 each; 2 for \$2.75.**

Rosa Hugonis

UNUSUAL "GREEN" ROSE

A novelty not easily forgotten. These plants are free flowering, everblooming and hardy. Blooms are only medium in size, open leaf green changing to jade or pale chartreuse green. It is offered because it is unusual rather than for its beauty. **Strong pot plants guaranteed to bloom this summer, \$1.10 each; 3 for \$2.95.**

Green Rose

CLIMBING MINIATURE ROSE

Climbing "RED HEAD". Now this delightful type of baby rose in a climbing form. This is an everblooming type, producing an abundance of tiny, blood-red flowers and buds. Glossy, dark green foliage. Thrifty grower . . . plenty of new wood to carry the heavy load of blooms it produces. Our supply of this miniature climbing type of rose is very small this spring and we know we will not have near enough to go around. **Price: strong plants, out of 3-inch pots, \$1.35 each; 2 for \$2.50.**

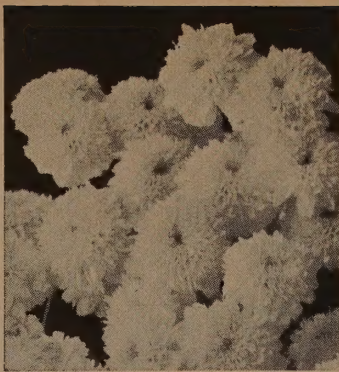

Yellow Tree Peony

YELLOW TREE PEONY

Exclusive for Our Customers only! The magnificent, rare golden Tree Peony . . . until recently a collector's item costing much more money. Produces large, double-yellow bloom of exquisite texture . . . sometimes just slightly tinged with red. Order early, for we know demand will exceed the supply. **1-Year grafts, \$5.75 each; 2 for \$10.95.**

GIVE YOUR GARDEN PERMANENT BEAUTY WITH

All Perennials offered in this catalog are two-year, field-grown Transplants; guaranteed to reach you in good condition.

ASTILBE. One of the easiest of all Perennials to grow as it is not too particular as to soil. As with most plants, it comes to fullest glory in complete sunlight, but does fairly well in semi-shade. In June and July has exquisite 15 to 18 inch long, plummy wands of feathery character and brilliant coloring. Very hardy. We offer this sensational cut-flower in two varieties. Specify variety wanted. Very hardy. **GLORIA.** Rosy-pink. **FANAL.** Lively, deep red. Price: 80c each; 3 for \$2.25.

ARMERIA, Sea Pink. Before blooms appear, this delightful plant looks like a pincushion. Flowers are extra large, about the size of a fifty cent piece, clear deep pink, borne on sturdy stems 24 inches high. Blooms in June. Price: 60c each; 3 for \$1.65.

ORANGE BUTTERFLY PLANT. (Asclepias Tuberosa). During the months of July and August this unusual plant produces immense numbers of brilliant orange flowers. It can be successfully grown in any type of soil, grows about 2 to 2½ feet tall. The only hardy perennial having true orange flowers. Price: 55c each; 3 for \$1.50.

DAISY, ALASKA SHASTA. A handsome plant, with large, glistening white blooms during June and July, borne on long, sturdy 24 to 30 inch stems. Fine for cutting. Hardy. Profuse bloomer. Price: 50c each; 3 for \$1.35.

SWEET WILLIAM. Flowers are colored, clustered and shaped much like Phlox. Tall growing; blooms from late spring and most all summer. Hardy. Price: 40c each; 3 for \$1.10; 6 for \$2.00.

PYRETHRUM. (Painted Daisy). Fern-like foliage surmounted by many pink and red, yellow-eyed daisies on 18 to 24 inch stems. It blooms in early summer; fine for cutting. Hardy. Price: 50c each; 3 for \$1.35; 6 for \$2.50.

COREOPSIS, Dbl. Sunset. A profusion of showy yellow blooms all summer long. Long stems are fine for cutting and mixed bouquets. Very hardy and easy to grow. About 2 feet. Price: 45c each; 3 for \$1.10.

MONARDA. (Bergamot or Beebalm). Striking, clustery heads of fragrant, whorling flowers in pink and scarlet. 2½ to 3 ft. tall. Flowers produced freely from June until August. Does well in shady gardens and is excellent for cutting; an irresistible attraction for humming birds. We offer this wonderful plant in **Cambridge Scarlet** — crimson-scarlet, and **Croftway Pink** — rich rose-pink. Specify variety wanted. Price: 65c each; 3 for \$1.80.

DELPHINIUM. (Pacific Hybrids). Giant stalks 4 to 6 feet tall, bearing enormous flower spikes. Individual blooms are double, to semi-double; exceptionally large, often measuring 2 inches across. Delightful shades of blues, lavenders and mixed colors. No color guaranteed. Hardy. Price: 60c each; 3 for \$1.50; 6 for \$2.65.

FEVERFEW. (White Matricaria). Hardy, dwarf edging plant. Double white flowers resembling Pompon Mums, from June to October. Excellent cut flower. Price: 55c each; 3 for \$1.50; 6 for \$2.70.

EUPHORBIA POLYCHROMA. Bluish-gray foliage, with large lemon-yellow, rose-shaped flowers in May and June. Bright red seed in fall contrasts beautifully with light green foliage. Long blooming period. Price: 60c each; 3 for \$1.65.

SHILKA IRIS. (Poorman's Orchid). Blooms are oddly shaped; many double. Lovely delicate hues of superb blue and purple, mingled with cream and white. Extremely hardy, and blooms from late June on into July for about a month. 2-Yr. roots, 50c each; 3 for \$1.35; 6 for \$2.40.

True Double RUSSIAN VIOLETS. These all bloomed in the field and were then potted so we can be sure of their being DOUBLE. Perfectly hardy everywhere. Produces an abundance of double, sweet-scented flowers, of a deep shade of purple. Price: out of 2¼ inch pots, 75c each; 3 for \$1.95.

BARGAIN NO. 60

5 PERENNIAL Plants \$2.65 Net, no discount

(One each, your choice of 5 varieties listed on this page, except Violets and Astilbe.)

Alaska Shasta Daisy

Double Russian Violet

Hardy Perennials

CANTERBURY BELL. Plants attain 2½ ft. in height, profusely covered with large, bell-shaped flowers. Bloom May to July. Beautiful array of color, ranging from white, pink, rose through all shades of blue and purple. No color guaranteed, for ours are mixed. **Price: 55c each; 3 for \$1.50; 6 for \$2.70.**

FOXGLOVE. (Shirley Hybrids). Large flower heads are 2 to 3 ft. long; crowded with big, bell-shaped blossoms. These beautiful "wedding bell" flowers are produced in a wide range of solid and two-tone colors — from white and shell-pink to deepest rose, many attractively dotted crimson or chocolate. For continuous bloom, cut off old stems when flower fades. **Price: 50c each; 3 for \$1.35; 6 for \$2.40.**

PLATYCODON (Blue Balloon flower). Large, bell-shaped or broadly cup-shaped, blue flowers, growing 1½ to 2 feet tall. Handsome, dark green foliage. Very hardy. Blooms in July and August. Does well in sun and shade. In bud, has appearance of a blue balloon. **Price: 50c each; 3 for \$1.35; 6 for \$2.40.**

DAISY, DBL. MOUNT SHASTA. Pure white blooms with high tufted center and a double row of overlapping guard petals which enhances the beauty of this fine double Daisy. Flowers are produced in abundance on 24-inch wiry stems, from late spring until frost. **Price: 60c each; 3 for \$1.65; 6 for \$3.00.**

DOUBLE-FLOWERING HOLLYHOCKS. The Chater's Hybrid strain of an old favorite garden flower. Fully double flowers of exquisite colors. They are so pretty they scarcely look real. An excellent variety for a colorful background; grow 4 to 5 ft. tall. Hardy, and easy to grow. Bloom during June and July and often into Aug. Being hybrids, they come only in mixed colors, no color guarantee. **Price: 50c each; 3 for \$1.35.**

LAVENDULA. (Sweet Lavender). This is the true Sweet Lavender; grows about 18 inches high; delightfully fragrant blue flowers in July and August, which may be dried and used as sachet. **Price: 55c each; 3 for \$1.50.**

LUPINES, Russell Hybrids. Tall spikes of bloom, often 3½ feet high, from June to September. Flower spikes resemble a closely set well-rounded column of sweet peas. A vast range of color. A most superior strain. **Price: 55c each; 3 for \$1.50; 6 for \$2.70.**

LYTHRUM (Carmine Prince). This beautiful plant provides bright rosy-pink flowers from July to frost. Grows 3 feet tall, with graceful spikes. Excellent for cutting. Thrives in all soils, in sun or part shade. Very hardy. **Price: 55c each; 3 for \$1.50.**

KAEMPFERI IRIS. Large plate-size blooms and graceful swordlike foliage which is attractive in the garden. Few plants can compare with them for spectacular beauty. Large flat flowers, often six inches across, atop strong stems nearly 3 feet tall. Bloom in June and July. We offer assorted colors only. **55c each; 3 for \$1.45.**

HARDY PRIMROSE. (Primula veris). Harold Pedigree giant strain. The individual flowers are as large as a half a dollar. These beauties grow anywhere. Most colorful of our early spring flowering plants, succeeding best in dampness and shade. Flowers in May, about 8 inches tall. Includes various shades of lilac, purple, violet, buff, orange, salmon and rich reds. No color guaranteed. **Price: 55c each; 3 for \$1.50; 6 for \$2.70.**

ARTEMISIA, Silver Mound. This is one of the most striking new hardy perennials. Grows less than a foot tall and 12 to 15 inches wide. The color of the fernlike foliage is the most pleasing, clearest silver-gray you ever saw. Wonderful for borders. Prefers a sunny location but does well in part shade. **Price: 65c each; 3 for \$1.80.**

RED HOT POKER. (Tritoma Pfitzeri). Flaming scarlet flowers, the opened lower petals rimmed with orange. Grow 18 to 24 inches tall. Bloom August to October. **Price: 55c each; 3 for \$1.50; 6 for \$2.50.**

VERONICA. (Blue Spires). One of the handsomest blue-flowering plants. Its 2-foot spikes are completely covered with beautiful blue flowers. Blooms July to September. Hardy, increases in strength and beauty each year. Excellent for cutting. **Price: 60c each; 3 for \$1.65; 6 for \$2.95.**

Forget-Me-Not

All 2-Year Field-Grown Transplants

Lychnis

Iberis

ALYSSUM, Saxatile Compactum. (Basket of Gold). Early in May, this 12-inch plant, is completely covered with masses of bright yellow flowers, which blend beautifully with tulips . . . very desirable for carpeting bare spots . . . invaluable for edging beds, borders and in the rock garden. **Price: 55c each; 3 for \$1.50.**

Fall-Blooming Hardy ASTERS. These little beauties are worthy of a place in the finest gardens. Prolific bloomers and furnish an abundance of bright color all through the late summer and fall when blooms are scarce on other plants. Hardy, grow in most any ordinary garden soil; in full sun or part shade. We offer these in three varieties:

Lilac Mound. Lovely soft Lilac; 2-3 ft.

Pink Serenade. Deep pink to rose; 2½-3 ft.

Red Boy. Best red. 2 ft.

Price: All varieties listed; 65c each; 3 for \$1.80.

LIATRIS (Gay Feather). Extremely long flower spikes are borne on strong stems, all thru Aug. and Sept. . . . Very desirable for cutting . . . unexcelled for mixed bouquets. We offer two of the best varieties, as follows:

KOBALT BLUE. New variety with bright, mauve pink flower spikes. Low growing. Earliest to flower. July-Aug.

SILVER LACE. Stunning pure white spires of close packed flowers on tall stems.

PRICE: 65c each; 3 for \$1.80.

BLUE FORGET-ME-NOT. (Anchusa Myosotidiflora). An ideal rockery plant . . . flower stems are about 12 inches long. Dainty clear blue flowers against dark green, heavy foliage makes a delightful and unforgettable contrast. Does well in shade. **Price: 60c each; 3 for \$1.65; 6 for \$3.00.**

LYCHNIS (Rose Campion). Sometimes called **Maltese Cross.** This old-fashioned flower is one of the brightest plants in the hardy perennial border. Dense heads of vivid scarlet and orange-scarlet all summer. A grand border plant. We offer two varieties:

Chalcedonia. Bright scarlet. 2-3 ft. July to August blooming.

Haageana. Brilliant orange-scarlet. 1 ft. May-June.

(Specify variety) **Price: 65c each; 3 for \$1.80.**

IBERIS—Dwarf Hardy Candytuft. Almost evergreen foliage, for it remains green until almost New Years. Each spring the plant is covered so densely with white, snow-flake-shaped blooms that it really resembles a mound of snow. Very hardy. Reaches only about 12 inches in height . . . invaluable for the foreground in perennial beds or for low borders. **Price: 50c each; 3 for \$1.35; 6 for \$2.40.**

PENTSTEMON. (Beards Tongue). Long spikes of brilliantly colored, trumpet-shaped flowers. A sparkling display in your garden from June to September. Does well in ordinary soil and in semi-shade. For bright spots, plant in groups of six. We offer two varieties: **CYONANTHUS.** A heavenly blue in color, on 2 ft. stems; blooming May-June. **GLABRA.** Deep violet and pink, mixed colors. 12 inch stems. June. **PRICE: 60c each; 3 for \$1.65; 6 for \$3.00.** (Specify variety)

PHYSOSTEGIA—False Dragonhead. Colorful, clustered, 18-inch spikes in rosy-orchid on towering 4 ft. stems. In full flower in mid-August. Splendid for backgrounds or cut flowers. **55c each; 3 for \$1.50; 6 for \$2.75.**

"HELEN" PYRETHRUM. (True double Painted Daisy). No other variety can compare with these for size, form and brilliant coloring. Beautiful chrysanthemum-like flowers on long stems, in deep rosy-pink color. Long blooming season; especially fine for cutting. **Price: \$1.10 each; 3 for \$2.95.**

SCABIOSA CAUCASICA. (Isaac House Hybrids). Often called "Pincushion Flower". Lovely, lavender flowers on 18 to 24 inch stems from June to September. Excellent as cut flowers and ideal for borders. Hardy. **Price: 60c each; 3 for \$1.65.**

PERENNIALS

CHINESE LANTERN PLANT. (*Physalis Franchetti*). A unique perennial, producing as many as thirty orange-vermilion lanterns on one plant. 2 ft. Excellent for dry bouquets. Hardy. **Price: 60c each; 3 for \$1.65.**

PINK DELPHINIUM. (*Astolot*). Great stalks, 3 to 5 feet tall, bear enormous delicate shades from lilac pink through blush and raspberry rose. Very free flowering, and entirely hardy. Excellent foliage. Easy to grow. The aristocrats of the outdoor garden. **Price: 65c each; 3 for \$1.75; 6 for \$2.95.**

FUNKIA VARIEGATA. (*Plantain Lily*). Wavy leaves handsomely variegated with silvery white, often 12 to 18 inches long, in a tight cluster. Easily grown; is fine for edgings or clumps and does especially well in shade. Its flower spikes are about 18 inches high with clusters of lilac bell-shaped flowers. Is hardy anywhere. **Price: 70c each; 3 for \$1.95; 6 for \$3.50.**

BLUE FLAX. (*Linum Perenne*). Delightful, Heavenly-blue flowers are produced all summer long, May through August. Attractive, graceful foliage of a bluish hue. Ideal for borders and rock gardens. Hardy. **Price: 55c each; 3 for \$1.50; 6 for \$2.70.**

GARDEN HELIOTROPE. (*Valeriana*). Beautiful heads of bright rose-colored blooms on 12-inch stems are freely produced from June to October. One of the best plants for showy color effect over a very long season. Mature plants reach 2 feet in height. Fine blue-green foliage. An excellent border plant. **Price: 60c each; 3 for \$1.65.**

SEDUM, Spectabilis Brilliant. (*Stonecrop*). A low growing perennial which is ideal for rock gardens, edging, banks or borders. Round, succulent, handsome silvery gray-green foliage. The large, flat head of clear pink blooms are often 8 inches in diameter. Grows 12 to 18 inches high, with bloom stems rising 10 to 12 inches above foliage during blooming season, in August. **Price: 55c each; 3 for \$1.50; 6 for \$2.60; 12 for \$4.80.**

HARDY GLOXINIA—(Incarvillea). An exciting hardy Perennial from China and Turkestan. Bears large trumpet shaped flowers in May and June. Thrives best in a sunny border in rather light, well-drained loamy soil enriched with decayed manure. In real cold climates, mounds of coal ashes should be placed around the crowns, or the plants should be covered with a mulch. We offer two varieties in this exciting plant: **DELAVAYI.** Large trusses of rosy-pink bloom in May-June . . . about 18 inch. **GRANDIFLORA.** Soft fuchsia-purple. Very large . . . about 18 inches tall; blooms May-June. Both are yellow-throated. **PRICE: Both varieties, 85c each; 2 for \$1.50; 4 for \$2.75.**

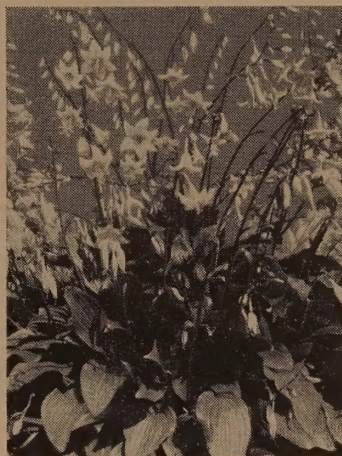

HARDY PULMONARIA. One of the best plants for SHADED LOCATIONS. Use liberally for beds, edging or ground cover. Grows only 8 to 12 inches high and foliage is very thick and ornamental. Leaves are bright green, oddly blotched with white. In the spring the whole bed is aglow with hundreds of small, bell-shaped, reddish lavender blooms. Stays green until frozen for winter. Excellent for ground cover or dwarf edging plant. **Price: 55c each; 3 for \$1.50; 6 for \$2.70.**

Creeping PHLOX

Beautifies Rock Garden, Border and Terraces.

(Phlox Subulata). Just the plant you have been looking for to cover that unsightly bank or terrace, especially one which is rather hard to cultivate. Also fine to add that little splash of color to your Rockery. It is one of the most beautiful of the low creeping plants. Makes a delightful bank of color during April and May. Foliage is evergreen and mossy. Hardy under most conditions. Plant 1 foot apart each way to make dense ground cover in short time. **We offer these in Red, Pink, Blue, and White. Specify color wanted. 50c each; 3 for \$1.35; 6 for \$2.40.**

Bleeding Heart

BLEEDING HEART

(*Dicentra spectabilis*). Bears numerous rosy-red, heart-shaped pendant flowers on long, gracefully arching stems. The old-fashioned favorite. Grows to a height of 2 feet. An excellent plant for that shady border. Hardy. **Price: Field-grown plants, 3-5 eyes, 95c each; 3 for \$2.45.**

Hardy VERBENA

Something very special in Perennials! Best rock garden plant of all. Excellent for borders and covering banks. This true hardy Verbena produces its showy, flat-cluster-like bloom at the tip end growth of each branch. Continuously in bloom from early June until freezing weather; before first flowers are through, new side-shoots will come into bloom. This is the hardy type — no need to replant each year as you do with the Annual type. **We offer them in red and pink, for 80c each; 3 for \$2.25.**

← Verbena

CARNATIONS

Hardy. Exotically perfumed flowers in great abundance all summer. Plant them in solid beds, borders and groups in the Perennial garden. Flowers come single, semi-double and double; blooms all summer. Flowers are large. **Choice of Red, Pink, White or Yellow. State color. Price: 40c each; 4 for \$1.35.**

"The KING of FLOWERS"

**"USUALLY \$10.00 TO \$15.00 EACH and SCARCE AT ANY PRICE."
WHILE THEY LAST!**

Strong, Two-Year grafts, \$2.95 each; 2 for \$5.50.

In the gardens of the Ming Emperors where they have been grown for a thousand years, where they gained the name "THE IMPERIAL FLOWER OF CHINA". They are a plant of exotic beauty when in full bloom . . . the plant is simply "loaded" with immense flowers often measuring 8 to 10 inches across, and have a texture of fine crepe silk, and incomparable fragrance. Tree Peonies are a low, many branched shrub, growing 4 to 6 ft. in height, but spread gracefully, growing larger and more beautiful each succeeding year. For all their exotic beauty, are very easy to grow . . . they flourish in any climate and in any good garden soil. They are extremely hardy, long-lived and disease-resistant. Unlike herbaceous peonies, these woody plants do not die back to the ground in winter. A sunny location is preferred (do not plant near tree, especially Elm), and protection from strong winds. Do not cut back any woody branches; simply remove the faded flowers to encourage setting buds for the following season. Colors offered are red, pink, purple, and white. Specify color wanted.

Colorful PHLOX

These are Northern-grown — the very best strain. We are offering 10 of the best varieties . . . each a different color. All strong, field-grown plants, which will bloom this summer.

PRICE: All varieties listed, 55c each; 3 for \$1.45; 6 for \$2.15.

American Beauty. Large flower heads in the most beautiful American Beauty-pink.

Brigadier. Large heads of orange-flame.

Bluette. Soft lavender-blue with delicate pink shadings without a trace of violet. Good blue.

Pink Charm. Bright clear pink, scarlet sheen.

Prunella. Large heads, of live shade of deep purple.

Sir John Fallstaff. The largest of all Phlox. Huge luminous salmon-pink bloom.

Symons - Jeune. Huge heads of rose-pink flowers with clear crimson eye.

Starlight. Rich violet with sharply defined white star in center of floret.

Fairy's Pettycoat. New. Pastel pink with deeper eye.

White Admiral. Enormous heads, on 30" stems. The best white; late blooming.

Glorious Colors To Brighten Your Fall Garden!

Imagine a perennial which produces hundreds of blooms at one time. When these plants are fully matured, they are so completely covered with bloom, and the colors are so intense, the sight is positively breathtaking. Customers have reported as many as 500 to 700 blooms on one well matured bush at once. These beautiful, showy "Mums" make a rounded, compact bush of immense size. Hardy and easy to grow. We are offering some of the newest and best of the "Cushion" type Mums below:

Cameo. Deep, rose-pink. The best.

Glamour. Fully double, non-fading deep purple.

Lipstick. Bright red, aging to rosy-red. Best in its color.

Midget Gold. Tiny, ball-like buttons of deep gold.

Pepita. Hundreds of beautiful white blooms on round, compact plant.

Rocket. Low growing, orange with bronze tints.

PRICE: 70c each; 3 for \$1.95;
6 for \$3.75.

The Rainbow Tree

Flowering Crab Tree!

**5 Varieties of Blooms —
All blooming on one tree**

We believe this is the first time this unique Flowering Tree has been offered to the Mail Order Customer . . . a tree that has been wanted for a long time . . . a Flowering Crab, with five varieties of blooms, all blooming on one tree. One limb each of the following species: Aldenhamensis, Almey, Eleyi, Hopa, and Dolga. When this tree is in full bloom in the spring, it is a sight not easily forgotten . . . altogether breathtaking! So pretty, makes one think of the beautiful Rainbows after a refreshing shower. Be the first in your neighborhood to have this unique tree . . . it will be the conversation piece of your neighborhood. Hardy and easy to grow.

**PRICE: 2-Yr., 4-5 ft. trees, \$3.95 each;
2 for \$7.50.**

Strawberry Tree

(Euonymus Europaeus)

One of the most beautiful fruiting ornamentals we have ever seen. The rigid branches are a perfect sight when carrying the extra large rosy red fruits resembling a Strawberry hanging on a tree. Flowers are yellowish-green and larger than most Euonymus. The fruit develops in late summer and hangs on long after the leaves have dropped; foliage colors a beautiful pink after the first frost in fall. Grows to a height of 6 to 8 feet, but may be kept trimmed when desired height is reached. Ideal for accent tree or shrub. Plant this Strawberry Tree with the Rainbow Tree described above, and you will have two unusual and beautiful ornamentals all season.

**2-Yr., 2-3 ft. trees, \$1.75 each; 2 for \$2.95.
3-4 ft. trees, \$2.15 each; 2 for \$3.95.**
